Satin Egg Shell Finish

RECONSTRUCTION!

Now, while the world is doing its "house cleaning," is a good time to begin a "reconstruction period" at home.

Whichever room you start with you will find need for B-H Satin Egg Shell Finish. Although intended for walls and ceilings it makes a beautiful egg-shell enamel on woodwork too. The Kitchen—Library—Bedroom—Hallway or Bath can be made brighter, more attractive and easier to keep clean by a coat of B-H Satin Egg Shell finish—any one of twelve shades.

Be sure to think of Bass-Hueter when considering a painting job—whether a room or an entire house—inside or out.

Let us assist you in the proper choice of materials!

Running Water

The Greatest of City Conveniences

A Dayton Electric-Driven Water System will automatically provide water under pressure at all fixtures in your home—the same as city water supply.

It does away with all the drudgery of pumping and carrying water—just a simple turn of the faucet and you have a steady stream of it—cool and sparkling. The cost is but a few cents a day.

Picture to yourself the convenience of running water, the comfort of sanitary plumbing, less work for the women folks—then come in and let us help you make it a reality.

MRS. KNEEDLER TELLS OF THE PHILIPPINES

Mrs. H. D. Kneedler, wife of a Manila, P. I., physician, who is here visiting her sister, Mrs. J. R. Edgar, and family, is of the opinion that America will never relinquish a protectorate, at least, of the Philippine Islands. Much talk is heard and newspaper stories read, Mrs. Kneedler says, of Philippine independence. She believes, however, that the conservative citizenry of the Islands, comprising the real substantial population, while no open movement is being made to oppose independence propaganda, is really sincerely desirous that America retain a protectorate. The thinking people of the Philippines, both American and Filipinos, she declares, realize that America must remain in control of the situation to prevent aggression of Japan. She avows that the feeling is general that Japan would not wait two weeks for aggressive tactics, should America relinquish the Islands.

"The present administration, or another for that matter," Mrs. Kneedler says, "will never give the Philippines unlimited independence. In the first place, America realizes that such a course cannot be safely pursued. Even if America were willing France and England would not permit an abandonment of the Islands."

At present, however, she states, the only authoritative American in the Philippines is the governor general. All lesser offices are held by natives. The result, she says, is anything but satisfactory from the standpoint of a residence there. Sanitation is dropping back to the careless ways of the old Spanish administration. Good roads that the Americans built and improved are going to pieces. The Kneedler family has decided to return to the States to live, on account of sanitation and to educate their children. Since her arrival here Mrs. Kneedler has received a cablegram from her husband announcing sale of residence property and that he will sail for home in January.

While the older American population of the Islands is thinning out Mrs. Kneedler says the arrival of newcomers has brought the white population to a record point. American business is making strong bids for Island business, and most of the new arrivals at Manila and other points are representatives of American business houses.

Mrs. Kneedler says the recent congressional committee, which went on a junket to the Philippine Islands learned only what officialdom there desired that they learn. The congressmen, accompanied by their wives and families, had an enjoyable vacation, and apparently everything was done for their entertainment, but they were shown only the things that would impress them as favorable to the officials. Americans, she says, who were known to be the least unsympathetic were not allowed places on committees of entertainment and were prevented from getting at the ear of the congressional junketers.

On the arrival of Dr. Kneedler, Mrs. Kneedler, who is accompanied by her children, will join him. They expect to make their home in San Diego, Cal.

Autumn Colors Appear

While no killing frosts have prevailed on the lower levels, foliage of vine maples, dog wood and Oregon grape on the Columbia bluffs is rapidly taking on the tints of fall. The bare ranges on the Washington side, as a result of the recent rains, have grown as green as springtime. The intermingling of the gray of rocky cliffs, the green of the open spaces and the various tints of autumn leaves now result in many appealing views from here.

Attention Voters!

The Republican party presents for your consideration an exceptionally strong, clean ticket from our candidate for president down to the last man on the county ticket. These candidates are the regular nominees of the party and their qualifications for the office to which they aspire are unquestioned. We earnestly request that you give them your support on election day, November 2nd.

"IS GREATEST ON EARTH," SHE SAYS

Mrs. Daley Gains Seventeen Pounds Taking Tanlac—Thought Case Was Hopeless

"They said I couldn't live more than six months longer, but I'm still here and feeling fine," said Mrs. Mary Daley, of 530 Oak St., San Francisco, Cal.

"I have actually gained seventeen pounds since I began taking Tanlac," she continued, "and to look at me one wouldn't think that for several months I was unable to do my housework. I suffered from gastritis all the time, would bloat terribly and always felt miserable. I had no appetite and felt nauseated all the time. I was so nervous the least little noise would startle me and it was almost impossible to get a good night's sleep. I had night sweats and was so run down and weak that the slightest exertion would almost exhaust me completely. I lost weight dreadfully and was told that I couldn't live six months at the rate I was going down hill.

"Nothing helped me until I began taking Tanlac and I honestly believe it is the finest medicine in the world, for it has made me just like a new person. My appetite is splendid and I never have the slightest indigestion any more and I never enjoyed such fine and refreshing sleep in my life as I do now. My house has eight rooms and I do all the work with ease. Tanlac has been a god-send to me and I would be selfish not to tell others about it."

Tanlac is sold in Hood River by the Kresse Drug Co.—Adv.

Parkdale Students Pick Apples

The Union high school, of Parkdale, has been closed for apple harvest. Both students and teachers are engaged in the orchards. It is expected that school will resume after this week, as the fruit will be fairly well harvested.
