FRESH DAILY AT YOUR GROCERS

30 DAY CODLING MOTH SPRAY DUE

(By Leroy Childs)

"The 30-day spray for codling moth should be applied between the 12th and 15th of June to get the best results. Growers who applied their last spray a few days late can delay the application a few days, but have the spray on so that an interval of not more than 15 days occurs. Eggs of the first brood will be hatching until the 1st of July at least so that this spray is extremely important. The spray applied around the fourth will not control these late worms.

In the higher elevations where the first codling moth spray has not been applied, growers should make their applications by the 15th of this month. Where green aphids are present add Black Leaf 40. Brown aphids are now leaving and the tobacco will not assist in controlling this pest."

BOYS' CLUB NEWS

The Friday hike of last week was participated in by a larger number than the Tuesday trip. The former, however, is primarily for young boys, while the Friday hike was arranged for boys 10 years and over. The director urges that as many as can participate in the Tuesday hikes. Many boys are working and cannot attend a week day hike. It is planned to arrange a Saturday trip for their convenience. The hikers will leave the high school at 6.30 o'clock.

The following program will be the order of all hiking trips:

- 6.00 p. m. Assembly for raising of flag.
- 6.20 Have fires ready for cooking and be cleaned up for retreat.
- 6.30 Retreat or lowering of flag.
- 6.30 "Why We Love the Flag."
- 6.30 to 7.30 Cooking of meals and cleaning of equipment, inspected by director.
- 7.30 to 8.30 Games.
- 8.30 to 9 Story telling around the camp fire.
- 8.45 First call to bed.
- 9.10 Taps. Every boy must be absolutely quiet. Punishment for breaking of this order is a kangaroo court, where the boys have a lot of fun but everything is done in the right spirit. Second offense, however, may mean police duty about the camp.
- 7.30 Reveille, calisthenics and raising of flag.
- 7.30 to 8.30 Breakfast and cleaning up equipment for inspection.
- 8.30 Inspection of equipment by director. All equipment must shine.
- 10.30 Be ready to leave for home.

The boys are going to establish a permanent camp and are going at the work and find there is a lot of it play because they can see into the future and there they picture a fine big log cabin with a large fire place, where many winter and summer evenings will be enjoyed, again to the right of their cabin they picture a swimming pool where the hot summer evenings may be enjoyed with plenty of hot sand on the bank to roll in, and again they have mapped out a goodly sized athletic field and now that they have plenty of athletic equipment such as volley ball, base ball, etc., they will have realized that dream within a short time. The boys know this means work and play together and have assigned themselves to the task to help their director make this a camp second to none in the state. We as a club feel the community is behind us in every sense of the word and with that feeling we hope to accomplish a great deal.

The boys have now stretched a large tent for those boys who prefer not sleeping in the open and will be used in case of rain.

BOWLING NEWS

One of the best midsummer bowling matches was won last Friday evening by a picked team composed of McCullagh, Kolars, Stewart, DeWitt and House, from the champion Red Diamonds, 2715 to 2694.

Just before bowling the Red Diamonds shared a strawberry short cake served by Mrs. House as reward for winning the match the previous week, and the promise of a similar reward spurred the bowlers to the fine totals above named.

D. P. Smith and Alva Sherrill led for the losers with 582 each and McCullagh and House for the winners, 576 each.

Detailed scores follow:
 Blue Diamonds—McCullagh, 188, 180, 208, 576; Kolars, 171, 179, 182, 532; Stewart, 162, 185, 180, 527; DeWitt, 158, 188, 157, 503; House, 188, 212, 176, 576. Team totals, 867, 944, 904, 2715.

Red Diamonds—Sherrill, 205, 198, 179, 582; Annala, 177, 157, 150, 484; House, 171, 207, 188, 566; Smith, 214, 208, 160, 582; Poe, 150, 172, 177, 499. Team totals, 897, 942 855 2694.

"Dad" Smith got high three consecutive games for the week, 623, while Annala's 724 is still high for any three games for the month.

Spoon winners among the women bowlers were: Mrs. Sherrill 131; Mrs. Mellon, 129; Mrs. Carnes, 152, 148; Mrs. Campbell, 154; Miss K. Baker, 166.

Mr. House, now sole owner and manager of the Blue Diamond Alley, has posted a standing prize of \$5 cash for the breaking of any one of the following alley records, which were hung up last winter and spring:

Five man team, 3 games, M. A. A. C., 2844; five man team, 1 game, M. A. A. C., 1025.

Two man team, 3 games, House and Sherrill, 1805; two man team, 1 game, House and Plummer, 481.

Best pair doubles, House and Plummer, 481; McCullagh and Annala, 443; total 924.

Five woman team, 3 games, Rhinestones, 1732; five woman team, 1 game, Rhinestones, 617.

Two woman, 3 games, Mrs. DeWitt and Mrs. Peters, 731; two woman team, 1 game, Mrs. DeWitt and Mrs. Peters, 208.

One woman, 3 games, Mrs. Mortimer, 503; one woman, 1 game, Mrs. Mellon, 199.

Mixed doubles, 3 games, Kruse and Mrs. Mellon, 1037; mixed doubles, 1 game, Mr. and Mrs. House, 491.

Bridal Veil Snowed Under

The Hood River baseball team Sunday defeated the Bridal Veil team by a score of 16 to 2. Lapham started the game as Hood River's pitcher, but because of a slight illness was replaced by Jeff Bell. McCutcheon caught for the locals. The sensation of the game was a one handed catch by Lee Frazier in the center field. Mr. Frazier made long side leap, nabbing a high liner.

Cloud Cap Inn Will Open Soon

Crews have begun opening the road to Cloud Cap Inn, according to Homer A. Rogers, who operates the mile high hostelry in conjunction with Mount Hood Lodge. Snow is still several feet deep on the higher points of the road, Mr. Rogers says, but it will be clear by June 25, when the Inn will be opened for the summer season. The Cloud Cap Inn road, built on a steep grade, is usually badly damaged by winter floods. Mr. Rogers says that it was found in very good condition this season.

Mr. Rogers says that his guest lists this season have been far larger than any former year. He expects his business at the two hostelries to set an extraordinary record for the season.

The Ideal Grader

We have been marketing Ideal Graders for the past six years. They have grown more popular each year.

Our machines are a favorite in all North-western fruit sections. We have shipped them in numbers to foreign apple districts.

The 1921 model of Ideal Grader is ready for distribution. It will carry a number of improvements. We mention at random some of them: The machine can be adjusted for sizing while in operation. Two adjusting screws do the work. Our new sorting table is a feature that will be noticed at once.

We hope to place as many as possible of the machines we manufacture in Hood River and for this reason would urge that local growers give us their order at once, in order that we may include them before we are booked to the limit of our capacity.

Madame Home Builder

HOW often in planning our homes we long for some friend of artistic ability to whom we might go for ideas as to the proper draperies, rugs and furniture for the living room, a model kitchen that shall be a gem of beauty or a quaint little breakfast nook which will be a saving to both our feet and our tempers. We have our own ideas along these lines, but we lack assurance that they are "just the right thing." The answer to all of these perplexing questions is to be found in "Good Taste in Building." This is a large attractive book which is pronounced by authorities the finest creation of its kind. A copy of this splendid book will be loaned you for the asking by simply sending in the coupon below.

When We Weigh Out

Coffee, tea, sugar or other groceries we don't care if the customer re-weighs it when she gets home. For correct weight is just as much a specialty with us as high class things for the table at low quality prices. We don't cut prices at the expense of either quantity or quality.
