ODELL

Relatives and friends of Will Haskins are rejoicing over the fact that he was able to be brought to Hood River Thursday. He is reported gaining slowly and indications are more encouraging than at any time since his illness.

Peter Jochimsen passed away at his home last Friday. He was a native of Germany and was born June 11, 1836. Last year he and his wife celebrated their golden wedding anniversary and Mr. Jochimsen's 80th birthday anniversary. He and his wife were pioneers in Odell, where by thrift and industry they acquired valuable farm property, which they sold a few years ago. Funeral services were held Sunday afternoon in the Lutheran church on the West Side. The remains were interred in Idleville cemetery. Mr. Jochimsen is survived by his wife and the following sons and daughters: H. P. Jochimsen, of Odell; H. F. Jochimsen, of Dallas; Mrs. R. E. Miller, of Odell; Mrs. E. Vaughn, of Portland, and W. E. Jochimsen, of Estacada, who have the sympathy of many friends.

L. Gross, who is interested in the plant of the Hood River Valley Products Co., is now at home in the A. B. Shelley property in Odell.

Miss Elizabeth Lacey, of Silverton, is visiting at the home of her friends, Misses Olga and Edna Flog.

While employed at the cider factory Engineer Chas. Smith lost a finger which had become entangled in the machinery which operates a pump.

A carload of cider in casks was shipped from Odell Monday. A carload of apples of the grade known as

cookers was also shipped from the cider plant Monday.

Tuesday morning 15 refrigerator cars were in the yards at Odell. Up to this date this is the largest number of cars waiting at this point when no train was in, and is evidence of Odell's growth as a shipping point.

There will be a short business session of the grange tonight.

J. W. McDonald, of Bend, came down Sunday to make arrangements for moving to Bend where he has been employed. Mrs. McDonald has left the home here until now, when the property will be rented.

A party of young people serenaded Mr. and Mrs. Everett Vose at the home of Mrs. Vose's parents Mr. and Mrs. James English, last Monday evening. These young people are well known in Odell, both having been members of the graduating class of Odell union high school last year. The groom is a son of Prof. and Mrs. V. M. Vose and is known as a young man who has been found worthy and held a position of responsibility. The bride who is best known as Beatrice English, has been from the days when she was a small girl capable in culinary art and in all that goes toward home making.

Because of the fact that our nation is now at war the plans of these young people must now be secondary to those of the military branch of our government, and with this condition to face tender them the usual good wishes with an undercurrent of sincerity that can come to us only under circumstances similar to those in which we as people of a nation engaged in a world war now find ourselves.

A short program and one of those satisfying hot meals at Central Vale

school house Friday, tomorrow, night. Serving to begin at 6:30 and continue until 8 o'clock.

Mr. and Mrs. J. W. Haviland, of the local telephone exchange, are enjoying a two weeks' vacation. Mr. Haviland, with P. J. Lenz, will go for a hunt in the Blue mountains and Mrs. Haviland will visit her sister, whose home is in Spokane, Wash.

October 28-November 4 is the time set for the food pledge card campaign. What is required of one who pledges all these cards is not more than frugal families have practiced and found sufficient for their needs and it does not mean any great sacrifice, while the total in food conserved will reach an astonishing figure. Let us one and all be willing learners, then practice what we learn.

Usual announcements at both churches.

PINE GROVE

Miss Mary Hawkes was a visitor at the home of Dr. and Mrs. Sifton on the West Side a few days last week.

Mr. and Mrs. W. B. Lamb were guests of their daughter, Mrs. J. B. Davis, last week, arriving Tuesday from the east where they had spent two months, and returning to Portland Saturday.

Fred Tooley, from Ortley visited friends in the community last Sunday.

Mrs. Stella Lewis spent two weeks at the home of her brother, H. M. Vannier, returning to Portland for a brief stay. She intends to spend the winter in New York.

Mrs. Otto Payne and Mrs. Vandemar Jensen returned to their homes in Port-

land the early part of the week, after spending three weeks in the apple harvest at the J. G. Jarvis ranch.

Friday afternoon of this week Frances E. Willard day will be observed in the school building exercises to commence at 2:30 directly after recess.

Mrs. S. R. McDonald and Mrs. E. C. Newham will have charge of the program. This day was given appointment through act of the last legislature, which designated the fourth Friday of October for this observance in all of the public schools of Oregon.

Corporal Harold Blackman was home last week on a five days' furlough. There will be regular services at the church next Sunday morning. Sunday school at 10 o'clock and young people's meeting in the evening.

Rev. Newham's sermon subject for Sunday morning service will be "When it is Right to Fight."

FRANKTON.

Mrs. J. W. Hinrichs, one of Frankton's former residents now living in Hood River, was visiting her daughter, Mrs. Carl Larson, last week.

Mrs. Frank Caddy, now living near Gresham, Oregon, was a week end visitor in Frankton. Mrs. Caddy is a sister of Mrs. Warren Miller and formerly resided on the ranch now owned by Mr. Kestner.

The Russian thistle reported last week to have been found on an East Side ranch and to have been the first in the valley, was not the first. Several years ago they were discovered on a ten acre tract in Frankton, but were exterminated before they spread to adjoining ranches.

C. Hayes, living now in Hood River, has purchased the four acre tract between the J. O. Eastman place and the road and will build a house on it in the spring.

Owing to several reasons, but mostly too much work to be done in too short a time, school had to be delayed another week longer, but will start next Monday.

Mrs. Geo. Soule and daughter, Winnie, are visiting in Frankton during the apple harvest. Mrs. Soule is a sister of Wm. Eby and formerly resided here, but removed to Benton county several years ago.

