OUR PICNIC

We of Hood River have an opportunity for participation in one of the most memorable occasions in the history of Hood River county Labor Day, September 6, when we gather with our distinguished guests of Portland and other sections of Oregon to celebrate our completely paved Highway from here to Portland. We hope that every district is represented by 100 per cent of the residents. It will give us a chance to get better acquainted with each other. We will meet and mingle with our visitors. Let everybody leave grouchies at home and come to Chautauqua park with a loaded picnic basket. The committee will serve coffee, cream and sugar. The committee, however, will not have cups. All picnickers are supposed to provide these. The feast of the inner man will be followed by some speeches of felicitation that are going to be remembered for a long time in the Hood River valley.

CASCADE LOCKS

We hope that as many of the Cascade Locks people as can possibly do so attend the Benson picnic here Labor Day. We of Hood River and Cascade Locks have been strangers to each other for years. We would have remained so but for the Columbia River Highway. Formerly Cascade Locks people came here once or twice a year to pay taxes or to attend jury. Members of fraternal orders were here occasionally for meetings. Now it is not a rare sight to see a Cascade Locks resident here shopping. It will be an excellent time for us to start getting better acquainted at the Highway celebration. Let the Cascade Locks housewives fill their lunch baskets and bring all the kiddies along. A picnic is not complete without the youngsters. They break the ice of formality and throw about us the lines of friendship.

THE COUNTY FAIR

Just a few weeks remain until the annual Hood River county fair. When we contemplate how few cows the valley really had in 1915 it is rather astonishing to read off a list of names of cow owners today. Some of the herds of the valley will compare favorably in size with districts devoted to dairying. Other herds will take a lead for character of breeding in any district. If you do not believe that the dairy business has reached a gratifying stride in the valley just visit the creamery some day. The creamery is one of Hood River's most beneficial institutions. Remember that interest in the fair will aid the creamery. Make the fair even better than last year.

It has not been so very many years ago when whalers of New England were unable to conceive of peril to their industry from the refinement of mineral oil pumped from the earth. We wonder if oil refining concerns of today are worried over the discovery of the Seattle boy, Alfred Hubbard, who propels motors with energy derived from the air? Anyhow, the poor motorists who have found it so difficult recently to obtain gasoline have a ray of hope.

E. Wilson now have a new Ford, purchased through the Carroll garage. Jno. O. Beldin and family enjoyed an outing for a few days near Lost Lake, returning home Friday evening. Some time Friday night burglars entered the Carroll garage and stole the rear tires from a new truck. They had evidently looked over all the tires in the house, as the wrappings had been torn. Finding no others to suit their purpose they removed the ones from the truck and departed, leaving some of their tools behind in their hurry. Mrs. Elizabeth Lelliott received word Friday that her husband had come out from the operation, undergone Friday morning at the St. Vincent hospital in Portland, successfully and was doing very nicely. It is hoped that he may soon recover and be able to return to his home. Mrs. H. H. Moore and children arrived from Ft. Brown, Texas, last Friday evening. They are spending some time up at the Vessel ranch, with Mr. and Mrs. W. C. Vessel, before moving into town for the winter. Capt. Moore will come later, as soon as he can be relieved from duty. Mr. and Mrs. Frank Ginger and son Edwin visited the stock and wheat ranch of J. P. Tryon, of Castle Rock, recently. They also visited Pe Ell, where Mrs. Ginger's uncle lives, and Mr. and Mrs. Ison at Washougal. They stopped en route at Vancouver to visit Mr. Ginger's brother, and will go to the huckleberry fields before returning to Mosier. Mosier citizens have been requested to cooperate with the people of Hood River county and assist in celebrating the completion of the Columbia River Highway to Hood River and Mosier; also to do honor to S. Benson, who by his untiring efforts and generous expenditure of money, has made this great event possible. This celebration is to be held September 6, Labor Day, at Chautauqua park in Hood River, where a picnic dinner will be enjoyed at 12:30 and afterward speaking by prominent Oregon citizens. Arrangements have been made by the committee of local citizens for two free trips by an automobile and truck to accommodate those who have no way of going or may have no other arrangements made. The hour of leaving the Carroll garage will be stated later. All are requested to prepare their lunches, the Hood River people having stated that coffee will be served during the dinner hour. (Bring your own cups. The exercises will close at 4 p. m.)
