

CLETRAC-Tank Type Tractor

BEST ORCHARD AND GENERAL PURPOSE TRACTOR MADE

ESPECIALLY ADAPTED TO HOOD RIVER VALLEY

BECAUSE:—It works nearer trees, on steeper grades and hillsides, in looser soils, does not pack the ground, most economical, easier to operate and lasts longer than any other tractor. **WE ASK A CHANCE TO PROVE IT.**

WE HAVE SOLD A CARLOAD OF THESE MACHINES IN HOOD RIVER AND WHITE SALMON THE PAST MONTH. BETTER GET YOURS WHILE YOU CAN

It is no trouble to sell as any man with sound business judgment will take the CLETRAC after carefully considering all. But the trouble will be in delivering to you unless you order at once. While the factory is the largest in the world, they can keep up with their orders, so **DON'T WAIT. GET YOUR CLETRAC NOW.**

THE CLETRAC, TANK TYPE TRACTOR, with its new wide, single grouser 8-inch track, dust proof motor, air clarifier and Timken bearings, protected from dust, its meeting with phenomenal success. It satisfied the great demand for a small all purpose tractor with stamina and pull.

YOU CAN SAVE THE PRICE OF THIS TRACTOR IN ONE YEAR.

Call at our garage and see the latest model. Ask or write for our beautiful free booklet "SECRETING YOUR TRACTOR". It goes into your problems and solves them. If you expect to get a CLETRAC this spring, see about it NOW.

SHRINERS' CLUB TO BE ORGANIZED

A Hood River Shrine club will be organized and officers elected at a meeting to be called at Masonic hall Thursday evening, January 15, when plans for entertaining visitors to the Imperial Council to be held in Portland next June, will be discussed. Following the recent initiation of the W. Freeland Kendrick class, when a large number of Hood River Masons became affiliated with Al Kader Temple, of Portland, the following men were appointed as a committee to arrange for a Shriners' club: C. W. McCullagh, chairman, Truman Butler, E. O. Blanchard, Geo. M. Sunday and C. C. Anderson.

The club of Nobles, it is stated, will begin immediately working on elaborate plans for entertaining the hundreds of visiting Shriners who will make the Columbia Highway trip to Hood River. All Shriners members of Temple other than Al Kader have been asked to affiliate with the club. The new club, it is stated, will be a permanent organization.

HIGH SCHOOL NOTES

(By Laura M. Folts)

High school has again started in earnest after a week and a half of strenuous but joyous holidays. Because we lost a week of school during the big snow the finals have been postponed for a week.

We had assembly Monday afternoon. Mrs. Henney, being ill, could not take charge of the music, so Mr. Gibson took her place, explaining to us all about the Harvard-Oregon game, which was very interesting. He thought it was wonderful that Oregon, a small, young college, should have the chance to play against a large old college such as Harvard, which has comparatively the strongest football team in the United States, and hold them down to the score of 7-6.

Just before the holidays, at the close of our last assembly, a special student body meeting was called for the purpose of discussing whether we should or should not amend that part of the constitution concerning the election of officers for the mascot. One amendment was made. The president of the student body appointed a committee of five and these five are to elect three new officers from the senior class.

This committee was made up of one member of the faculty, Mr. Gibson, and a member of each of the classes, Thomas Scott, Vernon Garrabrant, John Carson and Bun Epping.

A week ago last Saturday night the seniors were invited to the H. R. H. S. alumni banquet and enjoyed both the banquet and dancing very much, and are looking forward to next year when they will be alumni.

FISH, FURS AND FEATHERS

Close friends of the late James M. Blossom, whose will provided that his administrator, Judge A. W. Onthank, should turn over to the city marshal a general assortment of firearms of arsenal proportions, the arms to be dumped into the Columbia river, say that Mr. Blossom had bought the guns to prevent the death of birds. Mr. Blossom, was, it is stated, a member of the Audubon Society and a great lover of birds. Whenever a small boy appeared in his neighborhood with a new air gun Mr. Blossom immediately made overtures to buy the gun. He had bought scores of such guns. His collection included double-barreled shotguns, rifles and revolvers.

To the owner of the Multnomah hotel one morning last week came the following telegram from the manager of the Palace hotel, San Francisco:

"Can you get us thirty dozen crevisses? If so rush first train early as we have to have Wednesday morning."

Eric Hauser at once started to gather thirty dozen bunches of Oregon grape. He thought "crevisses" was the Indian name for this foliage. But his son Rupert came in and stopped the proceedings. "That's not what he wants, dad, it's thirty dozen of these small Olympia oysters."

Just then son Kenneth arrived. He declared that "crevisses" was the French word for razor clams. But to settle the dispute Major Hauser called up Gus Van Rosendaal, who was interpreter for the eighteenth engineers. And the word means "Crawfish."

