#### HOOD RIVER GLACIER, THURSDAY, FEBRUARY 1, 1917

# Hund River Glacier

#### ARTHUR D. MOE. Publisher.

#### Subscription, \$1.50 Per Year.

When subscribers desire a change in address this office should be notified promptly, and a week before if possible. Always give old ad-dress as well as the new. Also, Hood Biver subscribers should notify this office at once when changing their address from one rural route to another, or from city delivery to country delivery, or vice versa. If you do not get your paper promptly, notify as by mail or felephone and the matter will be investigated between the matter will be investigated

Except it pertain to live news matter, com-numications, or articles of a general nature bould be in the office by Monday to insur-neir appearing in the issue of the current week

#### THANK YOU, MR. CHAPMAN

(From the Oregon Voter)

Busy Portland men usually confine their newspaper reading to the big city scratching his head, trying to rememdailies, and forget that out in the state ber what firm the new arrival traveled there are published sterling, independent journals which are powerful fac- "turned down" were wondering what tors in promoting sound, wholesome magic the professor used to get the public sentiment.

While not so brilliant in editorial apolts News. expression as the city dailies which employ writers to comment on the issues of the hour, the country papers as a rule are edited by the men who own common-sense point of view.

ment of a citizenship that has the other in a period somewhat more than independence and ability to maintain eighty years at a mean distance apart itself in the open country, instead of drifting to the congestion of the me tropolis, every Portland business mar ought to subscribe for a few country distance between Jupiter and our sun. weeklies or small community dailies. And to make his wares known to that same independent and sturdy citi- Uranus from the sun. Thus the two zenship, he ought to include the coun- suns in Alpha Centauri rush around try papers as well as the city dailies in his advertising plans.

The Musical Department of the Woman's Club is to be congratulated on the good work done through the annuusl pupil's recital. The skilled "I envy you. You come in contact pianists and vocalists of the licod with all kinds of men. You actually River Valley should have the thanks know and talk to burglars and other of all local people for inculcating, not criminals. All I know about them is only in the minds of the young pesple, Now, the next time you meet a good who are studying, a comprehensive burglar I want you to send him to ma. understanding of music but for imbu- Give him a card to me and tell him I ing the older population with a greater will pay his cartare and expenses. I interest in this art. The work should want to talk to him and see how crimbe encouraged, for it will undoubtedly inals differ from other men." lead to a point when Hood River Valley will become known countrywide as next good specimen of a burgiar that a place of even more rare musical interest than at present.

#### BOTH ARE STRONG

Sidelights:

"Senator Wilbur, of Hood River, is York Globe. a Democrat and an inveterate pipe smoker. He is one of the strongest members of the Senate, which may or may not have to do with the fact that his pipe is indisputably the strongest pipe in that august body."

## The Way of the World.

A professor from Indiana university was attending a teachers' convention He desired to stay at a certain hotel, but when he arrived at the hotel he

found a crowd of teachers bemoaning the fact that all the rooms were taken "It won't do you any good to ask the

clerk," the professor was assured. "Just watch me," answered the professor. He tilted his derby to one side of his head and stuck a cigar in his mouth as he approached the clerk. "What the deuce is going on here, anyway?" he asked. "A Sunday school

convention?" he added, as he glanced disdainfully at the crowd of teachers in the hotel corridor. As the hotel clerk

smiled and volunteered the information that it was a school teachers' con-

vention, the professor grunted out the fact that he wanted a room. And he got it. The hotel clerk was

for, while the teachers who had been

privilege to sign the register,-Indian-

#### Two Distant Suns.

The nearest star to the earth is, as far as known at present, Alpha Centaurl, in the southern hemisphere. It them, and hence reflect a practical, is a double star, consisting of two suns, each about as massive as our sun and

To keep in touch with the real senti- slightly brighter, revolving around each of about 1,000 million miles.

But the orbit is so eccentric that at one point in the revolution the two suns are not farther spart than the while at the opposite point they are nearly as far apart as the distance of their common center of gravity, now

sweeping nearer to each other and now farther apart, all their evolutions being performed within a circuit much smaller than that of the solar system -New York Journal

## His Caller.

Some time ago Brown said to Smith what I read or imagine about them.

Smith promised to send along the

came his way and forgot all about the matter until some weeks later he received this letter from Brown:

"Your friend came, but I had not expected him professionally. If you will

tell him to bring back the family plate Says the Oregonian in its Legislative and Mrs. Brown's jewels you and 1 will resume social relations."-New

# **Bean Power Sprayers**

Are acknowledged by farmers to be the most satisfactory spray machine in the field today. It is built around a pump that is perfect in action and capacity and as the principal use of a spray machine is to spray trees, one without aperfect pump will always prove a disappointment. A BEAN POWER SPRAYER always GIVES SATISFACTION.
