The score at the end of the game was a tie, each team having 21 points, and it was necessary to play four extra five minute periods before we finally won, the final score, being 23 to 25 in our favor. Those who made the trip for Hood River were Coach Cohoon, Gassoway, Blowers, Vonder Ahe, Henderson, Spaulding, Slavens and Wright.

Since their recent defeat by our team the firemen have been firing away, at practice, and so have our boys. The firemen are bragging, but not as loud as they did last time. We have beat them at football and one basketball game this year and the final struggle is Tuesday. Come and root for your favorites. Friday our boys play 'he Dalles. day. Come and root for your favorites.

Friday our boys play The Dalles.
This game will be the last of the League games and will be played at The Dalles. Our boys are in the best of condition and hope to get even with The Dalles for winning the football game. Our sincere wishes are with them. The Dalles is our chief rival. Quite a bunch of rooters is expected to accompany the team.

Last Friday after school the Cruisers defeated the Dreadnoughts 6-10. The Dreadnoughts were not in the best of condition, because one of their best players was on the sick list. The final comes off some day soon and will be very interesting.

At assembly Wednesday Helia Huk-ari received her certificate for type-writing. Jessie Lewis, Helen Brosi and Clara Haas received their Palmer method certificates of penmanship. Dr. Conklin's lecture last Friday was

Sales of the ROYAL Typewriters in the past year have increased with amazing rapidity. The ROYAL has become the standard machine for such big corporations as the Pennsylvania Railway System, Metropolitan newspaper offices and the business offices of our own Uncle Sam.

The ROYAL has the lightest touch is the easiest running and is the most durable of all typewriters.

When the ROYAL arrives, the repair man departs. There's a Reason. We will tell you why.

If your old machine isn't doing the work, just drop into the Glacier office and have the new ROYAL on which is pounded off the copy you read each week demonstrated to you

The ROYAL makes letter writing a pleasure, and it is a pleasure for your correspondent to get a letter typed as only ROYAL can.

The ROYAL is made in two models-No. 10, The Master Model for office work, and No. 5, a machine that is a little smaller but just the thing for the rancher.

The Glacier has taken the Hood River County agency and will take pleasure in showing you the simplest and most durable typewriter made if you will just call at the office.
