Complete system of teachers, bridges, etc. Students recommended for Commissions. Official-government R. O. T. C. Tuition FREE. Library of 80,000 volumes. Dormitories for men and women. Expense lowest, much opportunity for working one's way. Write Registrar, Eugene, Oregon, for illustrated booklet.

HOOD RIVER TO CELEBRATE

BIG PARADE PLANNED THIS EVENING

Local Board and Council of Defense Provide for the Event to Mark a Great Day in History

The Council of Defense and the local board have planned to so celebrate registration day today that it will long remain in the memory of all local citizens.

According to the government estimate Hood River county's registration today will be 816. Sheriff Johnson places the registration at 985, while J. F. Batchelder, who has kept exact tab on local conditions, estimates that 925 men will register.

Hood River business houses will close before five p. m. this afternoon and at that hour a parade, including registrants, school children and Boy Scouts will march through the city. The parade will march to Chautauqua park, where the people of the county will participate in a picnic supper at 6 o'clock. A big bonfire will be kindled, and the addresses will be given from the stage of the open air theatre beginning at 8 o'clock.

With Dr. F. C. Brosius acting as grand marshal the parade will march from the city to Chautauqua park. Following the bonfire supper, the people will participate in a community singing, the local board and Defense Council having provided souvenir copies of American national anthems and songs of the Allies.

The singing will be held around a huge bonfire. Later the crowd will be addressed by Dr. W. Arnold Lindsay, assigned as speaker by the State Defense Council.

Registration Day Facts

Who must register—All male persons (citizens) or aliens between the ages of 18 and 45 years, both inclusive, who have not already registered under the former draft age limits of 21 to 30 years, both inclusive; the only exceptions being officers and enlisted men of the regular army, navy and marine corps and the national guard while in federal service, officers and men of the drafted forces, officers in officers' reserve corps and enlisted men in enlisted reserve corps while in service.

When—Thursday, September 12, 1918, between 7 a. m. and 9 p. m.

Where—At office of local draft board having jurisdiction where person to be registered permanently resides, or other place designated by that local board.

How—Go in person September 12 to your registration place. If you expect to be absent from home September 12, go at once to the office of the local board where you happen to be. Explain the circumstance and have your registration card filled out and certified. Then mail it at once to the local board having jurisdiction where you permanently reside. Include a self-addressed stamped envelope with your registration card, for the return of your registration certificate. Failure to get this certificate may cause you serious inconvenience. You must mail your registration card in time to reach your home local board on September 12.

In case of illness—If you are sick on September 12 and unable to present yourself in person for registration and some competent friend, the clerk may deputize him or her to prepare your card.

Penalty for not registering—Failure to register is a misdemeanor punishable by imprisonment for one year, without option of paying a fine. It may result in loss of valuable rights and privileges and immediate induction into military service.

If a man is 46 years old on registration day, Thursday, September 12, is he required to register?

This is typical of many questions asked regarding registration requirements under the new draft law, which lowers and raises draft limits to include all men between the ages of 18 and 45 years, both inclusive.

The answer to the foregoing question is "No." A man who is 46 years old on registration day, September 12, does not register.

If, however, his birthday should come on September 12, he will have to register, for he would then be within the 45 year age limit September 12.

Similarly, a youth who has attained his 18th birthday on or before Thursday, September 12, must register. If he is not 18 years old on the next day, September 13, he does not register.

All men between the ages of 18 and 45 years, both inclusive, who have not already registered under the former 21 to 30 age limits, both inclusive, must register on registration day. The only exceptions are men already in the military or naval service.

That is to say, every man who has attained his 18th birthday on or before Thursday, September 12, and has not attained his 46th birthday by that date, must register unless he has already registered under the 21 to 30 year draft law, or is in the military or naval service.

SUNDAY SERMONS FOR S. A. WAR FUND

Salvation Army Sunday will be observed next Sunday by all local churches. Mrs. Chas. E. Fuller, in charge of the county Salvation Army war fund drive, has requested all ministers to deliver sermons on the work that the great philanthropic and charitable organization has performed since the war began.

Hood River county's quota for the Salvation Army War fund to be raised next week is \$885.

SCHOOL FAIR SATURDAY, SEPTEMBER 21

Supt. Gibson, in charge of preparations for the event, says the exhibits of corn, wheat and other grains to be shown at the annual county school fair Saturday, September 21, will be a revelation even to local residents of the progress made in the fruit districts the

past several years in diversified farming. Mr. Gibson is collecting scores of exhibits and the wheat that he has already assembled at his office would be creditable for a wheat producing section.

