NOTICE TO TIRE USERS

The importation of Crude Rubber has been restricted and a tire shortage is likely to occur.

The Tire Factories recommend that you save your old tires and have them retreaded.

Look your old tires over. Perhaps you have one or more tires that would pay to retread. No matter if they have a small blowout, we can repair it, and if the fabric is in good condition otherwise, it will pay you to save them and get as much out of them as possible.
