New Things Arriving Daily

Mr. and Mrs. Ira Hyde were recent week end visitors.

Dr. Belehaim is taking passengers to Portland in the big Oldsmobile.

Miss Margaret Bewley, who has been visiting her grandfather, R. L. Bewley, for a couple of weeks, left Sunday last week for her home in Portland.

It is a busy place around the new box factory.

There are prospects of the saw mill running until late this fall, owing to the demand for box and building lumber.

Miss Francis Drum, of Oregon City, who has been spending her vacation at the Cutting home, returned last week.

WHITE SALMON

(from the Enterprise)

Paul McKereher is in Montana looking over the apple market and endeavoring to sell his large crop of apples. A report from Mr. McKereher says the market is not very active.

Capt. F. C. Lewis was the guest of

his brother, A. G. Lewis, and family, of this city, last week. He recently returned from Germany and has been assigned to the University of Oregon as professor of military science.

R. K. Patterson, of Chicago, who is spending his vacation on his ranch in the Bristol district, reported Monday that he had purchased an 80-acre tract of timber land from the McFarland estate. This gives him a total acreage of 160 acres, 40 acres of which is under cultivation.

G. L. Aggers drove out to Laurel with a truck load of peaches, one day last week and quickly sold the whole load at \$1.25 per box. Mr. Aggers after the cold winter of two years ago, carefully trimmed his peach orchard with the result that he harvested a good crop this season.

B. E. Smead, of Idaho, has been elected to take charge of the manual training, athletic and science departments of the White Salmon high school by the board of directors at a meeting a few days ago, when word was received that Prof. Northrup had not signed his contract but had taken the

superintendency of a school in Idaho. Phil Willig and family, of Silverton, Or., are newcomers to White Salmon. Mr. Willig coming here to take charge of the local station of the Columbia Dairy Products Co. H. A. Karlen, who has been in charge, has left for Vancouver, the company's headquarters. He will be the company's Portland city salesman, a position which he occupied before coming to White Salmon.

Motorists Clean Up Litter

When merchants of the east end of Oak street observed a party of motor tourists tossing cantaloupe rinds and other refuse from a lunch on the street Monday, they called Marshal Hart. The latter caught the motorists, whose car bore a Seattle pennant, in the act of littering up the street. He offered them the alternative of cleaning up their luncheon debris or submitting to arrest. They removed the litter.

Insist on genuine Ford parts when having your car repaired. Dickson-March Motor Co. n254

A Willow Flat SNAP

I am offering this week the best Willow Flat snap in years. Willow Flat is one of the most highly productive sections of Hood River. Land there has always been very much sought after, and there is very little of it on the market.

The property in question is one of the best known orchards in that district. This is the first time it has been placed on the market and I consider the price on a par with the other big snaps I have sold this year.

This place fronts on the new Loop Road and consists of twenty acres of full bearing fruit, divided as follows: Arkansas Blacks, 2 acres; Newtowns, 9 acres; Spitz, 4 acres; Ortleys, 2 acres; Johnathans, 1/2 acre; Delicious, 1/2 acre; Anjou pears, 1/2 acre; Cherries, 1 1/2 acres.

The estimated crop is 5000 boxes, which goes with the place.

The improvements consist of a fine packing house with large frost-proof concrete basement with a storage capacity of 8000 boxes. The main floor is 40x60, with two 12x20 porches. There is also a second story for the storage of boxes. This building would cost \$7000 to reproduce. The full equipment is included, consisting of a large sized Cutler grader, metal conveyors, nailing presses, trucks, etc.

One six room dwelling, with bath and basement, plastered; electricity and running water.

One six room dwelling with eight-foot porch, plastered; shingled exterior; running water and electricity.

Five 12x14 cottages for harvest help, with shingled roofs; each furnished completely with stoves, bedsteads, mattresses, springs, etc.

One barn 24x24 with room for four horses and one cow and 26 tons of hay.

Has one of the finest wells in Willow Flat, operated by electric pump and pressure tank. Irrigation water comes from the East Fork Ditch.

Everything on the place goes with it, including 7000 made-up boxes; one team of heavy draft horses, with apple wagon and two orchard wagons complete; power sprayer; full equipment of plows, harrows, riller, disc; 27 orchard ladders; 15 picking buckets; 1000 feet flume lumber; 20 tons alfalfa hay and 30 ricks fir and pine wood.

I am authorized to offer this splendid property for a limited time at \$25,000, which can be handled for \$8000 cash and the proceeds of the crop and the balance on terms to suit at 7%.

The crop is practically made and the boxes are furnished, so that only the harvesting charges remain to be taken care of. When the proceeds of the crop and the bedrock value of the improvements are deducted from the price, the twenty acres of orchard are being secured at a very low price.