Hundreds of cans of fruit and vegetables have been prepared for contests between girls' teams of canners, and young gardeners will vie with each other in pig raising and other projects in an endeavor to win free trips to Salem. Nearly \$500 will be given in prizes. Mr. and Mrs. E. Goss, whose Riordan Hill rabbit hutchies are among the best known in the mid-Columbia, have offered special prizes to youngsters displaying the best hares.

CREAMERY WILL RESUME OPERATION

The Hood River Creamery, the plant of which was destroyed by fire Sunday morning will resume operation as soon as new equipment can be secured and installed. With negotiations for a building under way, R. M. Black, superintendent, and A. W. Peters, member of the directorate, left on a trip Tuesday to secure creamery equipment.

Until new quarters can be arranged, the creamery, which has been instrumental in stimulating diversified farming among Hood River orchardists, has arranged to ship its cream to Portland concerns, the latter accepting local weights and tests, buying at market quotations, on an f. o. b. Hood River basis.

Cream deliveries until further notice should be made at the Davidson warehouse.

PACKING SCHOOL NOW UNDER WAY

Impressing on its members the indications of a shortage of labor in harvesting the apple crop, the Apple Growers Association has urged attendance at the annual packing and grading school which began Monday and will last for the week. Young men, especially, are warned that their services will be needed. It is expected that 90 per cent of the apple sorters this season will be women and girls. Ninety-five per cent of those engaged in packing pears are women.

The sales organization charges a tuition of \$2.50 for all resident students, while non-residents must pay \$5. In both cases the money will be refunded when students learn the work and remain throughout the season in the employ of members of the Association.

"While we are assured," says A. W. Stone, "that labor is going to be scarce, everything possible to relieve the situation is being done. The United States government employment service will open an office here at the beginning of harvest season, and we urge all growers to get in touch with them immediately. We urge that growers communicate with all who formerly worked for them at harvest time and try to persuade them to re-join."

PACKING SCHOOL NUMBERS DISAPPOINT

Numbers starting training Monday at the annual Apple Growers Association packing school were disappointing and indicate a serious shortage of packers for the approaching harvest. With more than twice the number absent in the service, but 40 students registered the first day. All but six were women.

DESTRUCTIVE FIRES HIT COMMUNITY

A dead calm saved Odell from burning Saturday morning when the plant of the Hood River Valley Products Co. was fired, supposedly from a fan evaporator. Without a breeze stirring, the merchants of the town and orchardists of surrounding neighborhoods were almost basted in saving surrounding frame structures, the sides of which were scorched by the flames from the big wooden building. The plant, after extensive improvements, a jelly making department having been added, had just been started on the season's run.

W. Margulis, chief owner and manager, was in Portland. Returning here Sunday Mr. Margulis estimated his loss in excess of \$5,000 with insurance of \$2,500. He is negotiating for a building in the neighborhood of the former plant and plans to rebuild his concern.

The plant of the Hood River Creamery, established three years ago by a cooperative organization of orchardists, burned at 1:30 o'clock Sunday morning. The adjoining quarters of the Hood River Produce Exchange was slightly damaged and the contents of stored fruits and vegetables ruined by smoke.

The origin of the fire is not known. The damage is estimated at \$5,000, insurance \$4,000.

PIONEERS MEET NEXT TUESDAY

The Hood River Pioneer Association will hold its annual reunion at Odd Fellows hall next Tuesday, when the address of the day will be delivered by Judge Fred W. Wilson, son of a prominent pioneer family of The Dalles.

The families of the pioneers will convene at noon for a reunion dinner. The formal program will begin at 2 o'clock in the afternoon.

Bennett Bros. Sell to Boardman

R. B. and L. S. Bennett, publishers for the past six years of the Hood River News, Monday sold their weekly newspaper to E. L. Boardman, formerly Washington state printer and publisher of North Yakima papers. Mr. Boardman, who more recently has been interested in California newspapers, came here from Los Angeles.

Bennett Bros., both young bachelors, will register today in the selective draft.

Miss Adrienne Epping has been appointed by Mr. Boardman as city editor of the News.

