DES-DES

At last, after years of protracted study and much in experimental work, effective poison for squirrels, rats, gophers, moles, rabbits and mice has been perfected and is being used in California with great success.

This discovery is called DES-DES, and is more economical and safer to the farmer than other so-called Rodent Exterminators.

It is compound so as to attract both in odor and taste, and will produce the desired results, where others fail.

A TRIAL WILL CONVINCED.

CARO FIBRE WRAP MAN VISITS HERE

Clinton L. Shorno, director of the sales for Blake-McFall Company, of Portland, and W. F. Dallman, of the American Sales Agency Co., of San Francisco, arrived here last week in the interest of a new fibre fruit wrap known as Caro that is meeting with considerable favor in Northwestern districts. The special fibre paper is manufactured exclusively for fruit wraps. It is said to prolong the life of fruit, as it clings closely, drying up escaping juice. An ingredient also kills bacteria and prevents the spread of decay.

The new fibre paper, it is claimed by the makers, is being used on a constantly increasing scale by the large fruit interests of California, and a number of Northwestern sales concerns are buying heavily.

PRODUCE EXCHANGE CLOSING SHIPMENTS

The Hood River Produce Exchange, which has been shipping local and Underwood strawberries this season, expects to bring shipments to a close this week.

"The crop has wound up rapidly," says P. L. Tompkins, "the fruit of later fields in the higher altitudes having made a far smaller yield than was anticipated. Our shipments have run about 200 crates per day for the past three weeks. We purchased one tract in Underwood from Geo. W. Collins that ran about 1,000 crates."

Yakima Pools Closed

The closing of the Winesap and Yellow Newtown pools was announced last week by the sales department of the Yakima Fruit Growers' association. The Winesap pool included 200,233 boxes, of which there were 93,632 extra fancy, 44,459 fancy, 60,988 C-grade and 1154 jumble pack, and returned an average of \$2.06 net to the association. Detailed figures follow: Blue Y 3 1/2 and 4 tier, \$2.05; 4 1/2 tier, \$2.25; 5 tier, \$1.95; Red Y 3 1/2 and 4 tier, \$2.35; 4 1/2 tier, \$2.25; 5 tier, \$1.65; C-grade, 3 1/2 and 4 tier, \$1.85; 4 1/2 tier, \$1.75; 5 tier, \$1.10; jumble, \$1.

The Newtown pool included about 20,000 boxes and returned net to the association as follows: Blue 163s and larger, \$2.10; 5 tier, 1.60; Red Y 613s and larger, \$1.80; 5 tier, \$1.30; C-grade, 163s and larger, \$1.45; 5 tier, \$1.

The segregation into two groups was made by the sales department because of the unusual demand during the past season for the larger sizes, and the refusal on the part of buyers to accept more than a certain percentage of smaller sizes without a price reduction.

This condition was in sharp contrast to that of the preceding season, when the small sizes commanded practically as good a price as the larger throughout the season.

Indians Vamoose

Warm Springs and Yakima Indians, who have been participating in the strawberry harvest and vacations, have left the valley in scores the past week. Most of the Indians returned, as they came, in big automobiles. The Indians, it is said, left a shortage of alcohol heat cubes at local stores. The Redmen utilize the heat cubes in the manufacture of a cocktail that is said to have an extreme amount of authority.

The First Bottle of PE-RU-NA

Gave Relief SO Writes

Entirely Free from Catarrh of the Stomach

"Peruna has positively done for me what many doctors failed to do. I have been time and again compelled to take to my bed for days. The first bottle of Peruna gave relief and while I always keep it in the house for emergencies, I consider myself entirely free from catarrh of the stomach, the trouble from which I suffered for so long before taking this remedy."
