**Remember when the first automobile came to town**

TODAY there are more than 7,000,000 of them in the country. Pretty soon nearly everybody in this section will be traveling around in his own automobile.

that we sold them to you.

U. S. Tires have a record behind them.

They are built by the people who perfected the first straight side automobile tire, who produced the first pneumatic truck tire.

Two of the greatest contributions to tire and motor economy ever made.

As representatives of the oldest and largest rubber concern in the world, we have a reputation to live up to. We can't afford to substitute "just as good" tires for tires of standard quality.

Our object in selling U. S. Tires is to have you come back for more—and be glad

**United States Tires**

Select your tires according to the roads they have to travel:

- In sandy or hilly country, wherever the going is apt to be heavy—The U. S. Nobby.
- For ordinary country roads—The U. S. Chain or Usco.
- For front wheels—The U. S. Plain.
- For best results—everywhere—U. S. Royal Cord.
