THE SALARY BILL

When those who have recently been engaged in an agitation of the county salary matter become fully conversant with the status of the claims of county officers...

Are Hood River county officials' salaries governed by the so-called Stranahan bill or the Grange Initiative Bill of 1914? It seems to be a well defined opinion of reputable attorneys that the Initiative Bill is invalid...

We believe the situation will only be cleared up by court adjudication, all lengthy resolutions, arguments and suggestions to the contrary.

While ordinarily we would gladly publish such communications, we will refuse to publish further any long letter pertaining to the county salary squabble. With the nation at war the Glacier, along with every other newspaper, is called on to devote much space for patriotic purposes.

In short, a court of law is the place for the settlement of the salary case, not the newspapers.

THE CHAUTAUQU

The annual Hood River chautauqua is approaching.

The chautauqua should be better this season than ever before. No less a personage than President Wilson has appealed to the people to lend their support to this modern-day educational institution...

The Ellison-White Co., which will furnish the speakers and entertainers for the chautauqua in July, has promised us some national figures, men of reputation for their depth of thinking and the impressive manner in which they express themselves.

We predict success for the chautauqua this season. A gratifying interest is already being displayed. In addition to the business and professional men of the city, who have aided with chautauquas in past years, the Woman's club has allied itself with the movement.

WE HAVE A RECORD TO MAINTAIN

Here in the Hood River valley we have not in a single instance failed to respond and contribute a surplus to every campaign for funds to carry on the war.

Over in France the record of American valor is being maintained by our soldier boys, even though the cost for some is life itself. Little Lee Spaulding, small in stature but mighty in spirit, is there with the marines.

IT'S UP TO YOU

Winning this war isn't altogether a task for the 700,000 gallant soldier boys there in France, albeit first honors must go to them.

To win the war, you must throw your shoulder to the wheel, and I must do the same. The Saturday Evening

Post, in good United States language, last week gave expression to a sentiment that should rule the land. The Post said:

Before you can win in France you must put out of business in America those men who preach the brotherhood of man and practice hatred of all men—those apostles of peace and prosperity who would bring about the millennium by violence and destruction; and those drummers for discontent, disorder and disloyalty who sell Bolshevism on a commission basis.

Before you can win the war in France you must put every idler in America to work. War is the world cure for idleness. There is a war job ready and waiting now for every piano pounding girl, lounge lizard, tango queen, poolroom hobo, doll and head-doll, perfect lady and imperfect gentleman in the country—jobs that range from scrubbing to ditching, from clerking to haying, but all good jobs at useful work—jobs that will release better men and women to fill places for which their training qualifies them.

Lastly, before you win the war in France you must get right with yourself. We all have some taint of these things that are holding back America. We are, perhaps, half-hearted, pussy-footed, hoping that before our hour for sacrifice strikes the necessity for sacrifice will be over. But our time is now. We must be fired with the old American pioneer spirit, each shouldering his share of the burdens of the long trail. There can be no vicarious sacrifice. We must go to it with one boss, one big people and one big punch. Then—

YOU WILL WIN THE WAR.

THE RODWELL CASE

It was with keenest regret that many heard last week the coupling of the name of Mrs. Rodwell with pacifism and pro-Germanism. Because of her activity in behalf of Hood River children and her progressive work in civic and woman's club matters, Mrs. Rodwell had won the respect of her neighbors.

Mrs. Rodwell denies the charges that were made and professes loyalty to America, and there is no doubt of her loyalty to her country. She comes of a loyal family. The trouble with Mrs. Rodwell is that she has permitted some of her expressions to those children in the East Barrett school to negative her loyal support of the country. She herself admits statements that most certainly will create suspicion and criticism. Let us take the statements that Mrs. Rodwell admits. They are hurtful at this time, when the United States and her allies are fighting a death struggle with Prussianism, and in effect are not so very different from a fault finding with the principles of our own government or a praise of Germany.

