

### THE MOST DANGEROUS DISEASE

No organs of the human body are so important to health and long life as the kidneys. When they slow up and commence to lag in their duties, look out! Find out what the trouble is—without delay. Whenever you feel nervous, weak, dizzy, suffer from sleeplessness, or have pain in the back—make up of once. Your kidneys need help. There are signs to warn you that your kidneys are not performing their functions properly. They are doing their work and are allowing impurities to accumulate and be converted into uric acid and other poisons, which are causing you distress and will destroy you unless they are driven from your system.

### AUTO PARK IS YET IN THE OFFING

Agitation of the past two years has not yet actually made available an automobile camping park in Hood River. At intervals an announcement has been made that a free campsite, equipped with the limited conveniences needed by travelers, would soon be in readiness, but plans have always failed of materialization. Last summer the Commercial Club brought to near maturity plans for such a project. Numerous citizens criticized the plans on the grounds that the site was too far away from the Columbia River Highway. About this time Chas. T. Early offered to furnish the city and county a free site, provided it were located along the Highway. Committees of the Hood River Game Protective Association and the Hood River Commercial Club began an investigation of available property. While they were delaying to return a joint report, Mr. Early offered free use of the property of the Oregon Lumber Company just east of the city. The game association committee endorsed the proposal and has asked the county court to make a formal acceptance. Because the Tax Budget Advisory Committee urged last December that the county expend no funds for an automobile park, the county authorities do not feel like taking the initiative in the matter without an assurance that the city will take steps toward financing the preparations of the park. The matter, too, it is stated, has been hampered by a jealousy between the two organizations. Game Association members stated last week that they understood that the Commercial Club members had dubbed the proposed park "The Rod and Gun Club Retreat."

**Chamberlain's Cough Remedy**  
The great benefit derived from the use of Chamberlain's Cough Remedy has been gratefully acknowledged by many. Mrs. Benjamin F. Blakeney, Decatur, Ill., writes, "Chamberlain's Cough Remedy is by far the best medicine for colds and coughs we have ever used in our family. I gave it to my children when small for croup and have taken it myself."

**Stranahan Praises Highway**  
Despite the fact that he drove 75 per cent of the way in showers, C. H. Stranahan, who has spent the past two years farming a 20-acre ranch in Clarke county, Washington, near Vancouver, made the 80-mile trip here in 44 hours last week. He was accompanied by his neighbor, Ira Hills. "The road is fine," said Mr. Stranahan. "It will be one of the most wonderful boulevards in the world when they get it paved."

**Sheriff's Notice of Sale of Real Property**  
In the Circuit Court of the State of Oregon for Hood River County.  
J. W. Hawk, as guardian of the person.  
M. E. Calbreath, plaintiff, vs. J. W. Hawk, guardian of the person, and estate of Lorin T. Becker; Lorin T. Becker, a minor, Lela A. Becker and J. W. Hawk, defendants.  
Notice is hereby given that by virtue of an execution issued out of the above named court and cause on the 14th day of April, 1919, and to me directed, I will on the 17th day of May, 1919, at the front door of the county court house in Hood River, Oregon, at 10 o'clock a. m., sell at public auction, to the highest bidder for cash in hand, the SE 1/4 of the NW 1/4 and the NE 1/4 of the SW 1/4 and the W 1/4 of the SE 1/4 of Sec. 26, and the NE 1/4 of Sec. 35 all in Twp. 2, N. of R. No. 9, E. of W. M. in Hood River county, Oregon, together with the tenements, hereditaments and appurtenances thereto belonging or in any wise appertaining, save and except the timber now standing or being on said premises, and right of ingress and egress, and construction of railroads and other rights set out in a deed from J. W. Hawk as guardian to Charles T. Early, which said deed is recorded at page 313 of Vol. 12 of Deeds of Hood River County, Oregon, or so much thereof as shall be necessary to satisfy the judgment of the plaintiff herein; to-wit, \$2,250.00 with interest thereon at the rate of 8 per cent per annum from August 3d, 1914, for \$400.00 as attorney fees and \$25.00 costs and disbursements.

**How Diphtheria is Contracted**  
One often hears the expression, "My child caught a severe cold which developed into diphtheria," when the truth was that the cold simply left the little one particularly susceptible to the wandering diphtheria germ. If your child has a cold when diphtheria is prevalent you should take him out of school and keep him off the street until fully recovered, as there is a hundred times more danger of his taking diphtheria when he has a cold. When Chamberlain's Cough Remedy is given it quickly cures the cold and lessens the danger of diphtheria or any other germ disease being contracted.

