THE SENATOR DECLARES HIMSELF. I LIKE W-B CUT TOBACCO AND INTEND USING IT JUST AS LONG AS I WANT TO, REGARDLESS OF WHAT ANY ONE SAYS OR DOES.

WHAT makes tobacco good is the sap there is in the leaf to start with and the way it's cured—some tobacco is sappier than others. If you take a big chew of W-B CUT, you may find it too rich for you. Take a little chew—it's made of fine, sappy, leaf; there's a lot of tobacco satisfaction stored away in it. The touch of salt brings it out, without so much chewing; and a little chew lasts and satisfies.

SCHOOL INDUSTRIAL CLUBS ARE ACTIVE

Three hundred of the grade school boys and girls, according to Prof. L. E. Gibson, are registered in industrial club work as fostered by the extension department of O. A. C.

"The older boys and girls, too," says Prof. Gibson, "are now busy in some form of farm work, and the younger ones are helping to produce the biggest crop of food products ever planted in Hood River."

Prof. Gibson has received instructions from the Agricultural Defense Council calling for the enlistment of school boys under 21 years of age in the army of laborers. The school superintendent, however, thinks there is no necessity to wage such a campaign locally.

"If boys want to register," he says, "we will register them, but we find that such formality is not necessary here, for all the young men under age are already hard at work in orchards and fields."

Japanese to Join Red Cross

Within the week the Hood River Chapter of the Red Cross will have an auxiliary branch composed of about 150 Japanese. The local Japanese colony, numbering more than 400, is composed chiefly of prosperous fruit ranchers. A week ago about 200 Nipponese berry growers each donated a crate of extra fancy fruit to the Red Cross, but the Japanese expressed a desire to assist further and Sunday's action by an assemblage of Japanese farmers followed a conference with members of the Red Cross executive board. With the affiliation of the Japanese subsidiary, the Hood River Red Cross membership will reach about 1200.

Insanity Suspect Recovered

Swan Swanson, brought here last week from Dee an insanity suspect and found to be ill, has recovered sufficiently to be returned home. Swanson was delirious when brought to the city. He escaped from the hospital in his night clothes, and ran the full length of a residence street with a corps of nurses in pursuit. A bed was put in the city jail, and with a special nurse in charge Swanson was placed there. According to the man's neighbors, Swanson is parsimonious, and his illness resulted when he would not buy the simple medicines his condition required.

Ollie S. is Sold

The Ollie S., a large gasoline launch, formerly used in mid-Columbia passenger service, which was sold recently by Dean & Shepler, was built by the local men in 1911. Finding it unprofitable to operate the big craft as a local passenger carrier, the Ollie S. was put into service as a halibut fisher off Newport.

Dr. Edgington Gets Prized Heirlooms

Just arrived here from Newburg, Ind., for a visit with the family of her son, Hubbard Taylor, Mrs. Perry Taylor brings to Dr. Jesse Edgington a number of family heirlooms, property of his mother, that he had not seen for 60 years.

The articles were sent to Dr. Edgington by his sister, Dr. Mary Phelps, a physician of Newburg. Among the heirlooms is an ivory handled fan which Dr. Edgington's uncle, a sailor of the days when American clippers called at the ports of the world, brought his sister from China.

Dr. Edgington's parents both died when he and his sister, the only surviving members of the family, were very small children. The sister was adopted by a neighboring family, taking her name. Both studied medicine and made the work of physicians their life profession.

Rid of a Lingering Cough

Cold weather persisted so late this year that many more persons have colds than ever before at this season. You can get relief from racking, hacking coughs, from wheezy, sneezy breathing, from raw throats and tight chests, W. G. Glazier, Bentonville, Ark., writes: "I can recommend Foley's Honey and Tar Compound. I used it for a cough that I had for years and was said to be incurable, but it cured me." Contains no opiates. Children like it. Sold everywhere.

Thanks

Carby Post No. 16, Grand Army of the Republic, wishes to express its thanks to the automobile owners for their assistance so generously given in carrying the old and infirm veterans to and from the cemetery on Decoration Day. It also gratefully remembers the presence of Twelfth Company Artillery and the assistance it gave in the exercises of the day. The participation in the parade by the Knights of Pythias attested their patriotism and loyalty of the Guard of Honor Girls was gracefully shown by following the folds of Old Glory. The schools covered themselves with glory and honor and the whole community should feel proud of their work. All of which is warmly acknowledged by the Post Commander.

Forethought

People are learning that a little forethought often saves them a big expense. Here is an instance: E. W. Archer, Caldwell, Ohio, writes: "I do not believe that our family has been without Chamberlain's Colic, Cholera, and Diarrhoea Remedy since we commenced keeping house years ago. When we go on an extended visit we take it with us." Obtainable everywhere.

Make Work Easier

Hood River People Are Pleased to Learn How It Has Been Done.

It's pretty hard to attend to duties with a constantly aching back. With annoying urinary disorders, Doan's Kidney Pills have made work easier.

