About Constipation

Certain articles of diet tend to check movements of the bowels. The most common of these are cheese, tea and boiled milk. On the other hand raw fruits, especially apples and bananas, also graham bread and whole wheat bread promote a movement of the bowels. When the bowels are badly constipated, however, the sure way is to take one or two of Chamberlain's Tablets immediately after supper.

MR. SMITH TELLS OF ABRAHAM LINCOLN

At a Lincoln Memorial dinner given Tuesday evening of last week at the Riverside Congregational church, E. L. Smith, 80 years old, Northwestern pioneer, in an address gave his personal reminiscences of the great Emancipator. Mr. Smith, who at the time was a student at Lombard University at Galesburg, Ill., with fellow students attended the Chicago Republican convention at which Lincoln received this first nomination for the presidency. He told how the news was shouted from the roof of the great auditorium that had been erected for the occasion and how men from Lincoln's home county, bearing walnut rails that the stalwart candidate, himself, had split, headed an enormous parade through the streets of Chicago.

Mr. Smith told of meeting Lincoln at Springfield, Ill., when he delivered an address. On that occasion when Lincoln and his wife, riding in a carriage drawn by a fine span of horses, appeared at the fairgrounds, where the address was to be given, the horses were unhitched and a score or more of admirers took the pole and wheeled the future president to the grandstand.

Pomona Grange Meeting

The first quarterly session of the Hood River County Pomona grange was held at Pine Grove Wednesday, Feb. 13. The greater part of the day's session was devoted to consideration of the food and feed problems now confronting the country, and especially the rural districts. The wide discussion of these problems were finally summarized in the following resolution:

"We urge our national food administrator to immediately ask congress for the power to control the prices of all foods, including all stock foods, and also requesting him to compel the middlemen to show their patriotism by reducing their unreasonable and unprofitable profits now being obtained."

A resolution commending the board of regents of the Oregon Agricultural College for retaining Prof. Kerr as president of that institution was promptly approved.

The lecture hour was devoted to a reading by Miss Joy Mason and an address by Mr. Harrington, assistant state superintendent of public instruction, on "Boys and Girls Club Work."
