THE DALLES IS FINALLY DEFEATED

(By Referee Earl Weber) Verily, it is a long lane with no turning.

All of which merely signifies that the Hood River high school football team, after being defeated by The Dalles high school team for fifteen consecutive years, finally came into its own last Friday on Gibson field and defeated the heretofore unbeatable by a score of 20-13, a score which would indicate an evenly fought contest, but which in reality was so decisively a Hood River victory that the several hundred persons who witnessed the game are still wondering why Hood River didn't score at least 20 more points.

Three times in one quarter Hood River backs, nervous and over-anxious, fumbled the ball within The Dalles 10-yard line, and twice later in the game were held for downs on the six-inch and 18-inch lines respectively. Fully four-fifths of the game was played in The Dalles territory and once only was Big Foot Bailey called behind the line to put his toe to the pig skin. And right here let it be said that Fat Bailey, playing his first year on the team, played a game of ball that will long be remembered by all who saw that game. Time and again he flung his 200 pounds of beef against The Dalles line and made openings large enough to drive a Ford through.

Hood River won the toss and Capt. Bailey chose to receive the kick-off. After Vonder Ahe ran the ball back to the 35-yard line Henderson, Hicks and Blowers tore The Dalles line to shreds and in three minutes the ball on The Dalles three yard line, from where Blowers took it over for the first touch down. Bailey converted the goal amid an uproar that was almost deafening. The Dalles team then elected to receive the kick-off and the Hood River line was subjected to a fierce onslaught by The Dalles backs, which carried the ball to Hood River's 30-yard line. Here the blue and white line braced and took the ball on downs, only to lose it on a fumble after Henderson and Vonder Ahe had reeled off 16 yards through tackle. The Dalles then by cross bucks and shift plays carried the ball to Hood River's 15-yard line, where a Dalles back on a nicey excepted cross buck carried the oval over the line. Zigenhagen made the score 7, all by kicking goal.

Hood River again received the kick-off and starting on their 30-yard line, Hicks, Henderson and Vonder Ahe riddled The Dalles line and Vonder Ahe on a beautiful plunge placed the ball on The Dalles 10-yard line. Here Blowers fumbled and The Dalles kicked to the middle of the field, only to have Henderson and Vonder Ahe of their line and bring the ball back to The Dalles 14-yard line in three downs, when the quarter ended.

Starting the second period Blowers attempted a drop kick, but The Dalles right end broke through the line and Capt. Bailey recovered and made first down on the six-yard line. Here Hood River's back field began treating the ball as they would a small fox germ and The Dalles recovered fumble number one and kicked to safety. Twice more Hood River carried the ball inside The Dalles 10-yard line, only to fumble and let The Dalles kick out of danger. But Hood River would not be denied and the fourth attempt of the quarter proved successful. On the four-yard line Beans Blowers spat on his grimy paws and dove over the last white mark with the coveted pig skin buried beneath him.

Fat Bailey again converted the goal and following his subsequent kick-off, the first half ended with the ball in The Dalles possession in the center of the field. Score Hood River 14, The Dalles 7. Second half Bailey kicked-off to The Dalles 15 yard line and The Dalles returned 15 yards. The Dalles made yardage twice and were then forced to kick. Hood River's line plunging was again in evidence and the ball was returned to The Dalles 30-yard line when a fumble resulted in the ball changing hands. The Dalles was unable to advance the ball, due to some excellent tackling by Wirrick and Hicks, and kicked to Hood River's 30-yard line.

Hood River again started on a procession down the field and was not stopped until Blowers was thrown on The Dalles six-inch line on the fourth down. The Dalles kicked and Blowers playing the ball safely, let it roll to his 30-yard line. Again the terrific plunging of Hicks, Bailey and Henderson, abetted now and again by Vonder Ahe carrying the ball for six and eight yards and Beans contributing his bit, brought the ball back to the four-yard line. Fat Bailey was called on to make the distance, but could only do two and a half yards. Again Gavin kicked from behind his own goal line and Hood River was held for downs just as the quarter ended with the ball on The Dalles 40-yard line.

The final quarter started with The Dalles carrying the ball to Hood River's 30-yard line, where the ball passed into the possession of the locals, due to The Dalles' failure to make yardage. Then came the feature play of the game; the play that nearly caused heart failure to the Hood River supporters, but that carried The Dalles contingent to heights higher than Mount Hood. After three unsuccessful attempts to penetrate The Dalles line Hood River was forced to punt for the only time of the game. Bailey kicked from his 30 yard line and the ball rolled out of bounds on The Dalles 8-yard line. Here on a quick line-up and start Howsley skirted Hood River's right end for 92 yards and a touch down. Blowers fell on his attempted tackle and Howsley had a clear field for the last 50 yards. Zigenhagen, however, was true to the goal, and the score read 14-13.

