STRAWBERRY FESTIVAL PROPOSED BY BELL

Hood River may hold a strawberry festival the coming spring. In former years, although the Clark Seedling strawberry as produced here has won a reputation that is nationwide, the valley has limited its celebration to an apple blossom fête. C. A. Bell, who suggested the idea, has been appointed chairman of a committee to sound out public opinion, and at the next meeting of the club definite action will be taken.

Mr. Bell stated that the Pacific States Hotel Men's Association plans a junket to Hood River during the coming spring or summer.

TWENTY-FIVE CENTS ON THE DOLLAR

I am authorized to offer for sale this week one of the best orchard and farm buys that has yet come to my notice. In consideration of the amount that has been invested in this property, at the price at which this place is offered, it is like paying twenty-five cents on the dollar.

The entire tract comprises 160 acres. There are ninety acres in cultivation, of which fifty acres are in eight year old apples and thirty acres in hay. There is ample water for the ninety acres and the entire portion under cultivation lies well for working and irrigating. The part uncultivated is rough, timbered hillside, suitable possibly for pasture.

There is a four room bungalow and a fine large barn, comparatively new.

The tract is located on one of the main county roads and is within two and a half miles of Odell.
