

Nobody thinks anything now of going away on a trip

THE railroads were partly responsible. But it wasn't until the automobile reached its present state of development that the old barriers against travel were finally broken down.

Select your tires according to the roads they have to travel:
In sandy or hilly country, wherever the going is apt to be heavy—The U. S. Nobby.
For ordinary country roads—The U. S. Chain or Usco.
For front wheels—The U. S. Plain.
For best results—everywhere—U. S. Royal Cord.

More people own automobiles today than ever thought of owning a horse and buggy in the old days.

That's because the cost of motoring has been brought within reach of the average citizen's pocketbook.

We look upon it as part of our job to keep it there. If it weren't for the trade of the man with the medium priced car there wouldn't be

much in this tire business for us.

The less a man has to spend on motoring, the more important it is that his tires should be of first quality.

Any tire is not good enough for the small car owner. He wants a tire that will give him just as much for his money in the small size as the big car man gets for his money in the large size.

In thinking over what kind of tires we would represent in this community we tried to put ourselves in the place of the car owner. And we believe we hit it exactly when we selected U. S. Tires.

LEGION PLANS FOR BUSY SOCIAL SEASON

The American Legion Post plans an active winter season from a social standpoint. The first of a series of dances will be held at Pythian hall Wednesday evening, October 13. Kolstad's orchestra will play. The next dance will be given Armistice night. Armistice Day will generally be observed here. All places of business will be closed. FARMERS' DITCH COMPANY IMPROVES

Following a conference between the directors of the irrigation system and E. E. Newell, local engineer, and C. H. Beihen and Hans Stum, Portland engineers, the Farmers' Irrigating Co. Monday inaugurated a policy of constructing permanent flume and pipe. Concrete will be used extensively, and the West Side orchard district in the immediate vicinity of the city will probably soon resemble the citrus districts of California, where water is conveyed underground or in permanent surface flumes.

The directors of the irrigation concern instructed Mr. Newell to proceed with laying 10 inch pipe for all of the ditch company's system within the city limits on the Heights, where many vacant lot tracts are watered. From four to five carloads of pipe will be required in the improvement of the system.

Political activity is increasing here. Saturday the Republican county central committee, according to Geo. C. Gladden, secretary, will meet at the court house. As plans for speaking in different sections of the valley will be made, Mr. Gladden expects that district committees will be present. He expresses the opinion that Hood River county will cast a heavy majority for Senator Harding for the presidency.

SCHOOL NEWS

By Roberts Lane.

The senior class party which was held Friday evening at the high school was a great success. The assembly hall was artistically decorated with autumn leaves. In the center of the room hung a large electric sign with '21 in colored lights. The school board and a number of parents of high school students acted as patrons and refreshments furnished amusements for the evening. Promptly at 11 o'clock Home Sweet Home was played and the guests departed.

Principal Cooke and Athletic Manager Reed went to The Dalles Saturday to attend a conference of delegates representing the mid-Columbia League. In this organization Mr. Cooke was elected president for the coming year. The foot ball schedule was approved, and the basket ball schedule for January and February was prepared.

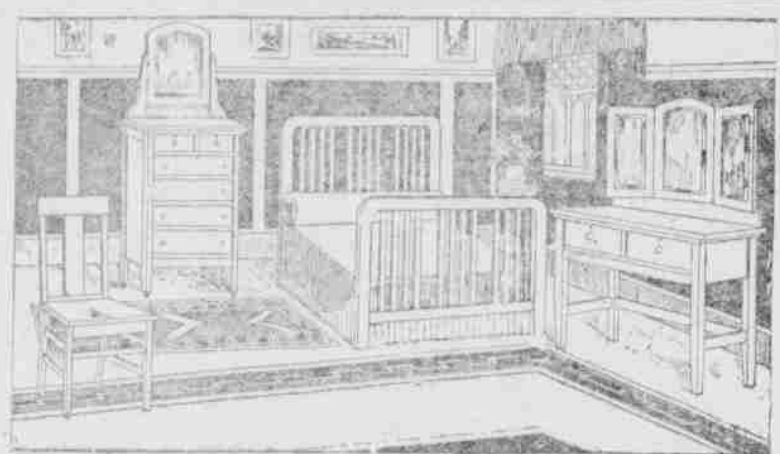

The foot ball season opens Friday at Hood River when the local team will meet Vancouver high school team on Gibson field at 2:15 p. m. The visitors have a very heavy line and are coming with the expectation of carrying away the honors. But Coach Fleischman and high school players expect to have Vancouver passing immediately after the kick off. Yell Leader Ford will

keep the side lines busy in supporting the team. A good game and a large crowd are expected. Other games scheduled for Hood River are as follows: The Dalles October 15, Camas October 20 and Estacada November 5. Otto Hartwig, president of the Oregon Federation of Labor, addressed the high school students in assembly Monday morning. He told about the things which organized labor had accomplished in an educational way and he expanded on the ideals and purposes for which the labor movement stands. He was introduced by Rev. Boddy.

Fire prevention day in Oregon is Saturday, October 9. Suitable programs and exercises will be held in the various school buildings Friday, except in the high school, where assembly will be called today.

School report cards will be issued at times during the school year, at the end of each six weeks period. The first six weeks period closes tomorrow and it is expected that report cards will be in the hands of pupils next Wednesday afternoon. The parents are urged to inspect these report carefully, sign them and send them back to the teachers by the end of the week.
