"The finest appearing Restaurant and Grill between Portland and Salt Lake City."

This description of Hicks' New Grill was made by a party who claims to have been in every city of any size between the two cities.

And that is taking a lot of territory, we'll admit. But we believe appearances bear out this statement.

And we are going to try and make it fine in more than appearance only.

Service, Quality and Super-Cleanliness will be our motto.

And of course we will have an "Opening Night," with lots of eats, music, in everything that goes with them.

And as we only have fifty tables, seating four at a table, and eight booths seating the same number, it might pay you to reserve a table if you desire accommodations.

The date of opening will be announced soon.

MRS. MEACHAM TO GIVE ENTERTAINMENT

Among the many former professional musicians who have made their homes in Hood River, all have already appeared here in public with one notable exception. This gap is to be filled when Mrs. Lucius O. Meacham gives a song recital on the evening of Thursday, June 17, at the high school auditorium. The concert will be for the benefit of the American Legion building fund.

Mrs. Meacham is well known to musical circles in Hood River as a wide and well deserved popularity for herself and her singing.

Last winter in that city she gave much time to vocal work under a leading professional coach, so that her repertoire is in shape to enable her to do herself full justice.

She has chosen a varied and interesting program well suited to her powers and to her beautiful coloratura soprano voice.

The music department of the Woman's club feels that in presenting Mrs. Meacham it is both contributing the very worthy activity of increasing the building fund of the American Legion and also offering music lovers a rare artistic treat.

Admission 50 cents, and reserved seats at 25 cents, are on sale at Kresse's drug store. Thursday evening, June 17, at the high school auditorium.

Mrs. Meacham has a coloratura soprano voice. She has been a pupil of Homer Davies, who numbers among his students Galli-Curci and Tito Ruffo. For five years she was engaged in professional work in Chicago, St. Paul, Minneapolis and Detroit.
