

-an advantage worth while

Back of the Zerolene you buy for your engine are the combined resources, experience, knowledge and equipment of the Standard Oil Company. They create an efficiency in the manufacture of fine lubricants hard to duplicate elsewhere in the world.

You gain this advantage in the use of Zerolene.

Our Board of Lubrication Engineers recommends the grade of Zerolene to meet the requirement of your type of engine. Follow their recommendations as embodied in the Zerolene Correct Lubrication Chart.

DAYTON, WASH., MAN HAS FINE ORCHARD

According to A. D. Moe, who recently toured eastern Washington fruit districts, E. S. Ryerson, Dayton, Wash., fruit grower, has one of the most highly developed apple tracts on the Pacific Coast.

"This is saying a good deal," says Mr. Moe, "but Mr. Ryerson has the evidence. His tract is ideally set four miles from town in rich bottom land. He has plenty of free water. His air drainage is so good that he suffered practically no damage from the heavy freeze of 1919. Mr. Ryerson has 75 acres of bearing trees, and they always yield excellently.

"Mr. Ryerson has an apple house complete for the work of harvesting and packing out his fruit. It is two stories high and has a basement. It will hold several carloads of apples. He estimates this year's crop at 30,000 boxes.

"He manufactures his own spray material. He has a complete plant on his place. He is fortunate in having been in the drug business for many years and is a skilled pharmacist and chemist and understands the mixing of spray materials. He gets excellent results, for out of a crop of about 20,000 boxes last year he had only 18 wormy apples.

"Mr. Ryerson operates two spray machines. He keeps one crew constantly busy applying the solution to trees, while the other machine is driven to the filling station. Thus he is able to cover 12 to 15 acres daily. The two machines are operated with a crew of four men and thus the time usually wasted while a single machine is being filled is eliminated.

"Mr. Ryerson has plenty of bunk houses on his orchard place. He has his own water system under high pressure. The water is piped to his own residence and four tenant houses.

"There is but one thing that he doesn't do which we follow in our orchards. He never thins his fruit. He says he has a system of pruning that causes the trees to thin themselves.

"He has direct connections with a large Chicago fruit firm, which take his entire output. His net returns for the last several years have been better than that of other growers who utilize the regular trade channels.

"His orchard place is equipped with a large mess kitchen. He hires the best cook obtainable, and boards all of his help who desire it. He never lacks help.

"He has equipped his packing plant with a grading machine made by Timothy Newell, but he doesn't believe in the mechanical sorting of fruit, and he has provided the sizer with a large grading table, where he spares no time or expense in maintaining the pack for which he has gained such a reputation.

BLUE DIAMOND IS BEING IMPROVED

The Blue Diamond Bowling Alleys, one of the largest recreational places of its kind in the state, is now being operated on a summer schedule, while men are repolishing the surfaces of alleys. Playing now is only permitted Fridays and Saturdays. Beginning September 1, however, according to E. E. House, the alleys will be open daily. New balls will be added to the equipment and various other improvements will be made.

Mr. House announces that the Hood River bowling management has been granted affiliation again for next year with the Portland City Bowling League, and teams from here will participate in metropolitan tournaments.

A Splendid Medicine for the Stomach and Liver
"Chamberlain's Tablets for the stomach and liver are splendid. I never tire of telling my friends and neighbors of their qualities," writes Mrs. William Vollmer, Eastwood, N. Y. When bilious, constipated or troubled with indigestion, give them a trial. They will do you good.

Would You Tour Without A Spare

Not if you wanted to enjoy the trip. You'd be constantly worrying lest one of your tires should blow and leave you in a hole.

If you want to really enjoy motoring, take out a Travelers Automobile Policy. Then you won't need to be constantly worrying for fear some little accident will start a damage claim which will cost you thousands to settle.

Automobile insurance protects you against the claims of the other fellow.

You'll Save Money By Remodeling Now

You who have been waiting for lower prices before you laid that hardwood floor, renewed those old walls and ceilings, re-roofed the house or barn, or built the garage—this message is directed to you.

Do you know that lumber and building material prices are down forty per cent?

Do you know that you can repair or remodel cheaper than at any time in the past five years?

Do you realize that every day you wait not only inconveniences you but costs you real money?

Building material prices may come down more—we think not—but every day you delay in getting the new garage deprives you of the use of it, and causes you to pay out money for garage rent.

Every day you delay roofing the barn and the home, makes your property more liable to damage from storm. Every day you put off inside repairs the trouble increases and the total expense becomes greater.

Come in today and let us figure your job. Begin getting the benefit now.