Hood River received the kick-off and after twice fumbling and recovering proceeded to puncture The Dalles' now tired line and from the 18-yard marker Blowers went through right tackle, dodged the secondary defense, and planted the spheroid over the line for his third touchdown of the day. Bailey missed a difficult goal. Hood River kicked-off and with three minutes left to play The Dalles resorted to forward passes and had made 30 yards on three passes when Hicks spilled the limas by intercepting a pass and returning it 20 yards. Henderson made a gain of eight yards and then the timer's whistle announced the close of the game.

For The Dalles Capt. Gavin, Zigenhagen and Sexton showed to advantage, while for Hood River Henderson and Blowers were the principal ground gainers, and Hicks and Bailey Bros. were demons on defense.

The game was clean and the penalties few. The Dalles was set back once for five yards, while Hood River lost 14 yards on four penalties; two of two yards each for having time taken out of Blowers, who was handled without gloves throughout the four quarters.

The Dalles brought down a goodly sized crowd of rooters and between

halves both teams' followers did a serpentine on the field. Hood River's rooters were for the most part of the fair sex, and they roared continuously from whistle to whistle.

OIL HEATED FRUIT REACHES NEW YORK

A telegram from Sam G. Campbell, who with Geo. W. Friday is in charge, received by the Apple Growers Association last week announced that the first fleet of 25 specially prepared and oil heated box cars has reached New York with the apples in perfect condition.

"Friday and I need baths and sleep," stated Mr. Campbell's wife, "but apples in every car o. k." The second special train of box cars loaded with the valley's fruit has passed Omaha in fine shape. A third train is also en route. Each of the cars was heated with one of the Standard Oil Company's Perfection oil heaters which are offered for sale by all local hardware dealers.

APPLE SHIPPERS LOADING TO LIMIT

Following the recommendations of the railway national council of defense E. L. Ferguson, general freight agent of the Union Pacific system, has issued instructions to division superintendents that sets the minimum load for refrigerator cars at 750 boxes of apples. All shippers of apples have received the orders and warning that any infraction of the rules will result in future refusals to furnish them with refrigerators.

Apple shippers here, however, state that the new ruling will not affect Hood River, as cars have been loaded to the maximum throughout the season. Many refrigerator cars have been moved from here loaded with as many as 1,000 boxes of apples. During the past week shipping agencies were accommodated with all the freezers they could fill. A shortage, however, is hitting here again and preparations are being made to send out further fleets of heated box cars.

"Fergy" Gets Taste of War

As a result of an accidental shot from a shotgun in the hands of Earl Franz, H. O. Ferguson spent several hours Saturday picking the splintered portion of a heavy plate glass window from his coat-tails and the seat of his trousers. Mr. Franz, preparatory to replacing the shotgun in a rack, was cleaning it. He had worked the lever several times to determine if the magazine was empty. When no shells were ejected, he pulled the trigger. The explosion of the unloaded gun made a noise like that of a cannon, in the corner of the store. The load of duck shot tore a hole through the partition of a display window and penetrated the heavy plate glass in a dozen places. Later it was found that several shells had been in the magazine. The back of Mr. Ferguson, who was standing in front of the store, was in direct line with the discharge. But a single shot, however, penetrated his clothing to the skin, and the sole wound was a severe sting.

No One From Here at Spokane

For the first time since the National Apple Show was inaugurated at Spokane Hood River will fail to have a representative at the event this week. C. W. McCullagh and E. H. Shepard, both of whom are slated for addresses at the congress of growers, an annual prize of the big apple show, declare that apple harvest and marketing conditions make it impossible for them to leave their business.

"I am very sorry," says F. W. Buff, "to see no one at the apple show from Hood River, but the event takes place at the most possible time of the year for those most vitally interested in the apple game. If the show could be held at some other time I believe a larger attendance from all fruit districts would be encouraged."

Certain Cure for Group.

Mrs. Rose Middleton, of Greenville, Ill., has had experience in the treatment of this disease. She says, "When my children were small my son had croup frequently. Chamberlain's Cough Remedy always broke up these attacks immediately, and I was never without it in the house. I have taken it myself for coughs and colds with good results."

Anderson Gets Cleavelands

J. W. Anderson last week received from the Cleveland Tractor Co. a carload of the 12-20 tractors. Mr. Anderson, who has already sold several of the new agricultural implements to Hood River and Wasco county orchardists and ranchers, says he expects to place a number of them the coming season.