Roy Nicholson, one of Frankton's promising young men who recently enlisted to defend Old Glory and has been in camp at Vancouver barracks since left last Monday evening for Fort Madison, New York. Roy's father is a railroad engineer on the Rock Island railroad, running on a division in one of the Dakotas, but will go to St. Paul, Minn., to meet and part with his son on his way east.

Last Sunday about 40 of us, more or less (we didn't have time to count them) were invited to a surprise dinner at the home of Wm. Eby. The dinner was given in honor of Mrs. Mimmie Soule, it being her birthday, and to say that she was surprised is putting it very mild. All that your scribble could do was to eat and run, as we were laboring that day.

Will Martin, head sawyer at the Post Canyon mill, was sent to the hospital Monday. He was struck on the knee by a cant hook.

DEE

Born—To Mr. and Mrs. Arlo Ingles last Wednesday, October 17, at Ingles, Ore., a son who weighed in at nine pounds. Mother and boy doing nicely.

S. G. Campbell, of the Apple Growers Association, visited a number of ranchers here Saturday on business connected with apple packing.

S. G. Emilio left for Bingham Canyon, Utah, Friday after a two weeks' visit with his family and other relatives.

W. L. Kirby and C. B. Compton were in Hood River last week on business.

Mr. and Mrs. R. A. Collins and Mrs. John R. Edgar motored to Hood River Saturday on a shopping expedition.

Mrs. Snerman Lafferty and son, Doane, returned from Portland Tuesday, where they have been visiting relatives.

George Wirrick has accepted a logging position at Linton, Ore., where he will remove his family shortly.

Mr. and Mrs. H. W. Whitely and daughter, Eleanor, left Thursday in their touring car for American Lake, Seattle and other points.

J. E. Ford has accepted a temporary position with the Mount Hood Railroad Company as an extra engineer.

Messrs. Blowers, Bentley and Cruikshank, of Hood River, canvassed this community Sunday afternoon in the interests of the Liberty Bond project and succeeded in raising approximately two thousand dollars locally.

Beginning next week, from October 28 to November 4, inclusive, the nation wide food conservation campaign will be in full swing. Supt. Gibson, of the public schools, has been appointed county food administrator and the local committee consists of Messdames Crenshaw, Horbell and Williams. A considerable proportion of the publicity work in this conservation drive will be carried on through public school mediums. It is the aim of the food administration, of which Herbert C. Hoover is the head, to secure the signed pledges of 20,000,000 homes in America to follow out the recommendations as fully as possible in the saving of staple foods.

For the laudable purpose of procuring funds with which to purchase material used in teaching basket weaving in the school an interesting Halloween entertainment will be held at the school house next Saturday night, beginning at 8 o'clock.

MIDDLE VALLEY

C. B. Jensen writes from Redland, Calif., that they have had a very dry and warm summer. That the fruit is all burned up from heat. When he wrote, about a week ago, the thermometer registered 80 degrees. Mr. Jensen says never will he spend another summer in California. He owns an orchard tract in Middle Valley.

Mr. and Mrs. C. J. Calkins called on Mr. and Mrs. O. L. Worden Sunday. Mrs. E. E. Calkins returned home with them for a few weeks in Hood River.

Prof. Gibson, county superintendent, called at Middle Valley school last Friday and left Herbert Hoover pledge cards to be distributed to the different homes. Everyone should do all they can toward the conservation of food.

Ladies Aid met with Mrs. Hodges on Saturday, with a good attendance. The next, "Red Cross," meets with Mrs. J. M. Lenz next Saturday afternoon. Every one welcome.

Mrs. Elizabeth Curtis and pupils attended the social at Mt. Hood Friday.

Mrs. G. M. Crane, of Parkdale, arrived Sunday evening to help O. L. Worden with the apple harvest.

The work on Booth hill is almost completed and a fine roadbed made. This certainly is a boon to Upper and Middle Valley ranchers.

Mrs. Byrd, of Hood River, spent the week with her daughter, Mrs. Frank Clemons, and family.

Mrs. Elizabeth Curtis spent Sunday with Mrs. Will Edwards, of Mt. Hood.

Stanley Walters is packing apples for Elppa Orchard Co.

Every one is so busy that it is hard to get news from the valley.

M. H. Craft is picking C. J. Calkins' apples.

Miss Velma Vauthiers, of Yale, Wash., was the guest of Mrs. Charles Shaw one day last week.

Miss Dorcas DeWitt spent Saturday and Sunday at Hood River with her parents.

Harold and Robert Ruch were ill last week, but are much improved at this writing.

A. C. Jordan is having his grubbing machine moved this week down on the Highway where he will work for about four months.

John Vauthiers, of Yale, Wash., is up looking after his ranch this week.

L. B. Gibson, Hoover representative for this county, was at Mount Hood Friday organizing the food pledge card campaign with the teachers. Miss Johnson was appointed chairman of the work.

The Parent-Teacher Association held their regular evening social last Friday evening. Miss Johnson and Mrs. E. C. Miller were in charge of the program, which was very well gotten up. Mr. Gibson gave a speech on Hoover economy. He also suggested that the Parent-Teacher Association buy a piano for the school as their special work for this year.

Mrs. Craft and Mrs. Elizabeth Curtis, teacher at Middle Valley, with most of her school children, attended the Parent-Teacher Social Friday night.

SUFFERING FROM COLD If you shiver in frosty weather, if you have cold hands and feet, if colds are stubborn and frequent, then your blood may be thin and impoverished.

SCOTT'S EMULSION

has been correcting this condition for nearly fifty years. It possesses rare powers for creating natural body warmth, for charging summer blood with winter richness and strengthening both throat and lungs.

The Norwegian cod liver oil in Scott's Emulsion is now refined in our own American laboratories which makes it pure and palatable. Scott & Bowne, Bloomfield, N.J. 17-12
