HIGH FREIGHT IS MENACE TO FRUIT

Bankers, growers and shippers of apples, along with representatives of various other districts, journeyed to Yakima last week, where data on the serious need of lowered freight rates for the 1921 harvest was presented to a representative of the Interstate Commerce Commission. Fred A. Williams, of Salem, member of the Oregon Public Service Commission, declared on returning home, that nothing short of lower freight rates to eastern markets will save the growers of the two states heavy financial loss.

The Hood River delegation at the meeting consisted of the following: Blanchard, H. F. Davidson, Leslie Butler, J. C. Porter, A. E. Woolpert and R. W. Kelly. It was shown at the meeting that the average cost of producing a box of apples, exclusive of interest on the investment, depreciation, etc., has ranged from \$1.35 to \$1.65 per box. In some instances apples have sold for \$1.25 per box. Reports indicated that the cost of this year's production would be lowered approximately 20 per cent. Based on this showing the growers contend that the railroads should make a similar reduction in their charges and thereby place the producer in a position to dispose of their crop at a profit. The berry and prune industries were particularly emphasized in the presentation of the case because of the fact that producers were at present marketing their crops at less than pre-war prices, and much of the crop is barred from the middle west and east because of the heavy freight tariff. With relation to financing it was shown that it is impossible for the fruit industry to go further in debt. It was reported that covering all of the Pacific Northwest from 15 to 50 per cent of last year's loans were carried over. This was in addition to demands from growers for advances necessary to handle this season's crop.

It was shown that the bankers were not favorable to further financing of the fruit industry due to the unstable condition of the markets. Evidence was also produced to show that box factories are not producing the boxes that will be needed for the harvesting of this year's yield. This was due, they said, to the inability to obtain funds from banks necessary to carry on their business.

Members of the local growers' delegation express the hope of a reduction before the movement of the 1921 crop. J. H. Fredrick, however, points out that the middle western and eastern apple crop, bids fair to be negligible. Inasmuch as the western growers are going to find a keen demand for their apples at good prices and the rail lines are in need of revenue to meet their increased expenses, he does not anticipate a reduction in rates this year.

Mr. Fredrick declares that he considers the Hood River valley in better financial condition than any of the apple districts he has seen. He has the highest praise for the Yakima country from the standpoint of its industry but says Hood River is a far better home location. He lauds the Yakima folk for their hospitality. The delegation of apple shippers and growers and railroad men were entertained at the Elks' Club and at the Commercial Club. He cites that the residents of the Washington district are very active in good road construction.

"The way they are working on road over the desolate stretches," says Mr. Fredrick, "would make those of us who witness their activity grow all the stronger for our proposed valley trunk line."

Punch Bowl Bridge Closed

The Devil's Punch Bowl cannot now be reached by car unless the motorist negotiates little used roads of Oak Grove district. The county court has closed a bridge across the Middle Fork of the river about a quarter-mile from the Punch Bowl. On inspection the bridge department of the State Highway Commission declared the bridge unsafe.

W. R. Winans, who owns the property surrounding the Punch Bowl, says that the West Side road can be made good by a little repair. Mr. Winans is urging county officials to repair the old bridge or improve the West Side road.

Lumbago

This is a rheumatism of the muscles of the back. It comes on suddenly and is quite painful. Every movement aggravates the disease. Go to bed, keep quiet and have Chamberlain's Liniment applied and a quick recovery may be expected. Mrs. F. J. Dunn, Brockport, N. Y., writes: "I can honestly say that Chamberlain's Liniment cured me of lumbago a year ago last summer. When I began construction, I was flat on my back in bed and could not turn to the left or right. I had a bottle of Chamberlain's Liniment in the house and it was applied to my back. It promptly drove away the pains and aches."

Summons

In the Justice Court for the Hood River District, Hood River County, Oregon.

C. A. Elliott, doing business as Elliott-Overland Co., Plaintiff, vs. L. H. Beaudrie, Defendant.
To L. H. Beaudrie, Oakland, California, Defendant:
In the name of the State of Oregon, you are hereby required to appear and answer the complaint filed against you in the above entitled action on or before the last day of six consecutive weeks from the date of the first publication of this summons, and if you fail to do so, answer, for want thereof, the plaintiff will take judgment against you for the sum of \$50.40 with 6 per cent interest from May 31, 1920, until paid, together with costs and disbursements in this action, and for a decree of the Court ordering C. H. Bryan, garnishee, to release certain personal property attached in this action, and for the issuance of a writ of execution and order of sale of said personal property attached herein, to-wit: One 3-horse power Z engine.

You are hereby served by publication of this summons and order of attachment by virtue of an order of the Hon. A. W. O'Connell, Justice of the Peace for the District of Hood River, Hood River County, Oregon, duly made, granted and dated on the 19th day of April, 1921, for service of this summons and order of attachment upon you by publication thereof, and in accordance therewith, and order prescribes that the time for publication thereof shall be six consecutive weeks in the Hood River Glacier, a newspaper of general circulation published in Hood River County, Oregon, and the 21st day of April, 1921, as the date of the first publication of this summons, and you are hereby further notified that said date is and will be the date of the first publication of this summons.

Dated April 19, 1921.

KEPT HIM ON THE PAYROLL, HE SAYS

Los Angeles Man States Tanlac Put New Life and Energy Into Him and He Feels Tip Top

"About a year and a half ago Tanlac fixed me up in fine shape and the medicine has been my 'standby' ever since," said T. K. Mickey, a well-known painter living at 514 East Ave., Los Angeles, Cal.

"I am satisfied I would have had to lay off work altogether if it hadn't been for Tanlac. I was in such a rundown condition I took cold easily and then I felt just miserable. I was so weak and short of energy most any little job would tire me out completely. Tanlac put new life and energy into me, gave me a fine appetite and got me to feeling tip-top in every way. Since then I have made it a rule whenever I get to feeling a little bad to get me a bottle of Tanlac, and it always braces me up and gets me to feeling like I want to feel. Tanlac is one medicine that never fails to do the work."—Adv.
