

- the "Dry-Charged"
Battery

Eight months added to your battery life

IS YOUR battery failing? It may want attention today without your knowing it. Why not obtain our expert advice without cost and add to your car economy?

We will give you the kind of battery service the Golden Rule stands for. We'll not try to sell you a new battery if your old one is repairable. And if it is, we'll guarantee it for eight months on an adjustment basis.

If it is not repairable we'll sell you a USL Battery with durable Machine-Fastened Plates. Our Service is a Good-Will Builder.

DES=DES

At last, after years of protracted study and much in experimental work, effective poison for squirrels, rats, gophers, moles, rabbits and mice has been perfected and is being used in California with great success.

This discovery is called DES-DES, and is more economical and safer to the farmer than other so-called Rodent Exterminators.

It is compound so as to attract both in odor and taste, and will produce the desired results, where others fail.

A TRIAL WILL CONVINCING

If your dealer does not have it, write us.

VERY BAD CASE OF MISTAKEN IDENTITY

Deputy Marshal Hart, who keeps away burglars, automobile thieves and bogey men while his fellow citizens sleep, went home in a huff at daybreak Friday morning. It was all the result of a case of mistaken identity. Although Hood River county Democrats gave the Republican candidate, Thos. F. Johnson, the nomination of the Bourbons, no small number of the Democrats complimented Mr. Hart, familiarly known as "Bill" by writing in his name. When the official record was being scanned at the secretary of state's office, somebody jumped at the conclusion that Big Bill Hart, the movie hero, had received the vote. It made a good story in the morning Oregonian, and that is why Mr. Hart is sore. Mr. Hart is a Kentuckian. So is the sheriff. In fact, it seems a prerequisite to attaining a position as a local peace officer that the applicant be a native of Kentucky. Mr. Hart is known to be a bad hombre when he is peeved. He inquired Friday who the Oregonian correspondent at Salem might be. At intervals he visited some of the convicted bad men sent to the penitentiary from Hood River to Salem. He intimated that he might call on a newspaper man the next time he sallies down to the capital.

KOLSTAD PROVIDES A TEETHING ROOM

A. S. Kolstad has arranged for a "teething" room for babies in the Liberty Theatre, not being overhauled. "When a mother brings a teething youngster down to the show and the new ivories begin to ache," says Mr. Kolstad, we will flash a notice on the screen that our teething room is fixed up with all the conveniences of home. We will provide all the good home remedies necessary, and will have other articles of a baby's boudoir at hand for young mothers. The theatre is receiving a thorough remodeling. Baldwin & Swope are rebuilding the stage, which will be equipped with an old English proscenium arch.

Wards Home From South
"The roads are a little rough in spots but for the most of the going the motorist has no difficulties to confront from Long Bench to Hood River," says J. J. Ward, who with his wife arrived last week from the south, where they spent the winter. "In practically every instance where we were the least bit inconvenienced," says Mr. Ward, "it was caused by new construction. The two roughest places we struck were on the Siskiyou and between Viento and Hood River."

Sheep Are Coming
Eastern Oregon sheep owners last week began the importation of flocks here for summer pasturage on logged off land and the national forest. Thirteen cars were brought from Condon Thursday. The sheep were taken to Dee by special train over the Mount Hood line. Herdman says that the forest pastures are in excellent condition at present. Ranges are covered with wild pea vines, declared to be very fattening for lambs and to produce a high quality of mutton.

Notice of Street Improvement Oak Street

Pursuant to the order of the Common Council contained in Ordinance No. 535, of the City of Hood River, passed by the Common Council on the 24th day of May, 1920, and approved by the Mayor on the 28th day of May, 1920, notice is hereby given that the undersigned City Recorder will receive bids for the improvement of Oak street from the west line of Ninth street west to the south line of Cascade avenue, by grading, draining, the construction of cement sidewalks, the construction of cement curbs and gutters and by paving, as follows, to-wit:

A cement sidewalk six (6) feet in width shall be constructed two (2) feet north of the north line of the property abutting the south line of Oak street, from the west line of Tenth street west to the east line of Thirteenth street.

A cement curb and gutter, on both the north side and the south side of said portion of Oak street a distance of twelve (12) feet from the property line, beginning at the west line of Tenth street and extending west to the east line of Thirteenth street.

Paving shall be placed upon the surface of said portion of Oak street for the full width thereof between the curb lines, beginning at the west line of Ninth street and extending west to the east line of Thirteenth street.

Paving shall be placed upon said portion of Oak street sixteen (16) feet in width, being eight (8) feet on either side of the center line of Oak street, beginning at the east line of Thirteenth street and extending west to the south line of Cascade avenue, said work to be done in the manner and form as set forth in the specifications prepared by the city surveyor and now on file in my office.

Sealed proposals for the work will be received at my office up to 8 o'clock p. m. June 21st, 1920, and the Common Council will at its next regular meeting after the completion of the publication of this notice to-wit: On the 21st day of June, 1920, at the council chambers, at the hour of 8 o'clock p. m., proceed to open and consider all bids for said work, which is ordered by the Common Council by said Ordinance No. 535, duly entered as above specified; that the improvement will be let in one contract, and will be required to be completed within 30 days from the date of the awarding the same to the successful bidder, who will be required to furnish a bond to the City of Hood River, in a sum of not less than 25 per cent of the estimated cost of the contract for the faithful performance thereof; the complete specifications are on file in my office covering the improvements for which bids are called, which may be examined by prospective bidders upon application, or copies thereof will be furnished upon the deposit of \$5.00 in advance, returnable to the City of Hood River after the awarding of the contract, and said contract will be awarded to the lowest and best bidder upon said specifications. The City reserves the right to reject any or all bids, or to waive any defects therein, for the benefit of the City of Hood River. The terms of the specifications shall be notice to prospective bidders of the requirements demanded by said City in the performance of said work.

This notice is given for ten days by publication in the Hood River Glacier, a newspaper published at the City of Hood River, Oregon, the date of the first publication being the 3rd day of June, 1920.

H. L. Howe,
City Recorder.

Time Telling Through The Ages

No window display has created so much interest recently as that placed in our store showing photographs of the book just issued under auspices of the Ingersoll Watch Co. and bearing the title as appearing in the above heading.

It has not been so long ago, as the student counts time, since time-telling contrivances were luxuries and only potentates or the very wealthy could afford them.

The Ingersoll Watch Co., through the ingenuity of modern science, organization and quantity production has provided watches for everyone at a nominal cost.

Let us show you this new book and tell you more of this miracle of factory production. The Ingersoll Factory is one of the wonders of all times.
