**WOMAN'S CLUB CONCERT FRIDAY NIGHT**

Musical Hood River is fortunate in having received a notable addition to its circle in Mrs. Violet Fenster Blagg and will welcome her first appearance of the season at a concert in Library hall Friday night under the auspices of the music department of the Women's club.

Mrs. Blagg is a versatile performer, appearing on the program as both pianist and soprano. She will have the assistance of Miss Loree Gregory, of Portland and Hood River, who will play solos as well as obligato.

Mrs. Blagg was a pupil for three years of the celebrated pianist, Alberto Jones studying with him both in Berlin and New York, and has acquired much of the style and brilliancy of that famous virtuoso. Her voice work was done under Isabel Marx, of San Francisco. She has appeared in concert in New York and San Francisco, and has recently given professional accompaniment for Fred Day, of the Metropolitan Opera Co.

So wide a musical experience is unusual in a bride in her early twenties. The program for Friday night will give music lovers an excellent chance to see how well she has profited by her splendid opportunities.

Miss Gregory's violin work is too well known and well liked to need comment. Her numbers on the program are all popular favorites of the solid order and would deserve a grand audience were there no other attraction.

There is no regular admission charged at these concerts. Non-members pay a guest fee of ten cents. Of those terms, all Hood River is invited to be guests of the Women's club next Friday night at 8 o'clock.

**MOSIER.**

The schools all had a holiday from Thursday until Monday.

The entertainment given at the Immanuel church Thursday evening by P. W. Davis, assisted by Mrs. W. G. Jolley and different high school pupils, was well attended, every seat being occupied. The extremely fine chimes as rendered by Prof. Davis was a treat, making in itself a delightful entertainment. He was accompanied on the piano by Misses Rosa Carroll and Mildred Nichol. A few of the numbers were "Merrill's," "A Perfect Day," "Think to me Only With Thine Eyes," "Aloha Oe," and several popular melodies and patriotic airs. One very pleasing part of the program were the numbers rendered by Mrs. Jolley, who gave some of her best readings. Musical numbers by the high school pupils were well received.

Thursday morning the thermometer registered 14 above zero, the coldest as yet this season, with a cold breeze from the east. By evening it had moderated somewhat, showing 28 above at about 6 p. m. Saturday morning dawned stormy with a steady downpour of rain which lasted through the day.

John Wellberg stopped a few hours Wednesday while passing through on his way to Portland from eastern Oregon.

Rev. Fr. Burke, president of Columbia University, spent the week and was the guest of Mark A. Mayer, Mayor of the town. Fr. Burke is the successor to Fr. Bolen and was previously located at Notre Dame.

"I am getting more mileage than I ever dreamed of out of my tires."

And the second said—  
"My tires are guaranteed puncture-proof."

And the fourth—  
"My tires cost only 1/2 as much as yours."

**Maxwell**

Good looks, plenty of comfort and convenience and ample room for five adults make the Maxwell Touring model the ideal car for family use. The popularity of this pleasure car alone, during the past five seasons, would have enabled the Maxwell Motor Company to attain a volume production such as few motor car companies achieve with an entire line.

Five years of intensive manufacture have developed the Maxwell chassis remarkably, and the efforts of the past year to enhance the car's appearance have borne good fruit.

The Touring Car appears this season with a new body. It is just a little more roomy than its predecessors—more space in the tonneau and more clearance and leg room in the driving compartment. This naturally followed as a result of lengthening the chassis several inches.
