THE PIONEERS

An inspiring spectacle will be offered all who visit the Odd Fellows hall tomorrow afternoon when the pioneer fathers and mothers of the valley...

WE NEED SIGNS

Stewart Edward White, in his latest published story, Rose Dawn, says that tourists are very much like dogs.

And so it is with tourists. The general run of them will visit new lands, but will never show initiative enough to look at the scenery unless they have guides or have proper direction from guide books.

STUDENTS AND APPLE HARVEST

Through an unfortunate choice of words last week The Glacier made it appear that the Hood River school board and faculty members would not permit any student to participate in apple harvest.

The school authorities, and we believe rightly so, are opposed to the idea of a general vacation for the reason that it really nullifies all of the work of the first few weeks of school.

GET OUT TO THE FAIR

It will be worth the while of every adult individual in the valley to get out to the fair tomorrow and Saturday. You will benefit by the pleasant intermingling with your neighbors.

The fair will be all the more pleasant if you carry the kiddies. If you haven't any of your own, borrow some. The management has arranged for some high class amusements and it will be almost like circus days.

You owe it to the members of the fair board to be present and help them make the session a great success. Get out for the fair.

Sure, sugar is dropping now. Canning is all over. Fish and tomatoes are left, but who wants sweetened salmon and tomatoes in a sugar syrup?

GETTING READY FOR THE ANNUAL FAIR

Increased Interest Apparent In All Parts of the Northwest.

"I have been looking into the Fair situation in pretty much all parts of the Northwest," said Mr. Wm. McHenry, General Passenger Agent of the O.W.R. & N. Company.

"We are surely living in an age of improvement, especially betterment of living conditions, and he who succeeds best, whether in commercial or agricultural life, or indeed any line of business, should become familiar with the ideas and methods of those who are succeeding.

"One of the strongest educational features of all Fairs is the prominence now being given to boys' and girls' club work. Those exhibits of garden products, poultry, pigs, calves, school-room work, or other line of industry, are not only educational, but they arouse interest and create an ambition and enthusiasm that makes their work a pleasure instead of drudgery.

"In short, I would say to all, be sure to attend one or more fairs this season, not only for pleasure, but for profit, rest, recreation, and as a public duty. You will feel better for having done so."

UNDERWOOD

(By Naomi Hunter)

Mrs. W. B. Rine and W. H. Hamlin were shopping in Hood River Friday. J. W. Shipley attended the meeting of the county commissioners last week.

Herbert L. Oliver, who has been visiting at the Walker home, left for Pomeroy Monday. A number from here attended the dance at Cooks Saturday evening.

Donald Lowden is the proud owner of a Ford roadster which was presented to him by his uncle. Mrs. M. V. Olsen was a business caller in Hood River Saturday.

Mrs. H. A. Hussey attended a luncheon given in her honor at Hood River Friday. Mr. and Mrs. Wm. Underwood, who were visiting at the Stortevant home, left for Hood River Monday.

Mrs. Dorothy Newman, of Boston, Mass., is visiting her mother, Mrs. H. A. Hussey. She made the trip through the beautiful Canadian Rockies. The Underwood school commenced September 7 with an enrollment of 36 pupils.

Cascade Locks Case Heard Circuit Judge Wilson began hearing here last week of a case involving possession of a 10 acre tract of land at Cascade Locks on which is located the plant of the Columbia Light & Power Co.

Telephone on Fair Grounds A telephone will be installed at the fair grounds tomorrow and Saturday, and it will be possible to reach any member of the fair board or others desired. The phone number is 2793.

The Cox slash fund charges seem to have been a boomerang weapon.

GOVERNMENT PLANES SOLD BELOW COST

Portland Is Leading In Aviation Service on the Pacific Coast.

Government planes are being sold to the people at much less than it cost to produce them. It will not be long until even towns of 500 population will arrange for an aviation field where planes can land, and many towns of this class will have several machines.

Portland is leading in aviation on the Pacific coast. The leading business men and financiers have interested themselves in establishing reliable air service out of Portland.

The Oregon, Washington and Idaho Airplane Company, Inc., is capitalized for \$200,000.00. President, Julius L. Meier; Vice-President, Natt McDougal; Secretary, Chester G. Murphy; Treasurer, Prescott W. Cookingham. Directors: Emory Olmstead, J. B. Yeon, A. D. Charlton, Edward Cookingham, Watson Eastman, J. C. Atmsworth, Manager, Victor Vernon; Assistant Manager, Howard C. Charlton.

There are three privately owned planes, which are housed and cared for on the field. The Company has conducted flights of long duration throughout the Northwest. The Company began flying operations November 11th, 1919, and has been heartily supported and patronized by the public. From November 11th, 1919, to July 1st, 1920: Flights made, 4,240; Hours flown, 735; Mileage covered (miles), 51,450; Passengers carried, 2,734.

On June 15th, 1920, the Company inaugurated the Astoria and Seaside Flying Boat Service, carrying passengers to and from both these points. A contract was made with the Oregon Journal for the delivery of 300 pounds of newspapers to Astoria and Seaside daily except Sunday.

First Church of Christ, Scientist Services will be held in Church Building, 9th and Eugene, Sunday, 11:00 a. m. Subject: Matter. Sunday School at 11 a. m.

Christian and Missionary Alliance Sunday School at 9:30 every Sunday morning. Regular Services at 11 o'clock. Regular Sunday evening services. Special musical programs. All cordially invited. Rev. D. M. Carpenter, Pastor.

TROUT LAKE

J. H. Lickel and family, formerly of Guler, now of Doty, are spending a few weeks visiting friends here. They made the trip in their auto. While camping in the hills Mr. Lickel had the misfortune to cut his foot so he has been upon crutches most of his vacation.

Labor Day brought the usual crowd to Trout Lake, filling the hotels. Assistant Road Supervisor Wilson is busy with a gang of men building a bridge across the White Salmon river and the county part of the road to Mt. Adams. We believe the location of this road is meeting the approval of 95 per cent. of the people in the valley.

The farmers are finding some difficulty in securing help this busy season of reaping, threshing, cutting second crop of clover and baling. R. L. Dewey entertained several friends from Sheridan, Or., over Labor Day.

Mrs. G. W. Sickfouse is entertaining her sister, Miss Bertha Schmid, a graduate nurse from North Bend, Ore. West Kleikitt Pomona Grange held its regular meeting September 7. The grange recommended the continuance of the Farm Extension Bureau; recommended the enactment of a law permitting the farmer to secure books from the public libraries and return them at the rate of one cent postage per volume; instructed the secretary to ask our county commissioners to give us better game and fish protection. It also recommended that the war tax be taken off the necessities of life and that the war debt be paid by taxing incomes over \$5,000 and limiting all excess profits on honest investments; confining all dividends on so called water stock; a heavy tax be placed upon inheritance tax; a heavy tax upon all speculative holdings of our natural resources.
