WHAT HAVE YOU DONE?

Day by day, as definite news filters through from the front line of trenches in France, where our boys are now shoulder to shoulder with our Allies, and is cabled across the Atlantic, we are brought more and more to a realization of the grim necessities of war.

And war has been the choice of America. Grim battles under, on and above the surface of the earth are now confronting our home boys. But they are faced toward that one goal, victory, and great will be the rewards thereof.

Their sacrifice of those boys and their parents, is supreme. Hundreds of thousands of other mothers and fathers have given their boys. The time has come when all of us must make every sacrifice possible.

With mist clouds, instead of the dimming haze of smoke, enveloping the high points of the Columbia gorge, with the raindrops singing lullabies at nighttime on our roofs, we of Oregon are again feeling normal, thank you.

Those Hoover food pledge cards that hang in practically all Hood River homes are not mere ornaments. Live up to them; make them the daily rule of life at meal time and the preparation thereof.

Be ready for the call of the Y. M. C. A. soliciting teams next week. Have your appropriation ready. Let Hood River supply her quota in a record time.

Join the big force of Americans next Sunday and write a letter to some soldier boy. And do not let that single letter suffice. Proportionate to the effort you can do nothing that will be more highly appreciated.

We need an Indian George to tell us when it is going to snow and whether or not the approaching winter will be severe. Don't forget that three cent stamp for out of town letters. Just meet me at the Red Cross ball. Hoop'er up for Hoover!

you may expect just such calls at frequent intervals. The more promptly the loyal citizens of America respond to those calls, all the sooner will the war end.

So be prepared for these expected calls. Arrange your future affairs, thinking not of selfish pleasure, but of the needs of your country. Prepare a budget for the next year's expenses and include therein contributions for the Red Cross and such work as that being conducted by the Army Y.M.C.A.

TAXES TO DECREASE Thank goodness, Hood River taxes are to be less. Completing the 1918 budget of city expenses, the city council Monday night announced that the city tax levy for the coming year would be 1 1/2 mills, less than that of last year by 1/2 mill.

City Recorder Howe states that the city's floating indebtedness is \$4,36.02 at the present time. Despite the fact that next year's tax will be less than on this year, Mr. Howe states that next year will end with the floating indebtedness practically wiped out.

As one of the newspapers of Oregon the Glacier takes a pride in reprinting the following extract from the report of the Publicity Committee of the Liberty Loan State Central Committee:

To the Oregon press is due more than to any other one factor the success obtained by the Liberty Loan campaign in Oregon. The volume of press clippings is beyond anything the writer ever beheld.

"Apple Allies" is the name of a new confection proposed by the Northwestern Fruit Exchange as gifts for soldier boys now abroad in expeditionary forces. Sugar is scarce and sweets in any form will be appreciated by the boys at the front.

Somebody is all the time after us to give."
