

Lay a bet on rolling 'em with

PRINCE ALBERT

ROLLING your own cigarettes with Prince Albert is just about as joy'us a sideline as you ever carried around in your grip! For, take it at any angle, you never got such quality, flavor, fragrance and coolness in a makin's cigarette in your life as every "P. A. home-made" will present you!

Prince Albert puts new smokenotions under your bonnet! It's so delightful rolled into a cigarette—and, so easy to roll! And, you just take to it like you been doing it since away back! You see, P. A. is crimp cut and a cinch to handle! It stays put—and you don't lose a lot when you start to hug the paper around the tobacco!

You'll like Prince Albert in a jammy pipe as much as you do in a home-rolled cigarette, too! Bite and parch are cut out by our exclusive patented process. You know P. A. is the tobacco that has had three men to smoke pipes where one was smoked before. Yes sir, Prince Albert lined the way. And, me-o-my, what a wad of smokesport will ripple your way every time you fill up!

PUBLIC HEALTH NURSE MENTIONED IN BIBLE

"I commend unto you Phoebe, our sister, who is a servant of the Church which is at Cenchrea," wrote St. Paul to the Romans, "that ye assist her in whatsoever business she hath need of you; for she hath been a succoror of many and of myself also."

Phoebe, explains Biblical history, was a woman who went about nursing the sick and teaching them better methods of living. Phoebe was the first public health nurse.

Public health nursing, which is one of the most important enterprises in the peace program of the American Red Cross, is not a new movement, but it is one which heretofore has never received its just need of attention as a factor in maintaining the health of the nation.

Phoebe's sister in the twentieth century is the community nurse who teaches better, cleaner living. Because the betterment of public health is now definitely accepted as an individual and a community responsibility, the Red Cross will make a definite effort to raise the standards of living in the United States by urging the employment of public health nurses in all cities, towns and rural districts, particularly in those where there are no organized public health activities. A healthier, happier America—that is what the Red Cross is striving toward in its Roll Call the first weeks in November.

WHOLE WORLD EMULATES AMERICAN RED CROSS

With the Red Cross societies of twenty-six nations co-operating as members, the League of Red Cross Societies is now actively engaged in extending Red Cross efforts throughout the world, says a cablegram to the American Red Cross from Sir David Henderson, director-general of the league.

The membership roster now includes, the cable said, the Red Cross of the following countries: Argentina, Australia, Belgium, Brazil, Canada, China, Cuba, Denmark, France, Great Britain, Greece, Holland, India, Italy, Japan, New Zealand, Norway, Peru, Portugal, Roumania, Serbia, South Africa, Spain, Sweden, the United States and Venezuela.

MOTHERS MUST NOT DIE. SAYS THE RED CROSS

Sixteen thousand mothers die in childbirth every year in the United States of America, more than are thus sacrificed in any other country of importance in the civilized world. The American Red Cross has announced its belief that these mothers, the very flower of the womanhood of America and heroines every one, shall no longer die through ignorance or neglect, if the public health nursing resources of the country can possibly be extended to give them the necessary care. This is one of the reasons for the Third Red Cross Roll Call which begins Sunday, November 2.

MERCY WOMEN PRODUCE FORTUNE IN GARMENTS

More than 8,000,000 women and girls participated in the sewing and knitting of the American Red Cross during the war. Most of these workers will be active in soliciting members for the Red Cross for 1920, during the ten days ending Armistice Day. When it is remembered that these women and girls in two years' time produced nearly \$100,000,000 worth of surgical articles and garments, including more than 375,000,000 surgical dressings, the fact that they are to assist in the Roll Call is a practical assurance that universal membership will be achieved.

Maxwell

Good looks, plenty of comfort and convenience and ample room for five adults make the Maxwell Touring model the ideal car for family use. The popularity of this pleasure car alone, during the past five seasons, would have enabled the Maxwell Motor Company to attain a volume production such as few motor car companies achieve with an entire line.

Five years of intensive manufacture have developed the Maxwell chassis remarkably, and the efforts of the past year to enhance the car's appearance have borne good fruit.

The Touring Car appears this season with a new body. It is just a little more roomy than its predecessors—more space in the tonneau and more clearance and leg room in the driving compartment. This naturally followed as a result of lengthening the chassis several inches.

McCLATCHY WILL TALK ON JAPANESE

While he expressed a support of the principles for which the organization of Hood River orchardists stands, W. H. Boddy, who Monday night was present at a meeting of the body, warned the members of the new association against pent up feelings and irresponsible acts and expressions that might lead to unpleasantness between whites and Japanese. Mr. Boddy, who attended the meeting, he said, seeking information, was called on for a talk. Members of the organization told him that every means would be used to prevent friction between Japanese already landowners and whites, but that the organization would be uncompromising in ways and means to prevent a further aggression of the orientals.

The Forum, recently organized by the men of the Riverside church at the instigation of Mr. Boddy, has invited W. S. McClatchy, publisher of the Sacramento Bee, who has taken a decided stand against further Japanese immigration, here to deliver an address. The Anti-Asiatic Association voted to pay a half of the expenses of Mr. McClatchy should he come. The Forum has also decided to invite W. D. Wheelwright, prominent Portland citizen well versed in Oriental affairs, here to discuss the Japanese situation.

The league of orchardists instructed their secretary, R. E. Scott, to write Senator Chamberlain and ascertain his attitude on the question. The league was fully satisfied with an answer received to a letter written the senator. It is claimed that the letter evidences an "on-the-fence" attitude. If this is the case, the anti-Japanese orchardists say, they want to know it.
