

HOOVER

The Darky described a "Platform" as the thing a candidate uses to get into office on. So it is, Herbert Hoover will demand his own platform and that is exactly what the "Bosses" do not like about Hoover. Even now they have things lined up to nominate the man who will "obey orders" and stand "bitching." This suggests nothing against the honorable men who are now candidates, but will not be nominated, for all the pl-thora of candidates is merely the old scheme to excite the ordinary man and divide each candidate's strength so that when the convention time comes the "dark horse" will be the machine man.

To make a fight for Hoover effective all friends of good government must do their share. Follow the following instructions. Write a letter to Will H. Hays, Chairman National Republican Committee, New York City, New York. Give one reason for nominating Hoover and make it strong. Do it today.

ASSOCIATION TO ESTABLISH AGENCY

The Apple Growers Association, having received word from the Portland office of the United States Bureau of Immigration, which for the past four years has conducted a free employment office here, that such service will be discontinued, has established an agency of its own. The new agency, established to secure pickers for strawberry growers, is in the office quarters of the Davidson warehouse, telephone 2281. Mr. Stone states that a Portland branch office will probably be located at once.

The shipping concern and growers do not anticipate any difficulty in securing help. Pickers will receive 12 cents per carrier, and packers will be paid 20 cents per crate. A bonus of three cents per carrier will be paid to all pickers who remain throughout the season, and packers will receive a five cent bonus. Although the harvest will not begin in earnest before the latter part of next week, transients are already drifting in seeking work.

SAYS SHE THREW HER MONEY AWAY

Mrs. Parker Spent Hundreds Seeking Health—Tanlac Restores Her

"My troubles have been completely overcome since I began taking Tanlac and I am enjoying the best health I have had in twenty years," said Mrs. M. Parker, of 425 East Tenth St., Los Angeles, Cal.

"I spent several thousand dollars for medicines and treatment," she continued, "but it was just money thrown away, for I never got any relief from my suffering until I commenced taking Tanlac. I was practically an invalid for twenty years and all my trouble was caused by the awful condition of my stomach. A great part of the time I was confined to my bed, simply too weak to be up. I could eat but very little, and that disagreed with me so I suffered terribly from gas. To make matters worse I was attacked by rheumatism in my arms and legs, which caused me no end of pain and misery. I never got a good night's sleep and became extremely nervous."

"Well, I have just finished my fourth bottle of Tanlac and its wonderful way I have improved. Why, I feel so well and strong I do all my household work without the least trouble. Last week I actually did the family washing and it has been many years since I did a thing like that. My appetite is fine and nothing disagrees with me. I sleep restfully and get up feeling refreshed every morning. The rheumatism has entirely disappeared and Tanlac deserves every bit of the credit."

Tanlac is sold in Hood River by the Kresse Drug Co.—Adv.

What other phonograph dares this test?

DID you ask some one about the Edison Tone-Test recital given Tuesday, May 11th, in Riverside Church. The startled audience heard Marie Morrisey's living voice flood the packed house. It then heard the New Edison* match that voice, even unto its finest variation of shading and feeling. Any one who was present will tell you.

The voice of the living artist and its RE-CREATION by the New Edison can not be told apart.

It is no idle phrase that you can enjoy Case, Middleton, Hempel, Matzenauer, Spalding—in your own home. The New Edison brings all that the great artist can bring, except his physical presence. It is the phonographic triumph of the age.