And we believe Mrs. Rodwell has taken the wrong attitude in a rebuke of those children when they cheered an allied drive, in which 13,000 Germans were reported killed. Those children did not cheer because that many men were dead. Childish minds are not so constructed. The news of the heavy German casualties did, however, cause them to visualize an allied victory and a Prussian defeat. It was this they cheered.

If we would take Mrs. Rodwell's reasoning another step, we could not proceed with our efforts of killing German soldiers out of sympathy for their families. What are we going to do, let them kill our boys? We are at war now with a race of hunns, whose atrocities have been unspeakable. Expressions of sympathy for them is a hurt to our own soldiers.

We have said these things in the hope that Mrs. Rodwell and others of a like temperament or feeling may ponder and see their error.

HOOVERIZE ON WATER

If a fire should start in Hood River, and there were no water available for extinguishing it, the city would be menaced. This condition may exist, unless all citizens observe to the letter the instructions issued by handbill by Mayor Dumble. Naturally, the condition is an annoying one to those having war gardens that need water these hot days.

Unstinted praise should be given the loyal and patriotic women of America, who are working weekly for Red Cross Chapters in the manufacture of materials for the comfort of soldiers and hospital supplies.

We consider it a privilege to be permitted to run articles of such interest as those contributed recently by S. F. Blythe, Civil War veteran, giving memoirs of his wartime days. Many Glaciers go to overseas and home quarters of our soldiers. Those stories of Mr. Blythe must have been of more than ordinary interest to the modern day soldier.

We have heard the warning of mothers, telling their young sons to beware of green berries and cherries, fine material for producing stomachaches—Summer's here.

"Work or Fight!" With berries going to waste, there is no need for anybody being idle in Hood River.

Pay your income taxes before Saturday.

25 MEN REGISTERED HERE ON JUNE 5

The total registration of 21 year old men by the exemption board last Wednesday was 25. The registration last year on June 5 was 609. The light registration of Wednesday is due, it is said, to the large voluntary enlistment of boys who have reached their 21st birthday during the past year.

The board has already inducted 37 men into the service. Thirteen have been assigned for the draft call of June 24-25. A total of only 30 men remain in Class I.

WORK OF FIREMEN SAVES BUILDING

Quick work of the Volunteer fire department Friday saved the Eliot building from burning. In less than five minutes after the alarm had sounded, the firemen were directing a stream of water into the basement of the structure, where the fire, from an unknown cause, originated in a pile of oakum.

RED CROSS GETS HORSE AND BUGGY

Having purchased a new automobile, W. G. Oden has donated his family horse and buggy to the Red Cross Chapter. The gift includes a new set of harness.

TROUT LAKE.

N. N. Hawley was a Portland visitor last week. James Coate and family, of Portland, have been visiting his parents.

Henry Thode returned from Portland last week Thursday. Thode's hall was well filled the night of the entertainment and dance for the American fund for the French wounded.

The sketches were well given and were received with such enthusiasm as to make those participating feel well repaid for their work. Receipts netted \$80.

Mrs. C. H. Pearson is entertaining her sister, Miss Martha Aerni. Judge Burdette is back and we understand intends bringing his family for the summer.

E. C. Duncan and family have left the boating house at the mill and are back in their home in town.

Rev. Chaney and family have gone to Lewiston, Ida., for a few weeks.

FINS, FURS AND FEATHERS

R. E. Johnson, American Express agent, at 9 o'clock Thursday morning released from their coops 24 homing pigeons, sent here by Ralph E. Warren, of the Tillamook Homing Club.

With the advent of warm days trout fishing in the remote streams of the valley is reported excellent. Frank Davenport, Jr., and brother, Emory, spent Sunday on Green Point creek, in the southwestern part of the county. They were accompanied by their respective sons, Franklin and Edward.

Sherrard Ready to Prevent Fires. T. H. Sherrard, state forest supervisor, of Portland, was here Tuesday visiting Warren Cooper and other Upper Valley forestry service men and planning work for fire prevention the coming summer.
