

Apple Harvest IS NEAR!

Are you prepared to take proper care of your crop?

Let us help you with the

IDEAL GRADER

Our grader has stood the test of six years of actual usage by growers. Constant improvements have been made each year. They have grown more popular each year, and not only in our own Northwestern districts but apple growing communities of foreign countries have ordered them.

It will pay you to investigate the 1921 IDEAL GRADER. It has numerous attractive new features. It can be adjusted while actual sizing is in operation. Two little screws do the work. Our new sorting table is worth your observation.

The harvest is near, and growers should place their orders at once.

We can also supply you with Bryant Clamp Trucks and Standard Roller Conveyors.

ANOTHER HOME INDUSTRY

We are now slaughtering our own animals at our new plant east of Hood River and thus are in position to furnish our patrons the best at the lowest possible prices. We buy the best steers available and prepare them ourselves in a slaughterhouse that is fully approved by the state inspection department.

Try some of our Roasts and Steaks.

We believe you will agree with us that Hood River can turn out products of the meat market that are second to none.

COURT FIXES LIMIT OF TRUCK LOADS

The county court Thursday adopted a schedule for apple harvest loads of motor trucks. Loads of trucks will be limited as follows: Ford trucks, 75 boxes of apples; 2-ton trucks, six inch tires, 125 boxes; 2-ton trucks, eight inch tires, 150 boxes; 2 1/2-ton, 150 boxes; 3-ton, 180 boxes, which is placed as the maximum for trucks of any capacity. The speed has been limited to 12 miles, whether the trucks carry loads or not.

When the rainy season begins the loads will be further limited, and during periods when the roads are considered too soft trucks will be prohibited the use of highways. Valley highways in numerous instances last year, it is said, were ruined by indiscriminate use of them when they were soft from rains. While the court expresses a desire to cooperate in transporting the big apple crop, the members declare that they do not believe growers will approve of careless motor truck hauling over wet roads, when the highways may be preserved by waiting a few days for them to dry out. Orchardists and motor truck operators have been warned that the county roadmaster and officers have been instructed to enforce the traffic rules rigidly.

BOOTH HILL WORK BEGINS THIS WEEK

Joplin & Eldon, awarded the contract for grading five miles of the valley trunk of the Loop Highway over Booth Hill, will begin work of grubbing this week, it is stated. The bid of the contractors was \$54,646.50, while the estimated cost of the work was placed at \$78,000. Incidental expense of constructing irrigation crossings, however, will probably bring the cost of the five mile unit to \$90,000.

County officials expressed the hope that the State Highway Commission will immediately let contracts on other units of the 20.6 mile trunk road while construction costs are low and bonds are selling well.

GOULD SEES NO APPLES IN EAST

Virginia is without apples this year, according to E. E. Gould, who has returned from a visit with his son, Hal Gould, a resident of that state. Mr. Gould visited points in Ontario, Canada, and various middle western sections.

"Naturally I was interested in apples," he says, "and observed closely all the orchards that I saw. From the time I left home until I returned to Hood River I saw no apple trees that bore any fruit this season. I see no reason why Northwestern box apples should not be in keen demand this fall."

Birch Visits Here

Sam Birch, chief of the sales department of T. J. Poppert, leading fruit sales concern of Great Britain, arrived here last week for a week's visit with local apple shippers and growers. Mr. Birch says that he is not making any purchases but that he looks for a heavy export of Oregon Newtowns, the favorite of all apples with his countrymen. Mr. Birch says he never saw finer prospects for a good crop of apples than prevail in the Hood River valley. The only thing that prevents the export deal being one of the most profitable in the history of the growers, according to Mr. Birch, is the disparity of exchange rates. The British fruit man will visit Underwood and White Salmon apple districts.

Equalization Board is in Session

The Hood River County Board of Equalization began its session, which may last for 30 days, Monday morning. The board consists of Assessor Wickham, County Clerk Shoemaker and County Judge Hasbrouck.

The Key That Unlocks the Door to Long Living

The men of eight-five and ninety years of age are not the rotund, well-fed, but thin, spare men, who live on a slender diet. Be as careful as he will, however, a man past middle age will occasionally eat too much of some article of food not suited to his constitution, causing indigestion or constipation, and will need a dose of Chamberlain's Tablets to move his bowels and invigorate his stomach. When this is done, there is no reason why the average man should not live to a ripe old age.

BOARD OF EQUALIZATION

East Fork Irrigation District

Notice is hereby given: That the Board of Directors of East Fork Irrigation District, sitting as a Board of Equalization, will meet at its office in the Eliot Building in the City of Hood River, Oregon, on Tuesday, October 4, 1921, for the purpose of reviewing and correcting its assessment and apportionment of taxes for the year 1922, made and adopted September 6, 1921. The Board will continue in session from day to day, as long as may be necessary, and will hear and determine any objection by any interested person to said assessment and apportionment thereof and any other matter connected therewith that may come before it. The assessment list and record, so made and adopted, is now and will remain in the office of the Secretary of the Board, (Room 10), Eliot Building, Hood River, Oregon, for the inspection of all persons interested.

Dated, September 6, 1921.
George R. Wilbur,
Secretary.

In the County Court of the State of Oregon for Hood River County.

In the Matter of the Estate of Mary Judson Sidney, Deceased.

To H. M. Sidney.

In the name of the State of Oregon: You are hereby commanded within thirty days from the 2nd day of September, 1921, to file your final account as executor of the above entitled estate, and to turn over all assets of the estate in your possession, and particularly all of the personal property listed in the inventory of the said estate, to Philip S. Malcolm, administrator de bonis non with the will annexed of the said estate, and within the said time you are also required to comply fully and in all respects with the order of the said court passed this 2nd day of September, 1921.

Witness the Honorable H. L. Hasbrouck, Judge of the above entitled Court, and the seal of said court here to affixed.

(Seal) Kent Shoemaker,
County Clerk.

The most precious thing in the world

Think what this world would be without confidence that the sun would rise tomorrow!

Without confidence in the order of things, in our fellow men, in our institutions, chaos would reign in the world. There would be no security, no progress, no happiness. Confidence is essential to all that is worth while.

Years of satisfactory experience with Red Crown gasoline have given the motoring public confidence in "Red Crown." They know that with "Red Crown" in the tank they have high-quality motor fuel, and that from it their engine will deliver its maximum power and mileage.

"Red Crown" is available at Standard Oil Service Stations, garages, and at other dealers.

Look for the Red Crown sign before you fill.
