### POMONA GRANGE HOLDS ELECTION

A goodly representation of Hood River county's five Granges held the last meeting of the year at Park Grange Hall with C. P. Johannsen in the master's chair. Resolutions of general interest consisted of the appointment of a committee of 30, composed of five from each of the local Granges and five from Pomona, for the consideration of the county tax budget. A committee of five was elected from Pomona Grange for the consideration of legislation at Salem. This committee is composed of Brothers Mason, Robbins, Dunbar, Crouse and Sister Mary Frazier. A committee consisting of one from each local Grange to lay plans for the next annual Grange encampment was arranged for. The election of officers for the ensuing two years resulted as follows: Worthy Master: W. H. Bucher of Odell. Overseer: W. T. Kibbey of Park. Lecturer: Mrs. G. H. Stanton of Pine Grove. Assistant Steward: Earl Dunbar of Odell. Chaplain: Mrs. C. W. Wallace of Park. Treasurer: C. P. Johannsen of Parkdale. Secretary: J. R. Forden of Park. Gate Keeper: J. M. Taylor of Pine Grove. Ceres: Luella Hunt of Pine Grove. Flora: Mrs. Eleanor Masiker of Pine Grove. Lady Assistant Steward: Miss Mary Frazier of Park. The lecture hour consisted of an historical sketch of the founding of the Patrons of Husbandry, by the county deputy, Sister Dunbar, and songs by the Grange. The county deputy of Douglas County, Brother Bailey, gave a short talk of general and specific interest to all present. At the call for dinner about 70 people sat down to a tempting menu of four courses, which started everybody to talking. The sociability resulting, together with the prevailing good feeling throughout the day, made this, the eighth meeting of Pomona, a day not soon to be forgotten. The next meeting will be held at Pine Grove the second Wednesday in February, 1917. The historical sketch given may be summarized as follows: The Patrons of Husbandry was founded by seven men, among whom O. H. Kelly, the real founder, was a fur trader with the Indians and a clerk in the U. S. Department of Agriculture at Washington, D. C., at the time of organization in the national capital. William Saunders, the first master, was a landscape gardener at Germantown, Pa., and introduced the naval orange into the United States. Other occupations represented by the founders were farmer and clerk in the U. S. Treasury Department, a clerk in the postoffice department and member of the Masonic Order, a teacher, preacher, clerk in the Department of Agriculture, farmer and grape grower. Some of the leading accomplishments of the order during its 50 years of work are: rural free delivery, postal savings banks and parcel post, pure food laws, initiative and referendum and Grange life and fire insurance. The great and fundamental underlying principle of the order is the social and physical betterment of the farmer through its educational departments. Better homes, better social and community life prevails throughout the country because of its existence.

### Cameron Injures Hand

While handling pipes to be used in the new garage building being erected by the Hood River Garage Co., Mark Cameron last week suffered a painful injury to his left hand. One of the heavy pipes, dropping across his hand, severely bruised it. After a surgical examination had been made at St. Vincent's hospital in Portland, it was found that the injury was worse than had been at first thought. Several of the larger leaders had been severed and an operation was necessary. Mr. Cameron is now resting well. Erroneous rumors were current in town Saturday to the effect that Mr. Cameron had lost his hand.
