

We Make Paints, Varnishes

For Women's Use at Home

THOUSANDS of women with keen home pride want to do their own painting and varnishing at home, and thousands do—with materials we make.

We make those materials especially for home use. You ask for "Fuller's Home Service" Paint Products.

And we maintain a special "Home Service Department" furnishing free information and detailed directions which will enable anyone to do his or her own work.

You simply describe the article, how finished now, and the effect you want to get. We tell you how, the kind of paint, the kind of brush—the things you need to know to do good work. You'll be surprised, delighted

to see the transformation you yourself can make in home things—furniture, floors, walls, woodwork, bric-a-brac, etc.

"Just a can of paint or varnish and a little work that's fun," works wonders.

Our knowledge of paints and painting practice has been gained through 72 years' experience. We are one of the country's largest manufacturers of paint products and make the very finest kind of goods.

Don't think because you've never done it that you can't do work like this yourself. Try it with our help. Just follow Fuller's Specifications and you'll get the desired effects.

Remember—don't allow surfaces to rot. It costs less to paint them.

Fullerwear

"The All-Purpose Varnish"

Adapted for any surface either inside or outside. The most durable varnish obtainable. Withstands interior wear and weather exposure. Does not scratch, peel, rub off or turn white. Dries overnight.

Fullerwear is Fuller's Specification for all-purpose varnishing at home—for furniture, tables, chairs, linoleum, etc. Boiling water cannot harm it, nor rolling furniture. Dries dust-free in four hours. Walk on it overnight.

TEACHER'S HUSBAND UNDER ARREST

The high regard of Hood River folk for Mrs. Harold E. Layton, whose husband was arrested Thursday in Portland for alleged flotation of spurious checks, caused the news of his escapade to be received locally with many expressions of regret. Mrs. Layton, formerly Miss Evangelire Husmann, has for the past two years been teacher of English at the high school. She had made a wide reputation for character and the quality of her school work.

Mrs. Layton announced her engagement before the close of the recent school year and plans were made to hold the wedding at the home of a local friend. All arrangements had been made and the groom, it is stated, did not appear. Instead young Layton telephoned according to the story here, asking to be excused from the matrimonial venture because of family affairs, which he had not formerly disclosed. The teacher, acting against the advice of local friends who tried to dissuade her from marrying, was absent a part of commencement week at the high school, and it became apparent, when announcements were received recently announcing the wedding of the couple in Portland, that she had persuaded young Layton to proceed with the original plans. Mrs. Layton is said to have met her husband at a beach resort. She is said to be several years his senior.

The following appeared in a Portland evening paper Friday:

The couple came to Portland and stopped at the Seward hotel until a few days ago. It is claimed that Layton represented himself as being a moneyed man and, in order to keep up his representations, took a Hood River bank checkbook from his wife and signed checks to meet his needs. Checks were cashed by department stores and clothing stores in Portland and also by a florist. The checks range from \$15 to \$25.

Another ruse Layton is said to have used in order to obtain money was to charge articles to his wife's account and the pawnshop. That he was not a sharp financier is claimed by the inspectors, who say he bought a \$50 camera and pawned it for \$7 and other valuable articles which he pawned for \$1.

Mrs. Layton says she will stand by her husband and do everything in her power to clear up the difficulty.

CITIZENS HELPING THE K. OF P. BAND

The Knights of Pythias band, organized year before last, has played itself into the hearts of Hood River business men, who have started a fund to aid the musical organization in clearing a debt for instruments and apparatus. The band has never refused participation in public meetings, and such gatherings have been much better attended and more successful since the fund began making its appearance.

Contributions so far noted for the band are those of J. H. Fredrick, C. A. Bell, C. C. Crew, Truman Butler, E. O. Blanchard, J. G. Vogt, Mark Cameron, E. E. Brett, Geo. H. McMillan, E. L. Scobee, A. W. Stone, Vincent & Shank, A. S. Keir, Walter Walters, E. S. Coby and J. M. Culbertson.

