AMERICAN SUGAR SENT TO FRANCE

American Price Rigidly Regulated by United States Food Administration.

CONSUMERS HERE PAY 9c. Sugar Cost 35 Cents a Pound During Civil War—Refiners' Profits Now Curtailed.

Sugar is selling today throughout America at from 8 1/2 to 9 cents a pound to the consumer...

Through the efforts of the United States food administration the sugar market has been regulated as far as the producer, refiner and wholesaler is concerned...

Last August when the food administration was organized the price of sugar rose suddenly to 11 cents a pound. During the Civil War sugar cost the consumer 35 cents a pound...

"It is our stern duty to feed the allies, to maintain their health and strength at any cost to ourselves," Mr. Hoover declared...

"If we send the ships to Java for 250,000 tons of sugar next year we will have necessitated the employment of eleven extra ships for one year..."

Reason for World Shortage. As Mr. Hoover pointed out, the United States, Canada and England were sugar importing countries before the war...

"This price should eventually," Mr. Hoover said, "be about \$7.30 per hundred for refined sugar..."

"There is now an elimination of speculation, extortionate profits, and in the retelling alone the American people will save over \$25,000,000..."

"Appeals to prejudice against the food administration have been made because the Cuban price is 34 cents above that of 1917..."

"In spite of these shipments," Mr. Hoover stated the other day, "the English government in August reduced the household sugar ration..."

"The price ultimately agreed was 23 cents above these figures, or about one-fifth of a cent per pound to the American consumer..."

"Today the sugar situation may be summarized by stating that if America will reduce its sugar consumption 10 to 15 per cent, this nation will be able to send 200,000 more soldiers to France..."

Sugar today sells at seaboard refineries at \$7.25 a hundred pounds. The wholesale grocer has agreed to limit his profit to 25 cents a hundred plus freight...

Control of Cane Refiners' Profits. "Immediately upon the establishment of the food administration," Mr. Hoover said...

Bids Wanted for Wood. Bids wanted for 40 cords of sound body fir wood to be delivered at the Barrett school house...

Bids Wanted. The School Board of School District No. 3 will receive sealed bids to 8 p. m. on Thursday evening, June 13th, 1918...

Hoover said, "an examination was made of the costs and profits of refining and it was finally determined that the spread between the cost of raw and the sale of refined cane sugar should be limited to \$3.30 per hundred pounds..."

"In the course of these investigations it was found by canvass of the Cuban producers that their sugar had, during the first nine months of the past year, sold for an average of about \$4.24 per hundred f. o. b. Cuba..."

"In reducing the differential to \$1.30 there was a saving to the public of 24 cents per hundred. Had such a differential been in use from the 1st of January, 1917, the public would have saved in the first nine months of the year about \$21,800,000..."

Next Year. With a view to more efficient organization of the trade in imported sugar next year two committees have been formed by the food administration...

1. A committee comprising representatives of all of the elements of American cane refining groups. The principal duty of this committee is to divide the sugar imports pro rata to their various capacities and see that absolute justice is done to every refiner...

2. A committee comprising three representatives of the English, French and Italian governments; two representatives of the American refiners, with a member of the food administration. Only two of the committee have arrived from Europe but they represent the allied governments...

This committee, while holding strong views as to the price to be paid for Cuban sugar, has not had the final voice. This voice has rested in the governments concerned, together with the Cuban government, and I wish to state emphatically that all of the gentlemen concerned as good commercial men have endeavored with the utmost persistence and skill to secure a lower price, and their persistence has reduced Cuban demands by 15 cents per hundred. The price agreed upon is about \$4.60 per hundred pounds, f. o. b. Cuba, or equal to about \$6 duty paid New York...

"This price should eventually," Mr. Hoover said, "be about \$7.30 per hundred for refined sugar or should place sugar in the hands of the consumer at from 8 1/2 to 9 cents per pound, depending upon locality and conditions of trade, or at from 1 to 2 cents below the prices of August last and from one-half to a cent per pound cheaper than today..."

"There is now an elimination of speculation, extortionate profits, and in the retelling alone the American people will save over \$25,000,000 of the refining charges last year. A part of these savings goes to the Cuban, Hawaiian, Porto Rican and Louisiana producer and then to the consumer..."

"Appeals to prejudice against the food administration have been made because the Cuban price is 34 cents above that of 1917. It is said in effect that the Cubans are at our mercy; that we could get sugar a cent lower. We made exhaustive study of the cost of producing sugar in Cuba last year through our own agents in Cuba, and we find it averages \$3.35, while many producers are at a higher level..."

"In order to maintain and stimulate production of that a minimum price of \$4.37 was necessary, and even this would stifle some producers..."

"The price ultimately agreed was 23 cents above these figures, or about one-fifth of a cent per pound to the American consumer, and more than that amount has been saved by our reduction in refiners' profits..."

"If we wish to stifle production in Cuba we could take that course just at the time of all times in our history when we want production for ourselves and the allies. Further than that, the state department will assure you that such a course would produce disturbances in Cuba and destroy even our present supplies, but beyond all these material reasons is one of human justice..."

"Therefore there is no imposition upon the American public. Charges have been made before this committee that Mr. Rolph endeavored to benefit the California refinery of which he was manager by this 34 cent increase in Cuban price. Mr. Rolph did not fix the price. It does raise the price to the Hawaiian farmer about that amount. It does not raise the profit of the California refinery, because their charge for refining is like all other refineries, limited to \$1.30 per hundred pounds, plus the freight differential on the established custom of the trade..."