So thousands have greatly testified. They're for bad backs. They're for weak kidneys. Hood River people gratefully recommend Doan's.

Mrs. F. B. Snyder, 1223 Durham St., Hood River, says: "I suffered a great deal from kidney and bladder trouble. For about a year I was hardly able to do my work. It took the life right out of me. My back ached across my kidneys all the time. My kidneys caused me a great deal of misery and the secretaries were unnatural. Doan's Kidney Pills soon relieved that awful misery in my back and my kidneys acted more regularly. Four boxes cured me and since then I have been free from kidney trouble."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that cured Mrs. Snyder. Foster-Milburn Co., Props., Buffalo, N. Y.

STORAGE LAW SPELLS RUIN FOR FRUIT

Telegraphic messages received here by fruit sales agency officials from representatives of Northwest fruit growers now in Washington to fight the proposed 15 per cent rate increase on fruits announced that provisions of Senate Bill No. 315, now up for consideration, which makes it a felony to store food, will work disaster to fruit districts. It prohibits anyone from acquiring and holding for purposes of limiting the supply or enhancing the market price temporarily or otherwise any article of human food.

Growers have been called on to communicate with their congressional delegation and protest the provisions of the bill.

Such provisions would be decidedly unfair to Northwestern fruit growers," says C. W. McCullagh. "The apple crop is harvested for the limited period of about three months in the fall, but it must supply consumers for a period of 12 months. If the law provides that the entire crop must be thrown on the market at once, it will spell ruin for fruit men."

It is announced by the Fruit Growers' Exchange that the Northwestern Fruit Exchange, with which the Exchange is affiliated, has already telegraphed to every congressman from Oregon, Washington, Idaho and Montana to the effect that legislative interference with normal legitimate storage of apples will destroy markets of Northwestern growers and bring wholesale ruin. The message states that the proposed law will defeat the government's own policy of food conservation and will impose impossible burdens on transportation facilities.

AT NEW ELECTRIC

Today

Beautiful Enid Bennett will be seen in her first Triangle screen appearance, "Princess of the Park." Also a one reel Triangle comedy.

Friday and Saturday

Owen Moore and Irene Fenwick will be seen in a tale of the world's greatest amusement center, "Coney Island, in 'A Coney Island Princess.'"

Tuesday

Tuesday, one day only, Marie Doro in a picture adaptation of Chas. Dickens' great story, "Oliver Twist," one of the latest screen triumphs. Also a Pictograph.

Hazel Holland at the Organ.

Lumber Business Stimulated

The recent demand for materials has stimulated to a marked activity the local lumber business, especially among the smaller mills. Within the next 15 days, 85 men will be employed in camps and small mills in the forests on the mountain range west of the Valley. The Lausmann Lumber Co., with a plant in the West Belmont district, is employing 40 men. This concern will begin the operation of the Bathton planer of the Stanley-Smith Lumber Co., which was closed down last fall.

The Phillips Lumber Co. is ready to start a new mill in Post Canyon with 25 men employed. The Mitchell Point Lumber Co. writes and anticipates its mill just west of the Mitchells Point tunnel on the Columbia River Highway. The total daily capacity of the three mills will reach 65,000 feet.

Indians Run Amuck

Toy Toy, a member of the Indian colony residing just east of the city, in his zeal to entertain his kinsmen, Jim Joyce and Jim Moore, of Celilo, purchased four bottles of lemon extract Saturday night. Crazed by the concentrate the three bold Redmen were engaged in a frenzied war dance when city officers arrested them and committed them to jail.

In the cramped quarters of a small steel cell, the Indians became quiet and offered to remain peaceful if allowed the freedom of the prison's main room. Their wishes were granted, and after an hour's absence, the jailer returned to the prison to find its entire contents wrecked.

The arrest of the Redmen has led city officials to renew the ban on the sale of extracts in quantities.

Berry Hands to Get Increase

Strawberry pickers of the Mid-Columbia will be given a material increase in wages this season, according to plans of the local growers and those of the White Salmon and Underwood, Wash., districts. Pickers this season will receive eight cents per carrier. Their wages last season were 7 cents per carrier, provided they remain throughout the entire season. A schedule of 15 cents has been made for packers with a bonus of three cents.

Last season pickers received 7 1/2 and 8 cents; and packers, 12 and 15 cents.

This Safety Removes Worms.

Worms are a common disease of children and every mother should know their symptoms. Salivary complexion with dark circles under eyes, irregular bowel movement with stomach hard or swollen, grinding teeth or itching may mean that Kickapoo Worm Killer is needed at once. It is a mildly laxative remedy in candy tablet form that children like. Kills and removes the worms and lets the child grow strong and healthy. At druggists, 25c.

Cherry Crop Normal

Although the bloom was the heaviest ever seen here, the Hood River Valley cherry crop will not be greater than on normal seasons. Lack of pollenization has caused the immature fruit to drop heavily the past 10 days.

