PICTURES FOR SOLDIERS

C. C. Hutchins, secretary of the White Salmon Commercial Chib, has \$ mangurated a personal plan that should 3 be adopted by all soldiers' families who own kodaks. Mr. Hutenins sends each week to a soldier son over there a letter containing pictures of familiar home scenes and points of scenic interest. Those pictures, as all of us know by experience, go far toward augmenting the interest of a letter.

Write to the soldier relatives and friends as often as you can, and if you 1 are in position add a kodak picture. Snap the children that he knew and loved and the places of the old home. community, of which he was so fond. and send them to the boy.
