

WHEN THE DOLLAR COMES BACK

When the buying power of the dollar returns as it surely WILL RETURN, those who are resisting the tendency towards extravagance during the postwar period and are "salting away" their surplus earnings will surely reap the reward of thrift. Enjoy the privilege of investing your savings at a later date when a dollar will be worth nearly double its present value.

FOUNTAIN PENS

It is the custom to present gifts to graduates of High Schools and Colleges. It is just as appropriate to give the student just entering School or College some useful article.

What is finer for the new student than a nice Eveready Pencil or a Fountain Pen. We keep a good assortment of both and will be glad to show them to you.

Be Good to Your Ford

Put it on Goodyear all-weather treads. They are the best there is for "looks." And their beauty is more than skin-deep. They have won the preference of automobile manufacturers, racers, and the public, because of the mileage they give.

There are two other types of Goodyear Clincher casings in the smaller sizes. We believe that each type is the best of the kind at the price.

We now have a good stock of Goodyear Clincher tires and tubes in these smaller sizes. Also a full line of other sizes plain, ribbed and All-Weather treads, Regular and Heavy Tourist Tubes, tire accesso-

FREDRICY PASSES

BELT TO BAKER

A story told Thursday by John Bak-er, who related a thrilling encounter with a cougar on the Highway near Herman creek the night before, resulted in a delegation of citizens calling on Mr. Baker Friday and presenting him with the "Championship Liar's Belt," relinquished by J. H. Fredricy, for whom the belt was purchased in 1918 when he informed his fellow citizens of discovery of a red, white and blue lizard while out on a fishing trip. Mr. Fredricy made the presentation speech. He recalled to Mr. Baker

that the two were members of a certain fraternal order, (The Elks), and that it was a tenet of the organiza-tion that the faults of a brother should be written in the sands. He then asked Mr. Baker to respond to certain questions and tell the truth, the whole truth and nothing but the truth.

"Are your specifications as to the cougar's dimensions correct?" asked Mr. Fredricy, "You state that it was eight feet and nine inches long. Did the congar jump over your carfor did the automobile jump over the cougar? Your story is indefinite on this point. Will you please also tell us how much you exceeded the speed limit in getting way from there?

The presentation was attended by members of the bar, bankers, Postmaster Reavis, newspaper folk and members of civic bodies. A poem written for the occasion by R. C. Glandillo ville was read. Mr. Baker, when called on to respond, maintained that his story of seeing the cougar was true in all details. He and has family were returning home from a motor tour over Highway when the cougar, confused by the spotlights, stopped in the middle of the paving. The animal, thought at first to have been a dog, was recognized for the terror of the forests when Mr. Baker was only about 10 feet away. Realizing the necessity for quick action he applied all speed, expecting to collide with the cougar. The animal, however, leaped as the car grazed him.
