**THE HOUSE OF  
KUPPENHEIMER**

The fastest growing clothing house in America—the house that has doubled its business in four years. Therefore they speak with authority as designers of clothes for men.

Their name is a powerful asset to this store or any other store, and is so recognized throughout the mercantile world.

You expect more from a Pierce Arrow than you do from a Ford, —and you get more from a "Kuppenheimer" than from many other makes.

## A Real Bargain

AN 18 ACRE ORCHARD, full bearing, in pink of condition, pruned and sprayed, for sale at a great sacrifice. My reason for selling is I am too old to care for it and the recent death of my wife make it necessary that I sell quick. One half cash will handle this and balance easy terms at 6 per cent. interest. A hustler can make this place pay for itself in a very short time. Come and see for yourself.

The Acme Quality Painting Guide Book tells how easily this can be done, how much is required, and how paints, enamels, stains, and finishes of all kinds should be applied. This book is free for the asking at our store.