Lotus Grille Closed

The Lotus Grille, opened here last year in the big 100-foot square basement of the Mt. Hood Hotel Annex building, has been closed. Plans for the re-opening of the big restaurant, one of the most elaborately arranged of rural Oregon, are indefinite. H. M. Hicks, the owner, states that the lack of business does not justify the expense of operation.

School Sells Oil to White Salmon

The city school district has sold to the town of White Salmon a quantity of crude oil totaling 2,800 gallons. The oil, too thick for use in the heating plant of the high school, will be used at White Salmon for surfacing streets. The heating plant has been thoroughly cleaned of the heavy oil, and a lighter product will be used the coming year. Two hundred gallons of oil, pumped to a tank by the cleaners, was lost when a spigot was left open.

WORK PROGRESSES ON FOREST LOOP LINK

J. F. Thompson, Upper Valley rancher, here last week on business, reports that contractors are making steady progress on a link of the Loop Highway lying within the national forest.

"About 25 men are engaged on the new grade," says Mr. Thompson. Several carloads of equipment and material, including culvert and powder for blasting, have passed through Parkdale. We hear constant blasting on the route of the new road."

Mr. Thompson says that the workmen are chiefly foreigners. Their leisure moments, he says, are spent in fishing on the highland streams which have been stocked by the Hood River County Game Protective Association through strenuous efforts and some expense. The game law violations of the workmen will be reported to Deputy State Game Warden Hadely, of The Dalles.

Lost Lake Trip Urged

Local folk motoring to the Lost Lake country Sunday report that the roads are in excellent condition and that the beauty of rhododendron blossoms now makes the trip one of the most appealing in the valley. "This trip in to Lost Lake ought to be made by every one," says S. E. Bartsness, member of a party motoring in to the Upper West Fork. "The public generally seems to have a wrong impression of the road. We were discouraged about making the trip because of reports of poor highways, but we found the roads in excellent shape."

Other members of the party making the trip were: Mrs. Bartsness, Mrs. Wm. Marshall, Miss Catherine Streep, Mrs. Mary Neisler, Mrs. Alice Stalnaker, Miss Marjorie Pineo, Mrs. Van Gadden, Miss Catherine Mende, Leslie Butler and A. J. Graf.

Buses Kept Off Paving

The Fashion Stables, operating motor bus lines between The Dalles and Portland, is relaying passengers around paving of the Highway between here and Mosier. Travelers are compelled to walk the short distance where hot stuff is being laid. Formerly the buses were allowed to use the road at any time. Now, however, they must keep off the paving during working hours. James Stranahan, manager of the motor bus company, states that paving has not yet commenced between Mosier and The Dalles. Operations there, he says, will not begin for a week or more.

Martin's Body Not Recovered

The body of Matt Martin former local resident, who was drowned in Lewis river, Skamania county, recently, has not been recovered. Mr. Martin was engaged in cruising timber when the fatal accident occurred. Portland men are aiding in the search for the body. Rewards amounting to \$150 have been offered for the recovery of Martin's body. Skamania county has offered \$50, Stevenson I. O. O. F. \$50 and Mrs. Martin \$50.

McKay Builds Packing House

Kenneth McKay, who returned to Sutherlin last week after several days spent in Portland, carried with him the plans and specifications for a new grading and apple packing plant to be erected there at once. The new plant will be erected near the Southern Pacific freight depot and the main building will cover a ground space 50x100 feet. The structure will be two stories high and will be modern in every respect.

Why Suffer From Rheumatism?

Do you know that nine out of every ten cases of rheumatism are simply rheumatism of the muscles or chronic rheumatism, neither of which require any internal treatment? The pain may be relieved by applying Chamberlain's Liniment, which makes sleep and rest possible, and that certainly means a great deal to anyone afflicted with rheumatism.

Take one of the Fashion Motor Buses to Portland. Cars make four round trips daily, leaving Hood River as follows: 9:30 and 11 a. m. and 2:20 and 4:30 p. m. ap7/1
