L. B. Gibson, who has been superintendent for a number of years at a nominal salary, has been forced to teach courses at the high school in order to gain a living. The meeting voiced unanimous support of Mr. Gibson, who with increased salary will be able to devote his entire time to school work. D. L. Pierson, elected president of the committee, and J. W. Crites, secretary,

were instructed to prepare the petition for circulation.

**Escaped Boys Caught**

E. Roberts and H. Barncote, both aged 17, were arrested last week by Night Marshal Hart on complaint from Cascade Locks, where they had failed to pay for a meal. City Marshal Frazier later learned that the boys were wanted at Chetakis, where they had escaped from a detention home and had stolen the automobile in which they were touring.

**RECENT SHIPMENT OF APPLES HEAVY**

Shipments of apples from here during the past few weeks have been heavy, more than 350 cars of the fruit having rolled to point of distribution. The Apple Growers Association, however, now holding practically all of the commercially packed apples remaining here still has about 100 cars of apples in storage for instruction from buyers about 100 cars. Last year at this time apples of all varieties had been sold, but the Association still held a few cars for purchasers.

A few Portland dealers are active here now buying from growers their cull and cooking stock. This class of fruit, it is said, will soon be cleaned up.

THE UNIVERSAL CAR

## Surest Thing in the World

Two and two have always made four. There would not be more than three million five hundred thousand Ford cars in daily service—which is just about one half of all the automobiles in America—if the Ford, as a reliable motor car, did not meet the demands of all classes of people everywhere and under all circumstances.

Two and two have always made four. If the material, the iron and the marvelous Vanadium steel used in the construction of the Ford chassis, were not of the highest quality known to the science of Metallurgy, then the Ford car could not have won its world-wide reputation for reliability.

Two and two have always made four. When replacements and repairs are required on Ford cars, the Ford owner will be wise in bringing his car to our place, because we use only the Genuine Ford Parts, and we have the Ford skilled mechanics, and all the Ford knowledge that goes to maintain the high standard of quality which is original in the Ford car.

When you want a Ford car or a Ford truck, and when you want repairs or replacements for the same, we earnestly solicit your business, assuring you of prompt attention, real Ford service, and economical Ford prices.
