

CHANDLER SIX

Famous For Its Marvelous Motor

Chandler Coupe

Why Women Choose The Chandler

WOMEN choose the Chandler Six quite as much for the ease with which they may drive it on any kind of roads or in any kind of traffic, as for the grace of its body designs, the comfort of its deep-cushioned seats and the beauty of its finish. They choose the Chandler, too, because of its mechanical dependence, its ever-readiness.

Thousands of women drive Chandlers, and, even though they may not know the why of its mechanical excellence, they know and appreciate the extraordinary quality of this great car.

Chandler body designs offer a pleasing range of selection.

Gilbert Motor Car Co.

CHANDLER MOTOR CAR COMPANY, CLEVELAND, OHIO

DEWITT MOTOR CO. IN NEW HOME

The DeWitt Motor Co., local Ford dealers, are now in their commodious quarters, located on the prominent corner of Cascade avenue and Third street, and are excellently prepared and equipped to handle all the requirements of the Ford owner.

Mr. DeWitt states that it is their intention at all times to employ expert mechanics, thereby giving to the Ford owner the best possible service. "When your bring your Ford into our place," he says, "we can tell you immediately the cost of labor to repair same, having fixed charges for every operation. These labor charges are fixed by the Ford Motor Co., and it is up to us to employ the right men or we cannot maintain this schedule and expect to make any money in this department, which we are going to feature. We will keep on hand a complete stock of genuine Ford parts, so that Ford owners will not be delayed in securing their wants. Ford dealers are not permitted to handle spurious parts. We will also carry a complete stock of Goodyear tires and tubes, believing this line to be good and probably the most popular line of tires and tubes on the market. However, we are not confined to Goodyears, and will supply our customers with any stock they may desire.

"One of the features to be tried out and that without doubt will prove most satisfactory to our Ford customers, will be that we will give to all Ford owners day storage, free of charge and without any obligations whatever. This undoubtedly will be appreciated by our country owners who can run their car into our large storage space, where it will be free from the elements and also be absolutely safe. In fact, we are here to give service and expect to gain and maintain our business through our excellent service department.

Since completion the new garage has won much admiration from the people of the city. The improvement of the corner over its former condition, when it was occupied by shacks, the home of innumerable stray cats, is a benefit to the city.

The structure is well equipped and conveniently located. The great floor space will enable the DeWitt Motor Co. to make excellent displays of cars and accessories, and still the storage space will be very great.

The announcement of free day storage for Ford owners is winning favorable comment.

AT THE LIBERTY

Today Margery Wilson will be shown in her latest Triangle release, "The Flames of Chance," an adaptation of "The Three Godsons of Jeanne Godreau," which ran in the Ladies' Home Journal. It is a story of a young stenographer in this country who wrote very intimate and personal letters of cheer to allied prisoners of war in Germany and sent them favors until one is released and, owing to the intimacy of her letters, she is obliged to disguise herself as an old lady in order to meet the returned soldier. Also a one-reel comedy, "The Price on His Head," will be shown.

Fri. and Sat., May 10 & 11. We present Julian Eltinge, the famous female impersonator, who enjoys the unique distinction of being the best-dressed "woman" in the world. He appears in "The Clever Mrs. Carfax," in which he uses his wonderful ability to pass as a woman to run down a gang of black mailers and to find his sweetheart. Mr. Eltinge brought his entire company from Los Angeles to Portland to make part of the picture and scenes on the Columbia river highway are shown. An Animated Weekly will also be shown.

Sunday, May 12, One Day Only. Texas Quilman, that wonderfully talented Triangle star, will be seen in her latest dramatic success "The Gun Woman," a tense and thrilling story unlike anything ever before shown with this talented young star. Also a comedy, "A Butler's Bust Up."

Mon. and Tues., May 13 & 14. We present the first of Mary Roberts Rinehart's famous sub-deb stories adapted to the screen and presenting Miss Marguerite Clark as the clever little "flapper" heroine. The first of the series will be entitled "Bab's Diary" and is the kind of picture just suited to the dainty personality of Miss Clark. We will also present Polly Moran, Slim Sumnerville and "Honest-eyed" Ben Turpin in a rip-roaring Western travesty entitled "Roping Her Romeo."

This is another comedy from the Mack Sennett studios. This is a bear of a comedy and the whole show is up to the usual high Paramount standard of excellence. Wed. and Thurs., May 15 & 16. We present the Triangle players and Darrell Foss in a dandy comedy drama, "Her American Husband," and a one-reel comedy, "Too Many Husbands."

Church Women Make Garments. The Ladies' Aid society of the Congregational church have taken up the making of garments for two year old Belgium refugees. All members and friends are asked to send any garment or material that could be cut out and made over into clothes for these children to Mrs. J. M. Culbertson, or phone to her regarding same. With the help of all, the Aid wishes to make at least 50 sets for these children, five garments being in each set, and anything you can give toward making these clothes will be greatly appreciated.

