INFORMATION ON INCOME TAX REPORTS

Births, deaths, and marriages during the year 1920 affect materially income tax returns for that year.

Millions of babies were added to family circles, each of whom brings an exemption of \$200 in the parents' income tax return.

Widows and widowers who lost their husbands or wives during the year are especially affected. They are single for the purposes of the income tax law and are granted only an exemption of \$1,000, unless the head of a family.

Persons who were divorced or separated by mutual agreement during the year also must consider themselves as single persons.

The status of the taxpayer on December 31, 1920, determines the amount of the exemptions. If on that day the taxpayer was married and living with wife or husband, claim may be made for the \$2,000 exemption. If single, or married and not living with wife or husband on December 31, the exemption is only \$1,000.

Persons who reached majority during the year and whose earnings for that period amounted to \$1,000 or more, or \$2,000 or more, according to their marital status, must file a return and pay a tax on their net income in excess of those amounts.

To avoid penalty, the return must be in the hands of the Collector of Internal Revenue for the district in which the taxpayer lives, or has his principal place of business, on or before midnight of March 15, 1921.

Another Side to Rail Wages

Editor Glacier: I am surprised that the Apple Growers Association should take such a decided stand against the railroad workers. When you mention wages being too high for railroad workers you are talking about the little band of faithful men right here in Hood River, some of whom in busy season stay at work until 10 or 11 o'clock at night so that the fruit may be kept moving. I don't think anyone will say they are over paid. In fact it is well known that they are under paid, even now, as a whole.

In some cases the railroads are kept poor paying excessive salaries to officials, as was proven by the government during its control. This might apply to some of the fruit associations mentioned by Mr. McCullagh.

The fundamental trouble is that the apples grown here are just about 2,000 miles too far from the market. Especially when other points have a good crop.

In regard to that baked potato I expect any first class hotel would charge about the same for that spud. It's service you pay for, not spuds. In fact it is a well known fact among railroad men that there are very few dining car runs that pay expenses. They simply run them for the accommodation of the patrons of the road.

Railroad Worker.

Mr. Henderson Tells of Son

John Leland Henderson, pioneer attorney of Hood River who is now located at Tillamook, was here last week on business. Mr. Henderson is very proud of the record of a son, Eliot Henderson, who served with the merchant marine during the war. The young man, following his discharge from the merchant marine, enlisted with the navy. He is now stationed at Mare Island.

"Eliot was a lucky boy and the United States government has been good to him. He had influenza, mumps, scarlet fever, was ruptured and then was operated on for appendicitis, all in succession," said his father. "Then when he got straightened out he had tonsillitis and had his tonsils removed. He received excellent care at government hospitals. Why it would have cost him thousands of dollars if he had suffered these misfortunes as a private individual. As it was, the government paid the bills."

Commercial Committees Named

President J. H. Fredrick, of the Hood River Commercial Club, has appointed committee heads for the ensuing year as follows: House, S. J. Moore; Roads, E. W. Birge; Finance, C. W. McCullagh; Membership, J. D. Gentry; Entertainment, Al. W. Peters; Civic and Automobiles, F. H. Blackman. The chairmen will themselves appoint other members of their respective committees.

Restaurant Prices Back to Normal

The back-to-normal spirit is being revealed in local restaurant prices. Before the war prices are in vogue again, and in cases where portions were lessened during the days of high cost of foodstuffs, the old time size is again served.

Smallpox Appears Here

County Health Officer Edgington last week isolated a man found stricken with smallpox in a local lodging house. Dr. Edgington is now waging a campaign for vaccination. It was the first case of smallpox to appear here this year.

For electrical troubles and storage batteries, see Dakin, 111-15 3d St. m811

Wildroot keeps my hair healthy

"By using Wildroot regularly, I keep my scalp entirely free from the itching crust of dandruff, the cause of most hair trouble. I owe my luxuriant hair—the envy of my friends—to this guaranteed dandruff remedy."

Wildroot Liquid Shampoo or Wildroot Shampoo Soap, used in connection with Wildroot Hair Tonic will assure the treatment.

Three More Rooms without raising the roof

In these days of high rents, is all your house space at work? How about the attic, for instance? We've shown several of our customers how to add two rooms and a bath on the third floor, and all without raising the roof and with little muss and litter. Simply a few panels of

BEAVER BOARD

FOR BETTER WALLS & CEILINGS

paint, and wood trim, and that third floor waste space can be converted into a useful apartment that will quickly pay for itself in added rent. Write us for samples and details.

We carry a complete line of other building materials, too, and are prepared to supply all your building or remodeling requirements. Ask us about our free plan service.