J. R. Numamaker says that the weather at the time of the bloom was so gloomy that insects were not out to carry the pollen. Mr. Numamaker estimates his crop for the season at 40 tons.

Just What She Needed.

When women complain of weariness, loss of strength and vitality, backache, pains in sides and hips, dull headaches, dizziness, floating specks, and similar ailments, they too often accept these troubles as their lot because they are women, when the ailments may be the results of disordered kidneys. Mrs. Mary V. Bunker, Milton-on-the-Hudson, N. Y., writes: "I am now on my second bottle of Foley Kidney Pills. They seem to be just what I needed." Try them. Sold everywhere.

Bids Wanted.

Wanted—Bids for 25 cords of sound body fir wood to be delivered in the basement of the Oak Grove School house by the first of August. E. A. Jaku, clerk.

MISS CASTNER PRESENTS FLAG TO SCHOOL

The presentation to the school of a handsome silk flag formed the most impressive feature Thursday evening of the graduation exercises of the class of 1917. The banner was presented to Dr. C. H. Jenkins, chairman of the school board, by Miss Frances Lillian Castner, class president.

Miss Castner, who is but 15 years of age, has made a remarkable record in high school. During her four years of work she has never had to take an examination, because of the high average of her daily work. Her grades have never fallen below 90 per cent.

Accompanying her grandfather, Judge George H. Castner, the young graduate left Tuesday to spend the summer visiting friends and relatives at eastern and middle western points. While away Judge Castner and his granddaughter will attend the National Grand Army encampment at Boston.

Miss Castner presented the high school with the flag in honor of the members of the graduating class, the first ever to furnish its country with fighting men, who have answered the call to the colors. Three of the 1917 classes, Karl Vonder Ahe, Clifford McDonald and Arthur Loftis, are in the Navy, and two others, Leon Bentley and Sidney Carline, are members of the Twelfth Company, Coast Artillery.

Stopped His Backache. George Lawrence, railroad fireman, Kittrell, Miss., writes: "I used three one-dollar bottles of Foley Kidney Pills when I was so sick I hardly could stay on my engine. My back ached all the time; my kidneys acted sluggish; dull headaches; felt sleepy all the time; nervous; had to rise six to eight times each night. Foley Kidney Pills cured me." They strengthen the kidneys so they can filter out of the blood the uric acid and other waste matter which cause rheumatic pains, backache, stiff joints and sore muscles. Sold everywhere.

KOVERALLS Keep Kids Kleen. The most practical, beautiful, plaine garments ever invented for children 1 to 8 years of age. Made in one piece with drop back. Easily slipped on or off. Washed. SUMMONS

In the Circuit Court of the State of Oregon, for the County of Hood River. Scandinavian-American Savings Bank of Astoria, Oregon, a corporation, Plaintiff, vs. R. F. Marquis and Kate H. Marquis, husband and wife, L. E. Kellogg and Gertrude D. Kellogg, husband and wife, Associated Fruit Growers of Hood River, Oregon, a corporation, E. E. Benson, as Receiver of the Associated Fruit Growers of Hood River, Oregon, and Charles A. Merriam and Nettie M. Merriam, husband and wife, Defendants.

To R. F. Marquis, Kate H. Marquis and Associated Fruit Growers of Hood River, Oregon, a corporation, some of the defendants above named: In the name of the State of Oregon: You are hereby commanded to be and appear in and to the court in the above entitled cause, on or before the 23rd day of July, 1917, then and there to answer and answer to the complaint filed against you in said suit, and if you fail to appear and answer, for want thereof, the plaintiff will take judgment and decree against you for the sum of \$1,000.00, together with interest thereon at seven per cent per annum since the second day of January, 1916, costs and attorneys fees, and will apply to the court for a decree foreclosing the certain note and mortgage for \$600.00 given on the second day of January, 1911, to plaintiff by defendants R. F. Marquis, Kate H. Marquis, L. E. Kellogg and Gertrude D. Kellogg, bearing interest at the rate of seven per cent per annum on the following described real property, and forever foreclosing all your right, title, interest, estate and equity of redemption in and to the following described property, to-wit: Being all and situated in the County of Hood River, and State of Oregon, and more particularly described as follows, to-wit:

All of the West 1/2 of the Northeast 1/4 of the Southwest 1/4 and the Southeast 1/4 of the Northeast 1/4 of Section 5, Township 2 North, Range 10, East Willamette Meridian, all of which is situated in Hood River County, Oregon, together with all tenements, hereditaments and appurtenances thereto in anywise belonging, and for such other and further relief as to the court may seem meet and equitable.

This summons is published pursuant to the order of the Honorable W. L. Bradshaw, Judge of the above entitled court made and entered on the 4th day of May, 1917, directing publication of summons once a week for six consecutive weeks in "The Glacier," a newspaper of general circulation in the County of Hood River, Oregon, and the date of the first publication of this summons is May 17th, 1917, and the date of the last publication of this summons is June 27th, 1917. NORBLAD & HESSE, Attorneys for Plaintiff.