### ROOSEVELT WAY WILL HELP EASTERN OREGON

Though it is a fact not generally known Tillamook county, the most productive dairying section of the state of Oregon, has to ship in hay and other forage for its dairy herds. On this account farmers of eastern Oregon profited to the extent of \$100,000 in 1918. While the Tillamook section and the coast country in general boasts as fertile soil as can be found anywhere, the grasses there are not converted into winter fodder, for the reason that the product is more valuable for grazing dairy cattle. Tillamook county was not the only coast county that proved to be a good customer of the alfalfa raisers of the irrigated lands of eastern Oregon. All the rest of the seven coast counties purchased hay as well, though in smaller quantities. The proposed Roosevelt Highway along the coast would open up a great agricultural empire in that region, and in a few years millions of dollars would flow out to the hay producers where now only hundreds of thousands are spent by the dairymen. In 1918, Tillamook county sold throughout the United States \$2,000,000 worth of cheese and dairy products alone. This gives an inkling of what will be the result if millions of acres of land like that in Tillamook are opened up to cultivation and settlement through the medium of the Roosevelt Highway. Based on what has been shown in Tillamook county, \$100,000,000 worth of taxable property would be added to the wealth of the state if the rest of the coast region is developed in like manner. Grass is green every day of the year on the ocean side of the coast range of mountains, and the climate is so mild that the cattle do not need to be kept in barns and fed, as in other dairy sections of the United States, notably in the middle states and on the Atlantic seaboard, but, as has been stated already, it has been found most profitable to keep the land sowed down to clover pasturage for the dairy herds than to raise hay thereon. That is why the coast country will always be a great market for eastern Oregon hay.

**Japanese Have Big Tract**  
Japanese leasees of 66 acres of fertile land near Boreboro planted to strawberries bid fair to become rich this season. The berries, planted on land leased from the Boreboro and Cascade Orchards Co., are three years old this year and should bear their heaviest crop. The tract is perhaps the largest single area in strawberries in the northwest. The average yield of strawberries at the height of their production is 175 crates per acre. If the price of last season, \$3.33 per crate, is realized this year, the Japanese growers will deliver to the Association fruit exceeding \$35,000 in value.

**Carson Twins Celebrate 9th Birthday**  
One of the most pleasant of recent social affairs for children was that last week Wednesday when Mrs. J. K. Carson entertained a large party of little folks at her home on the Heights in celebration of the ninth birthday of the youngest two of her children, Jane and James, twins. The following children were present at the happy event: Helen Anderson, Joyce Nye, Louise Norton, Fern Marshall, Louise Cooper, Kathryn Perigo, Kathryn Vaughan, Edith Hartwig, Kathleen Hartwig, Mildred Rogers, Kathryn Volstorff, Margaret Rogers, Elburna Volstorff, Heulien Gled, Dorothy Heath, Virginia Heath, Pauline Keller, Ruth Blagg, Mary Emma Backett, Lucile Atkinson, Mable Blossche, Marianna Newby, Dorothy Nealeigh, Ray Hattiborne, Carl Smith, Sterling Cash, Billy Blashfield, John Marshall, Gordon Manser, Thomas Johnson, Leonard Shoon, Louis Jones, Herbert Frasier, Byron Walters, Horace Narver, Walter Dixon, Robert Perigo, Arnold Isenberg and Peter Applein.

**Steam Shovels Eat on Grade**  
Two big steam shovels are cutting away on the Highway east of here. One of the shovels is operated on both a day and night shift. A third shovel was expected here the past week. The machine, however, will be held up for several weeks, probably having been badly damaged in a wreck between Timber and Portland. One of the steam shovels is cutting figure 8s on the side of the range rising just across Hood river from the town. In climbing the top of the gorge the Highway makes three successive horseshoe turns.

In the County Court of the State of Oregon, for the County of Hood River. In the matter of the estate of John Donohue, deceased.  
To Emma Willetta Parker, and to the unknown heirs of John Donohue, deceased, and to all others, unknown, interested in the above estate, I do hereby cite and require you to appear in the County Court of Hood River County, Oregon, at the court room thereof in the city of Hood River, Oregon, on Tuesday, the 6th day of May 1919, at 10 o'clock a. m., then and there to show cause, if any there be, why a license should not be issued to D. McDonald, executor of the will of John Donohue, deceased, authorizing him to sell the following described real property belonging to said estate: Lots 2 and 3 in Block "B" of Barrett-Sipma addition to the city of Hood River, Oregon; and Lot 15 in Block 9 of Hull's subdivision of Lots or Tracts "A" and "B" of Pleasant View addition to the city of Hood River, Oregon. For the purpose of paying the funeral charges, expenses of administration and the claims against said estate and for the purpose of distribution. This citation is served upon you by this publication in accordance with the order of the Judge of the County Court of Hood River County, Oregon, made and entered March 22, 1919, prescribing such publication should continue for four weeks.  
Witness, the Hon. L. N. Blowers, Judge of the County Court of Hood River County, Oregon, with the seal of said court affixed, this 22nd day of March, 1919.

Tanlac Built Him Up So He is Now Working Hard Every Day

"When I weighed the other day I found I had gained thirty-five pounds, and that's only a part of what Tanlac has done for me," said L. L. Hooks, of North Roswell, Ga., in relating his experience with Tanlac. "I suffered from such an awful case of stomach trouble," he continued, "that I could hardly eat a thing and nothing tasted right. The little I forced down didn't give me any strength and at times I would almost choke from the gas that formed in my stomach. I was so weak and miserable I just couldn't do any work at all and was just about all in. "I commenced to take Tanlac because I saw the good it was doing others, and I could feel all the difference in the world right from the start; it simply made me feel like a new man. My troubles are now over; it built me up wonderfully and I am working hard, using pick and shovel every day, and never have any more trouble with my stomach."