LIBERTY LOAN WORKERS BUSY

MEETINGS MONDAY AND SEPT. 21

Prominent Out of Town Speakers Will Bring Message of Nation's Need—Valley Program Outlined

Taking advantage of the big crowd that will be here from all parts of the county attending the annual Industrial school fair, the Liberty Loan committee will provide for speakers and a patriotic demonstration on the afternoon of that date. Provisions have already been made by Mrs. L. S. Ainsworth for a parade of mothers and sisters of the community's 500 men already in service. A musical program will be furnished and speakers provided by Milton R. Klepper, of the Portland Speakers' Bureau of the Liberty Loan organization, will deliver addresses from an open air platform.

The fair will be held Saturday, September 21.

The campaign for voluntary applications for Fourth Liberty Loan subscriptions will be officially opened at a mass meeting to be held next Monday evening at Heilbronner hall, when speakers from Portland will be present.

The speakers will be brought here about the "Yellow Demon," an automobile furnished by Eric V. Hauser, which won a reputation in the Second Liberty Loan campaign. It was later donated to the Portland Red Cross and was purchased at auction by R. H. Stewart, who gave it to his wife, the present owner.

The party will consist of Judge John H. Stevenson, one of Oregon's most fluent talkers, an American soldier who has participated in active service in the front trenches, a soldier from Vancouver Barracks, who will drive the car, and Mark Woodruff, well known Portland newspaper man. The Yellow Demon party will visit Cascade Locks en route here.

Mrs. Ainsworth and women of the Woman's club will decorate the Heilbronner hall for the occasion. A. Whorlow, who has been named as chairman of the house committee for the drive, will equip it with a capacity number of chairs.

It is expected that the proposed Round Robin series of meetings in Oak Grove, Barrett and Frankton, simultaneously next Thursday night will be one of the big successes of the local campaign. The speakers, who will be named in next week's papers, will be advanced from point to point by automobile. One or perhaps all of them will remain here to address the people of Odell and Central Vale at a joint meeting to be held at the Odell Union high school on the following night, Friday, September 20.

The Barrett meeting of the Round Robin series will be held at the Valley Christian church. Others will be held in the respective school houses. Mrs. Sletton's party of musicians will furnish the music for the occasions.

The members of the Woman's club at their regular meeting on the afternoon of Wednesday, September 25, will devote a large part of the evening to a discussion of the Liberty Loan. On this occasion a Liberty Loan address will be delivered by J. H. Hazlett.

EXCELLENT CHANCE FOR A VACATION

Commenting on a recent editorial in the Glacier, the Oregonian said:

"The Oregonian finds reprinted in a Hood River paper, 'for the benefit of apple growers,' an advertisement from the columns of this paper, inserted by the managers of the estate of the late Seid Bach."

"Hoppers wanted for our Independence (east) and Lope Sing yard at Hopmore. Best of hops with clean grounds. Healthy sheds with electric lights each, running water, sawed wood free. Store on grounds for your convenience. You and your baggage hauled free to and from yards. Tents at Lope Sing free for your use. Families preferred, as they would prefer. Come with your family, this to spend the vacation at the country and earn some money besides."

There is the whole story, so far as the guaranty of comfort and wholesome surroundings at hop-picking is concerned. It is an incident in the development of the hop industry of Oregon that at least two large yards are in the hands of Chinese or their Americanized descendants. They are all right. They are men of their word. The hop-pickers who go there for vacation or to make a little money, or for patriotic purposes, will not be disappointed, for they will find everything as represented and they will get the money when it is due.

But it is not the purpose herein to pay a tribute to the sound probity of the Chinese or to discuss the decline of hops as an industry, or to favor any particular yard or firm. It is to ask why more families do not accept the invitation made every year by the growers, and have a wholesome vacation at their expense?

MERCHANTS HELP TO WIN THE WAR

Local merchants have done much to help win the war. The merchants of Hood River made possible an advertising campaign to boost the War Savings Stamp campaign. Cooperating with the newspapers, these merchants bore a part of the expense of advertising.

The last of these advertisements, a half page in size, was run in the papers week before last. Through an oversight, the names of the patriotic merchants were omitted. Those who made possible the closing advertisement of the merchants' series were: Frank A. Cram, Hood Confectionery Co., Arnold Grocery Co. and Herman Kresse.

Forest Fires Are Out

Fogs, enveloping the forest areas attacked, have practically put an end to the Mt. Hecla Point forest fire. The dense fogs, according to A. A. Lausmann, drenched foliage and vegetation as thoroughly as a downpour of rain.

EXELSO