"Mr. Rolph has not one penny of interest in that refinery..."

CLUB WOMEN GIVE SUBSTANTIAL RECIPES

Following are recipes for Mondays and Wednesdays—our Wheatless Days:

Corn Meal Muffins. One egg, 3 cups of milk, 3 teaspoons of salt, 3 cups of corn meal, 4 teaspoons of baking powder, 4 tablespoons of fat. Beat the egg thoroughly, add the milk, the salt, and the meal. Sift in the baking powder, mix it thoroughly into the batter and turn the batter at once into greased muffin tins. This rule makes 24 muffins.

Corn Meal Gems. Two cups of corn meal, 3/4 teaspoon of baking soda with 1 cup of sour milk or 2 teaspoons of baking powder with 1 cup of sweet milk, 1 tablespoon of sugar or molasses, 1 tablespoon of shortening (melted) 1 egg, 1 tablespoon of salt.

Eggless Corn Bread. Two cups of corn meal, 1 teaspoon of salt, 3 teaspoon of baking powder, with 1 cup of sweet milk or 3/4 teaspoon of baking soda with 1 cup of sour milk, 1 tablespoon of sugar, 1 tablespoon of shortening (melted).

Rice and Corn Meal Muffins. One cup of cooked rice, 1 cup of flour, 1 teaspoon of salt, 1 cup of corn meal, 5 teaspoon of baking powder, 1 1/2 cups of liquid, 3 tablespoons of melted fat. Mix and sift dry ingredients, add rice to liquid and combine the two mixtures. Beat and put quickly into hot greased muffin pans. Bake about 29 minutes in a moderately hot oven.

Apple Gems. One cup of corn meal, 1 1/2 cups of flour, 1/2 teaspoon of salt, 2 tablespoons of sugar, 5 teaspoons of baking powder, 1 cup of milk, 4 sour apples, 2 tablespoons of molasses. Sift dry ingredients together. Add enough milk to make thick batter. Beat well. Add apples chopped fine and molasses. Bake in hot greased gem pans 15 to 20 minutes.

Boston Brown Bread. Three cups of rye flour, 3 cups of corn meal, 1 cup of molasses, 1 1/2 teaspoon of salt, 2 teaspoons of soda, 2 cups of milk (hot). Mix and sift rye flour, corn meal, salt and soda. Mix hot milk and molasses, add to the dry ingredients. Stir well, and fill greased molds two-thirds full. Grease the covers and cover tightly. Steam 3 hours. Yield, 5 one-pound baking powder tins.

Buckwheat Spice Cake. One-quarter cup of sugar, 1/2 cup of molasses, 1 egg, 3/4 cup of milk, 1 cup of buckwheat flour, 3 tablespoons of fat, 2 teaspoons of baking powder, 1/4 teaspoon of salt, 1 teaspoon of cinnamon, 1/4 teaspoon of cloves, 1 teaspoon of vanilla. Mix as for ordinary cake and bake in muffin tins or a loaf pan in a moderate oven.

HEIGHTS NEWS

Roy Forrest, of Tomah, Wis., nephew of Mrs. J. W. Taft, who lived in Hood River for several years, was a visitor the first of the week at the homes of Mr. and Mrs. J. H. Gill and L. E. and W. H. Taft. Mr. Forrest has been in Montana for a year and a half, but likes Oregon and Wisconsin much better. He is returning to Tomah to enlist in the United States service.

L. E. Taft made a trip to Portland Monday. Hubbard Taylor, of the Handy Corner grocery, made a trip to the East Side and Mount Hood Monday.

Edwin Eberly was up from Vancouver Barracks over the week end visiting relatives and friends.

Mr. and Mrs. Ernest Laddersaw have gone to Colfax to visit Mr. Laddersaw's parents.

Mrs. Fannie Bailey and Mrs. Harry Bailey were honor guests at a farewell reception by the Woman's Relief Corps Saturday. About 40 were present.

It begins to look like strawberry time to see the Indians coming in. Quite a number came in Sunday and Monday.

itary Meat Market, has traded his residence property to a party (Odell) for a ranch, and moved there the first of the week.

Mr. and Mrs. Holman will surely be missed, as they have resided on the Heights for a good many years.

A letter from Chas. Gill, son of Mr. and Mrs. J. H. Gill, who is in the navy on the U. S. S. Rochester, states that he has made his third successful trip through the war zone, for which he has received a silver bar on his sleeve. He has now taken his place as second class engineer, and is studying hard for the first class examination, which he thinks will not come until about the first of next year. He says they were 24 days out of sight of land and the grass looked so green and nice when he arrived in port at New York city he wanted to take off his shoes and put his feet into it. The last trip is said to have been very pleasant, the weather being perfect.

There seems to have been quite a moving out of teachers from the Hood River schools, and last of all we hear that Supt. McLaughlin has resigned and is going away. It will indeed seem strange not to see Mr. McLaughlin and he will be missed in many places.

Mr. and Mrs. Howard Shoemaker have been visiting their mother, Mrs. Alda Shoemaker, and sister-in-law, Mrs. Kent Shoemaker.

Mrs. O. B. Evinger has been on the sick list with a bad cold the past week. Dr. W. S. Nichol and son, Ernest, of Mosier, were here visiting his mother, Mrs. Roy, and Mr. and Mrs. Wiley, brother-in-law and sister, Sunday.

Mrs. Coons, mother of Mrs. W. S. Nichol, of Mosier, and former resident of Hood River, was here on business last week.
