"I have never visited any community of the size of Hood River that had so much musical talent, and the scenery of the surrounding rangesides, while it is on more of a prodigal scale, takes me back to the lochs and brass of Bonnie Scotland. The past week of a singer doesn't dare expose himself, of the size of Hood River that had so much musical talent, and the scenery of the surrounding rangesides, while it is on more of a prodigal scale, takes me back to the lochs and brass of Bonnie/Scotland. The manufacture of the candied apples comes as the result of experi-ments conducted three years ago just before Christmastime, when Mr. Pratt was assisting his mother, wife of a Wenatchee fruit grower, in preparing holiday sweets. Mr. Pratt was then a student at the University of Washing-ton, where he was a member of the Phi Delta Theta faternity. Some of the product was distributed among fraternity brothers, and created such popularity that Mr. Pratt conceived the idea of making the sweets on a commercial basis.
