THE Winter buying season is at hand. Everything is high in price—and lots of merchandise is low in quality. So again we say: "Nationally Known Makes" we will not lower our standard.

- Walk Over Shoes**—are good shoes.
- Kuppenheimer Clothes**—among the very best.
- Gordon Hats**—we have recommended for years.
- Arrow Shirts**—everybody knows.
- Hansen Gloves**—far above in fit and service.

These makes and many others we have—and take pride in having.

ODELL

Mr. and Mrs. Barclay Henderson, formerly of Odell but now residents of Washington county, are spending their vacation at Netherby which was their home when they were residents of Odell. While here they are assisting in apple harvest. When at home they are engaged in dairying and their affairs are so arranged that they may take a short leave of absence.

Mrs. W. A. Sunday spent a few days last week at the Sunday home in Odell. She arrived Friday night of the week preceding last week and started on the trip east Tuesday evening of last week. She was accompanied as far as Omaha, Neb., by her son, George. Mrs. Sunday came from Fargo, N. D., where she had been visiting Rev. Sunday's brother, Ed Sunday.

Friends, if you do not provide material for interesting news notes the Odell column in the Glacier will decline in insignificance and there will be only vacancy, and space which should be monopolized by Odell must be given to notes from some other community. Come, let's be busy. We are, of course, but we must not forget our home column.

Exercises of a special and somewhat elaborate nature will be held at the Methodist church next Sunday, both morning and evening. All churches throughout the country are observing the day as "New Sunday," a day of formal welcome to the returned soldiers and sailors, and a day of rejoicing.

The Epworth League and church service in the evening will be omitted and a pageant, entitled, "Youth and the New Day," will be given, beginning at 7:30 p. m. A quartet, a soloist and 32 characters appear in this pageant. The church will be beautifully decorated in the national colors. Mrs. J. E. Ferguson has charge of the program and Mrs. G. A. Weber of the decorations.

The pageant is designed to portray the challenge of the present age to the church of Christ, and especially to the youth of the church. The leading figure are "Old World," represented by G. A. Weber; "New World," Mrs. G. A. Weber; "New Sunday," Mrs. Margaret Fletcher and "Church of Christ," represented by Rev. Newham.

The Road—In New Overland 4 on Three-Point Cantilever Springs

YOU expect a bad road to ride as it looks. It did, until the introduction of the Overland 4 Springbase.

Overland 4 does not change the road, but it does change the manner in which you can ride on it. It gives you comfort instead of discomfort. It gives you a smooth, sailing sensation instead of bouncing and swaying.

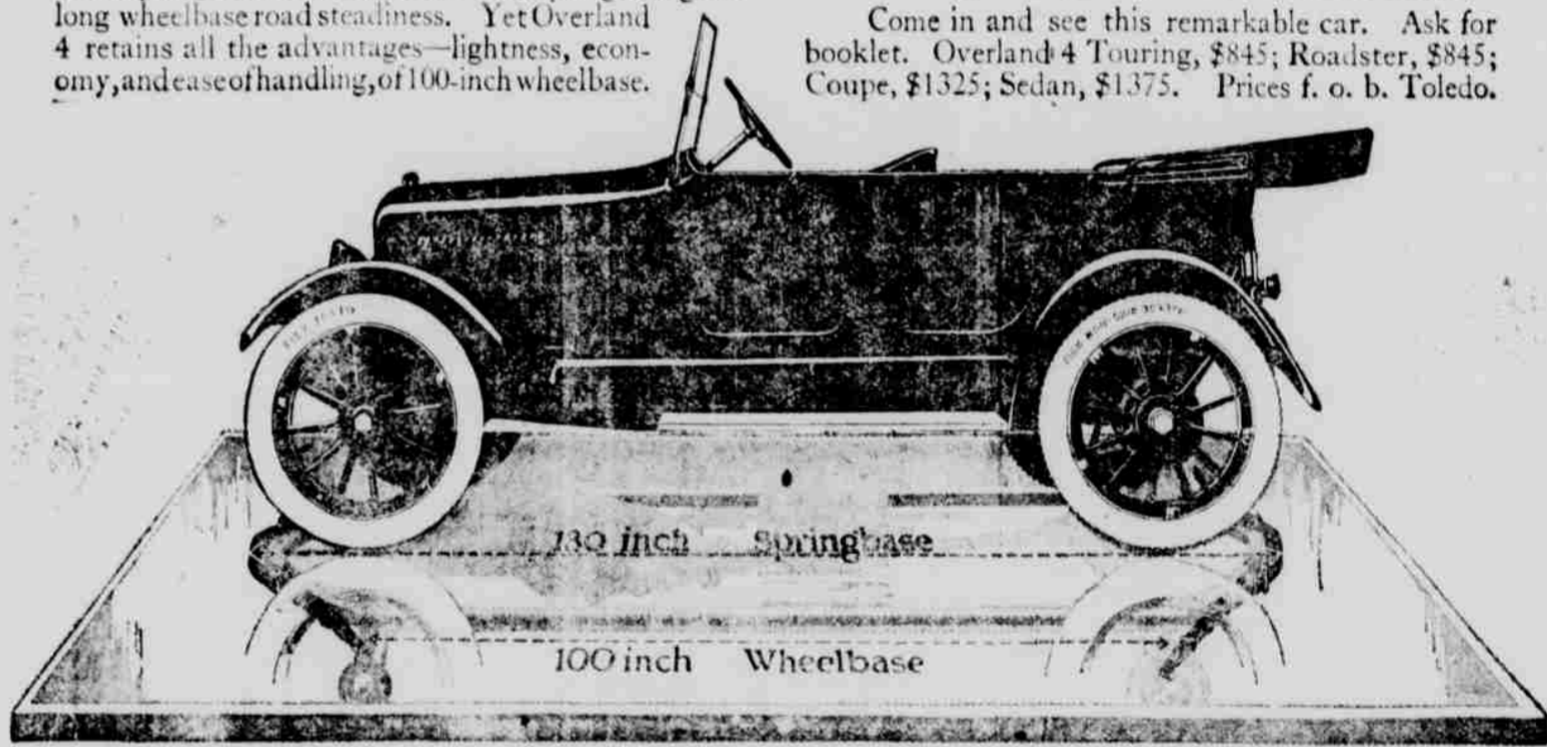

The Diagonal attachment of Three-Point Cantilever Springs at the ends of a 130-inch Springbase gives long wheelbase road steadiness. Yet Overland 4 retains all the advantages—lightness, economy, and ease of handling, of 100-inch wheelbase.

This means an altogether new standard of riding comfort, a noteworthy reduction in the wear and tear which lessens the efficiency of a car. The new springs give longer life to every part and thus minimize upkeep and replacement costs.

Tires wear longer because cushioned against hammering blows. Light weight means marked economy in gas, oil and running expense.

Overland 4's equipment is complete from Auto-Lite Starting and Lighting to Demountable Rims.

Come in and see this remarkable car. Ask for booklet. Overland 4 Touring, \$845; Roadster, \$845; Coupe, \$1325; Sedan, \$1375. Prices f. o. b. Toledo.

WHERE BETTER BEGINS

Better hides and better tanning are the beginning of the "Better" that goes all the way through Star Brand Shoes and all the way up from the bottom of the soles. Better tanning is the very groundwork of substance, the foundation of stability—it determines what shoes are made of. The Better that begins with making better leather is WORKED in, SHAPED in, SEWED in, and summed up in shoes that serve better, feel better, look better, and last longer.