Payment of bounties on predatory animals cost Hood River county \$250 the past year. Citizens turned in claims on 25 bobcats and 25 coyotes. A bounty of \$2 each is paid for bobcats; for coyotes, \$3 for males and \$4 for females.

A new state dog law requires that a license tag and collar be purchased annually from the county. The law, however, it is said, will not be enforced until courts have passed on its validity.

A huge moose head now adorns a wall at the Commercial club. The trophy was sent there by E. R. Pooley, visiting relatives in Philadelphia. The moose was killed in the Hudson Bay country by Mr. Pooley's father.

E. J. Middleswart braved the cold weather Tuesday, visited Hood river and caught several salmon trout.

Dalles City Goes to Portland

The whistle of a steamboat was heard here Tuesday for the last time until early February. The Dalles City, caught by the December cold wave at The Dalles, passed here Tuesday on the return to Portland. The river steamer suffered badly from bursted war pipes and other freeze-up damage.

Leonard Miller, agent of the Dalles-Columbia Line, which operates the Dalles City, states that the boat will be tied up in Portland for repairs the remainder of this month at least.

Mosier Road Work Resumed

Crews of the A. D. Kern Construction Co. resumed work Monday, interrupted by the December blizzard, on the Columbia Highway between here and Mosier. The most of the remaining work will be handled by a steam shovel working near the county line. But for a link of about 800 feet the road is already passable. Windows will be cut in the 245 foot tunnel bore along the Columbia gorge nearly 500 feet above the tracks.

Unless cold weather again interferes, the road should be opened to traffic during February, it is said.

We are now prepared to saw your wood. Sutherland & Shay, Tel. 3372. 1101

GET WELL NOW

Why suffer longer? Why "doctor" all your days under the old system that vainly tries to cure you by merely treating symptoms without removing the causes of your sickness? Take the scientific, quick road back to health instead.

Avoid Operations

Disease is caused by pressure upon nerve tissue—the tiny wires that carry the life force from brain to all parts of the body. When these are normally working, nature has the power to heal disease. Chiropractic does this, and health is the result.

Ninety-five per cent of all diseases originate at the points shown by the arrows. A slight displacement of one or more of your vertebrae probably is causing your trouble today.

1. Slight subluxations at this point will cause so-called headaches, eye diseases, deafness, epilepsy, vertigo, insomnia, wry neck, facial paralysis, locomotor ataxia, etc.
2. A slight subluxation of a vertebra in this part of the spine is the cause of so-called throat trouble, neuralgia, pain in the shoulders and arms, gout, nervous prostration, la grippe, dizziness, bleeding from nose, disorder of gums, catarrh, etc.
3. The arrow head marked No. 3 locates the part of the spine wherein subluxations will cause so-called bronchitis, felons, pain between the shoulder blades, rheumatism of the arms and shoulders, hay fever, writers' cramp, etc.
4. A vertebral subluxation at this point causes so-called nervousness, heart disease, asthma, pneumonia, tuberculosis, difficult breathing, other lung troubles, etc.
5. Stomach and liver troubles, enlargement of the spleen, pleurisy and a score of other troubles, so-called, are caused by subluxations in this part of the spine, sometimes so light as to remain unnoticed by others except the trained Chiropractor.
6. Here we find the cause of so-called gall stones, dyspepsia of upper bowels, fevers, shingles, hicough, worms, etc.
7. Bright's disease, diabetes, floating kidney, skin disease, boils, eruptions and other diseases, so-called, are caused by nerves being pinched in the spinal openings at this point.
8. Regulations of such troubles as so-called appendicitis, peritonitis, jaundice, etc., follow Chiropractic adjustments at this point.
9. Why have so-called constipation, rectal troubles, sciatica, etc., when Chiropractic adjustments at this part of the spine will remove the cause?
10. A slight slippage of one or both innominate bones will likewise produce so-called sciatica, together with many "diseases" of pelvis and lower extremities.

CHIROPRACTIC OFFERS YOU HEALTH

WHY DELAY? DISEASE DOES NOT

No matter how you are suffering don't consider your case hopeless or that you have to spend a long time regaining health. Chiropractic is permanently curing hundreds every day. It is doing so because it is the sane, safe, sure, and scientific way to health. Investigate this wonderful modern way of healing disease. Take advantage of it, and suffer no more.

COME TO The Pacific Chiropractic College Hospital

LARGEST INSTITUTION OF ITS KIND IN THE WORLD

Where An Expert Diagnostician will trace your trouble to its source. An Expert Chiropractor will remove the cause and health will return.

QUALITY CLOTHES

In these times of high prices, poor cloth and inferior workmanship, it is a great satisfaction to a man to know that he is getting something that is absolutely right.

That is why we are selling more clothes now than ever before. Men know that the clothes we make are right and that we don't sell shoddy or cotton mixed cloth. You can buy cheaper clothes than we sell, but you can't buy good clothes at more reasonable prices than ours.