Also, any ladies of the Aid who have old papers are requested to tie them in bundles of convenient size to handle and call Mrs. W. T. Price, Phone 2583, who has charge of collecting them. Mrs. Winslow Will Enter Service. Mrs. L. B. Winslow, whose husband is already chasing submarines, went to The Dalles Sunday to take an examination, having applied for entrance to a yeoman class in the navy. Mrs. Winslow formerly resided at Eugene. Her husband enlisted early last year from that city. Mrs. Leslie Newton accompanied Mrs. Winslow to The Dalles.

CYCLOPS MYSTERY STILL UNSOLVED

Fourteen persons, one a German, were arrested when a British steamship arrived at an Atlantic port Monday from a South American port. Government officials met the vessel and perhaps never since this country entered the war were passengers subjected to a more thorough examination.

The German, it was said, was placed under guard by the quartermaster soon after he had boarded the vessel. In their search for concealed documents the government agents even broke two hollow canes he carried and also seized phonograph records in his baggage.

Lieutenant-Commander Booth, U. S. N., said that the missing naval collier Cyclops left a Caribbean port and long before the collier was reported missing an advertisement appeared in a Portuguese newspaper at Rio Janeiro announcing that a requiem mass would be celebrated for Alfred L. Moreau Gottschalk, United States Consul-General in Rio Janeiro, "lost when the Cyclops was sunk at sea."

It was not until April 15 that the navy department announced that the collier was missing. The advertisement, appearing nearly a month before the official announcement, was signed by prominent men in Rio Janeiro, who later are said to have disclaimed responsibility for its appearance.

The passengers said it was suspected that the advertisement was inserted by German agents, to transmit a report of their operations. Chas. Filz, brother of W. J. Filz and well known here, was aboard the Cyclops. Mr. Filz has heard nothing from the navy department since the Cyclops was reported overdue.

APPLE BLOSSOM IN VALLEY IS SPOTTED

With the blossoming season at its height, and growers now able to make estimates of the coming seasons apple yield from the density of the blooms, it is predicted that the Hood River apple crop for 1918 will fall below that of 1916, when the harvest reached 1,500,000 boxes. Last year was the off season for most local orchards, and it was expected that the yield of this season would go to 1,000,000 boxes, but the heavy blossom is not general. In some orchards the yield will be unusually light.

The tonnage, however, may be materially increased by a long growing season. Last year's tonnage was shortened by the unusually cool weather that prevailed up into June. With the blossoming of fruit trees two weeks earlier this year, the apples, provided the summer is warm, may reach an extra size.

Eltinge on Turning Night Into Day

Mr. Eltinge, the well known feminine impersonator, who has recently finished his second Paramount photoplay, "The Clever Mrs. Carfax," the first one having been "The Countess Charmant," recently gave out his reasons for deserting the stage.

"It certainly seemed queer at first to be getting up at about the time I had been used to going to bed—and the other way around. But now I like it a million times better and wouldn't change back.

"There are many reasons why I enjoy this—the first being that it seems healthier. My complexion has improved tremendously. This sounds odd for a man to say but if I were not careful about complexion and figure where would "The Clever Mrs. Carfax" be?

"Another reason is that I believe the early morning hours to be the pleasantest part of the day. I never knew much about them before, but on closer acquaintance, I like them."

"The Clever Mrs. Carfax" is on the bill at the Liberty theatre Friday and Saturday.

Films left with us up to 4 o'clock p. m. are ready for delivery the next evening. Bloom & Canfield Co. m24t

Judge Thos. F. Ryan Present Assistant State Treasurer

REPUBLICAN CANDIDATE STATE TREASURER

"The voters of this state need men who understand the work which it is their duty to do; and men with capacity to do the duties which devolve upon them; men who are honest, fearless and patriotic; men who are Americans. Such a man is Judge Thos. F. Ryan."

Canby News. "Thos. F. Ryan, P. G. M., candidate for the office of state treasurer, has been the efficient deputy for the past seven years and has made good in that position. He possesses an intimate knowledge of the duties it involves, is capable, honest and courteous. We have an abiding faith in Bro. Ryan's ability, experience and superior fitness to fill this important position."—Pacific Odiflow.

As an active member of the grange he has worked consistently for the building of good roads from farm to market; for horticultural and agricultural legislation, and for practical drainage, irrigation and rural credits laws. (Paid adv.)

Prodium Process Means Millions Saved To Tire Users

THE Prodium Process has done for rubber what vanadium did for steel.

It has made it stronger and tougher, and vastly increased its wear-resisting qualities.

Republic Prodium Process Tires are practically immune to road cuts and chipping, and wear down as smoothly and evenly as a piece of tempered steel.

Even after the Staggard Studs are gone, many miles of service remain in the tire.

The history of the Republic has been a chronicle of progressive improvement in tire making.

It is fitting that the Prodium Process should be a product of the Republic laboratories.

The Staggard Tread was the first effective non-skid tire.

Republic Black-line Red Inner Tubes have a reputation for freedom from trouble
