

# Biliousness

**WHEN** you have a bilious attack your liver fails to perform its function. You become constipated. The food you eat ferments in your stomach instead of digesting. This inflames the stomach and causes nausea, vomiting and a terrible headache. Take Chamberlain's Tablets. They will tone up your liver, clean out your stomach and you will soon be as well as ever. There is nothing better.

## HORSE IS KILLED PULLING TRACTOR

Joe Thurner, Cascade Locks farmer, recently purchased a new tractor from H. T. DeWitt. It was delivered at the town by boat. Mr. DeWitt expected to send a mechanic to Cascade Locks the next day following the arrival of the machine to pilot it out to Mr. Thurner's farm, but the visit of the expert was delayed by rain. Mr. DeWitt, however, happened to be motoring to Portland next morning. He met Mr. Thurner on the road.

"I'll send a man down to get your tractor over," he said as he greeted his customer. "It would have come today but for the rain."

But Mr. Thurner replied that he had taken the tractor home. He went to the boat landing with his team. Parts of the road en route to the Thurner farm are very steep and the rancher had allowed one of his horses to over-exert himself.

"I got the tractor in my barn, and unhitched the horses," Mr. Thurner told Mr. DeWitt. "When one of them died, I think I must have had a blood vessel. You'll have to hurry and teach me to run that tractor. I need it now. I want to get that horse out to the field and bury him. I am afraid it will kill my other horse if I allow him to pull his teammate alone."

## FARRELL TO GO TO NEW YORK CITY

H. F. Davidson announced last week that he had secured the services of Sgt. Harry Farrell, just returned from Camp Lewis, where he was mustered out of the army. Mr. Farrell, who will become Mr. Davidson's chief assistant, will not go to New York until this fall.

Mr. Farrell, when called to the service last year, was superintendent of storage plants of the Apple Growers Association. For more than 10 years he has been connected with local apple shipping concerns, having first been a shipping clerk with the old Apple Growers Union.

### Suggestions For a Camping Trip

Buy a bottle of Chamberlain's Colic and Diarrhoea Remedy before leaving home. As a rule it cannot be obtained when on a hunting, fishing or prospecting trip. Neither can it be obtained while on board the cars or steamships and at such times and places it is most likely to be needed. The safe way is to have it with you.

Hazlett, Elliot Building, Hood River, Oregon, within six months of the date hereof. Dated and first published May 1st, 1919. Artie Countryman, Executor.

## METHODIST CENTENARY PROGRESSING

The Methodist centenary drive for \$100,000,000 is making rapid progress. Large contributions are coming in. A business man of New York city, not a member of the church, gave his check for \$150,000 to be applied on the reconstruction work through the centenary program. John C. Shaffer, owner of the Chicago Evening Post, wrote out a check for \$25,000 for the centenary. Hundreds of others are responding in a splendid way. The program is so big and splendid that men of vision are willing to invest in this work.

Three hundred and fifty thousand have already joined the League of Prayer, and many have joined the Life Service League, while the Tithers' Band is increasing by the thousands.

If you are looking for something big come around and get into the game. Truly God's spirit is moving the hearts of His people.

J. D. Lewellen, Pastor.

## MANY THEFTS ARE BEING REPORTED

Numerous thefts of household goods from unoccupied rural houses, of chickens and farming implements have recently been reported. The thieves, believed by residents to come into the district from outside points after night, have been especially active in their visits to unoccupied homes. One such West Side place, it was discovered, lost all of its furniture. The kitchen range, its water connections removed, was hauled away. The poultry yard was raided on the W. A. Isenberg place. A number of young chickens were taken, as well as 12 hens. The thieves killed the hens, leaving the heads in the henhouse.

Several thefts of city property have recently been reported to authorities. The roller of the Benedict Tennis club was stolen.

## TENT CATERPILLARS MENACE ORCHARDS

Bert Hebard, carrying a wild rose branch on which hundreds of the worms were busy devouring foliage, appealed to the county court Thursday to destroy tent caterpillars, which he declares are a menace to orchards just west of the city. Mr. Hebard says that growers of the district have destroyed the pest in their own orchards, but that rose bushes and other shrubs in the county highway are literally alive with the caterpillars. Mr. Hebard believes the caterpillars originated in city orchards, which for the past several years have gone unsprayed. A movement among rural orchardists to enforce the law that requires all city fruit and ornamental trees to be sprayed, is growing.

## LATE L. E. CROWE HOOD'S FIRST AGENT

The late L. E. Crowe, a relative of Mrs. L. D. Perkins, was Hood River's first railway agent. Mr. Crowe, who came to Hood River in 1882, having been a timekeeper for construction gangs, became agent in 1887. He is known to all the pioneer residents of the valley.

Mr. Crowe, who died in Portland in January at the age of 61 years, was in the automobile business there. He left here in 1895, going to the Dalles, where he entered the hardware business, remaining there for 17 years. Mr. Crowe, who was a native of Nova Scotia, was engaged in the automobile business in Los Angeles for six years. He is survived by his widow.

### About Rheumatism

People are learning that it is only a waste of time and money to take medicine internally for chronic and muscular rheumatism, and about 99 out of 100 cases are one or the other of these varieties. All that is really necessary to afford relief is to apply Chamberlain's Liniment freely. Try it. It costs but 20 cents per bottle. Large size 60 cents.

### Card of Thanks

We wish, in this way, to express our heartfelt gratitude to the dear friends and neighbors who were so kind and sympathetic during the sickness and death of our beloved husband and father. Also our thanks for the beautiful floral offerings. Mrs. H. E. Redfield and Family.

## EARL FRANZ FINDS PICTURE AT FIRE

Wednesday evening of last week when Earl Franz, an official of the Volunteer fire department, was making an examination in the attic of the C. Dethman home to extinguish any embers that might have fallen there from a roof fire, he turned over an old photograph frame and by the light of his pocket flashlight beheld himself, aged six. Mr. Franz' father sold the residence to Mr. Dethman five years ago, and the old picture of the elder son, stored in the attic, had been left behind.

The fire department had no more than returned to the fire hall with the apparatus when the alarm sounded again, calling them to a barn at the home of E. E. Goodrich, on the Heights. Damage at both fires was negligible.

## BOY SCOUTS GET UNITARIAN CHURCH

The two troops of Boy Scouts, who recently lost their meeting place when the building was leased for storage of vinegar barrels, now find themselves at home in much better quarters. The management of the Unitarian church, for several years without a pastor, has given the boys the full use of the entire church building.

With D. G. Cruikshank and Frank Duvenport, Jr., respectively Scout Masters of Troop No. 1 and Troop No. 2, interest in Scout life is keen here. Under the leadership of the two men the city now has 60 Scout members.

### Sheriff's Cousins Buy Here

August Deschler has sold his 20 acre bearing orchard place in the Oak Grove district to G. R. and A. H. C. Johnson, former Kansas City business men who have been in Portland for the past several years. The men, cousins of Sheriff Johnson, expect to come here to reside soon. Mr. Deschler and his family will return to their former home in Indianapolis.