Mr. Anderson is also agent for the Republic truck and the Oldsmobile. With his own truck he has hauled thousands of boxes of apples to the city the past several weeks, experiencing not the least motor trouble.

Mrs. P. O. Stuchell Tells How She Cured Her Son of a Cold

"When my son Ellis was sick with a cold last winter I gave him Chamberlain's Cough Remedy. It helped him at once and quickly broke up his cold," writes Mrs. P. O. Stuchell, Homer City, Pa. This remedy has been in use for many years. Its good qualities have been fully proven by many thousands of people. It is pleasant and safe to take.

A POWERFUL AID

When you feel sluggish and nervous, tired and indifferent, you have the first symptoms of declining strength and your system positively needs the special nutritive food- tonic in

SCOTT'S EMULSION

to replenish your blood power, enliven its circulation and bring back the snap and elasticity of good health. Scott's Emulsion supplies Nature with the correct building-food which is better than any drugs, pills or alcoholic mixtures.

The Norwegian cod liver oil in Scott's Emulsion is now refined in our own American laboratories which makes it pure and palatable. Scott & Bowne, Bloomfield, N. J. 17-15

ALL CULL APPLES ARE BEING SAVED

A comprehensive idea of the tonnage of Hood River apples that will be turned into dried fruit products this year may be gained when it is learned that the estimated amount of fruit purchased by the Wittenberg-King Co., operating by-product plants at Salem and The Dalles, will reach 8,000,000 pounds. Libby, McNeil & Libby have purchased large quantities of the lower grade apples for canning, and local canners are operating on a large scale. The two cider and vinegar plants of the valley are now operating night and day. Because of the high prices paid for the lower grades of apples, ranging from \$8 to \$20 per ton, growers are gleaming their tracts and picking up every windfall.

School Increase Slight

M. H. Nickelsen, clerk of the city school district, announces that the annual school census just completed shows 877 children of school age in the city. The increase over that of last year is but four. More than a score of the young men of school age here have enlisted in different branches of army navy service during the past six months.

Too Dangerous to Overlook.

Hood River People Will Do Well To Heed The Warning.

To have good health, the digestion, heart, lungs and kidneys, must work perfectly. When there is anything wrong with the digestion, heart or lungs, a very noticeable pain or distress gives prompt warning. Kidney trouble is more easily overlooked, however, and too often gains a long start. If you have trouble does give early signs, and back-ache, head-aches, dizzy spells, rheumatic pains, or bladder ills, should not be neglected. When these warnings appear, use Doan's Kidney Pills, the reliable, successful, strongly-recommended kidney remedy. Assist the medicine by taking things easier, reducing the diet and the use of liquors. A severe attack of kidney disease may be avoided. Doan's Kidney Pills have won the grateful praise of Hood River people. Read this Hood River resident's endorsement. Mrs. E. Eggleston, 1202 Thirteenth street, says: "Whenever any of my family are in need of a kidney medicine they use Doan's Kidney Pills. I have taken Doan's when I have noticed my kidneys were not acting as they should, causing a dull ache across the small of my back. Doan's has always done me good."

Mrs. Eggleston is only one of many Hood River people who have gratefully endorsed Doan's Kidney Pills. If your back aches, if your kidney's bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS. The name is on the wrapper. Doan's—the remedy backed by home testimony, 60 cents at all stores. Foster-Milburn Co., Props., Buffalo, N. Y. "When your back is lame, remember the name."

Summons by Publication

In the Circuit Court of the State of Oregon, for the County of Hood River. Nettie McMillin, Plaintiff, vs. Alex McMillin, Defendant. To Alex McMillin, Defendant: In the name of the State of Oregon, you are hereby required to appear and answer the complaint filed against you in the above entitled suit, on or before Saturday, December 15th, 1917, and if you fail to so appear and answer, for want thereof, the plaintiff will apply to the above described court for the decree and judgment prayed for in her said complaint, and will take decree and judgment of said court for the dissolution of the marriage existing between you and the plaintiff, and for the custody of the minor child, and for such equitable relief as you are hereby served with this summons by order of the Honorable L. N. Blowers, County Judge of Hood River County, Oregon, made and entered October 30th, 1917, which order prescribes that you shall appear and answer said complaint on or before Saturday, December 15th, 1917, and that you be served with this summons by publication thereof in the "Hood River Glacier," at least once a week for six (6) consecutive weeks; and you are further notified that the date of the first publication of this summons is November 1, 1917.
