

Apple Harvest IS NEAR!

Are you prepared to take proper care
of your crop?

Let us help you with the

IDEAL GRADER

Our grader has stood the test of six years of actual usage by growers. Constant improvements have been made each year. They have grown more popular each year, and not only in our own Northwestern districts but apple growing communities of foreign countries have ordered them.

It will pay you to investigate the 1921 IDEAL GRADER. It has numerous attractive new features. It can be adjusted while actual sizing is in operation. Two little screws do the work. Our new sorting table is worth your observation.

The harvest is near, and growers should place their orders at once.

We can also supply you with Bryant Clamp Trucks and Standard Roller Conveyors.

TEACHERS' BULLETINS ISSUED BY CANNON

City Superintendent Cannon, who last year inaugurated the system, has again begun issuing bulletins for the city school facilities. His first bulletin follows:

Pupils' report cards will be prepared at the close of each six weeks of school as shown by this calendar: First semester, October 14, December 2, and January 20; second semester, March 3, April 14, and May 26. Give out report cards on Wednesday following above dates except last. Not included in the reports are the first week, week of November 21, and Christmas week.

Two resolutions passed by the school board on September 8 are immediately effective: (a) "The regulations applying to tardiness and absence of teachers from school apply also to teachers' meetings of the school year whether held on Saturdays or school days," (b) "All teachers are to be available in their respective rooms or departments for consultation, by pupils, parents or school officials upon school matters for at least twenty minutes after dismissal daily."

Please prepare list of names of all pupils outside of District No. 3, parents' names, addresses, and home district number and name. This is the annual tuition list. Add other names as pupils enter.

Familiarize yourselves with the board regulations governing Juniors and see that they are faithfully carried out.

Within the next week have the school rules pertaining to pupils read by the teachers from the registers as required by law; prepare rules for fire drills and have them tried out in drills.

This is budget time of the year. On or before September 23 please send estimated costs for next year upon which to base our items. These estimates should be by departments in the high school, and under the following heads in all schools: Cost for instruction including texts and supplies; cost of operation, janitor's supplies, fuel, light, power, water, etc., and maintenance including repairs and replacements of buildings and equipment.

Please furnish me a copy of all building programs, if not already done.

The first report showed an attendance of 97.8 per cent, best 98.7 junior high, with four tardy cases. Very good. Keep attendance up and tardiness down.

Your contract copies have been filed with County Superintendent L. B. Gibson whom you must see immediately about your certificates. No exceptions. This must be done before you can legally receive salary checks.

Adopt the teachers' creed by Edwin Osgood Grover. Read it, think it, make it a part of your daily life everywhere. Copy furnished.

If you have not already done so, better subscribe now for those general and special educational magazines which are most helpful for you in your particular work. We must keep up with the best educational thought of the day.

Please arrange for your reading circle requirements at once.

Shall we allow the quarter holiday for perfect attendance?

"When do we eat?" at the Columbia Gorge Hotel?

Mr. Cannon has suggested to all local teachers the following teachers' creed, as written by Edwin Osgood Grover:

I believe in boys and girls, the men and women of a great tomorrow; that whatsoever the boy soweth the man shall reap. I believe in the curse of ignorance, in the efficacy of schools, in the dignity of teaching and in the joy of serving another. I believe in wisdom as revealed in human lives, as well as in the pages of a printed book; in lessons taught not so much by precept as by example; in ability to work with the hands as well as to think with the head; in the truth that the life large and lovely. I believe in beauty in the schoolroom, in the home, in daily life, and out of doors. I believe in laughter, in love, in all ideals and distant hopes that lure us on. I believe that every hour of every day we receive a just reward for all we are and all we do. I believe in the present and its opportunities, in the future and its promises, and in the divine joy of living. Amen.

Kentucky Wants Local Apples

The scarcity of apples of eastern commercial apple districts, due to the killing frost that occurred about Easter time, is emphasized in a letter just received here from the J. E. English Company, engaged in the wholesale grocery brokerage business at Paducah, Ky.

"Our dealers of Paducah, Ky., Clarksville and Nashville, Tenn., and Cairo, Ill., have been accustomed to draw their Christmas apples from the Winesap districts of Virginia," writes Mr. English, "but with no apples available from Virginia this year, we will demand western box apples for our trade, which will require from 15 to 25 carloads for the Christmas season."

Mr. English stated in his letter that he had eaten apples received in gift boxes sent by local folk to Paducah relatives and that he was attracted to the Hood River product because of the quality of the fruit.

Ball Park Mortgage Foreclosed

Mrs. Margaret G. Mooney has begun the foreclosure on a mortgage for \$600 on the 3-acre park owned by the Hood River Baseball Club. The park, located at the edge of the city on the Heights, was considered last year by the Hood River County Fair Board as a site for permanent fair grounds, but no definite action was taken assuming the mortgage was ever taken.

The old baseball club has been insolvent for a number of years. Baseball has been a hazardous venture here. For the past several seasons gate receipts have not been sufficient to support clubs.

The Key That Unlocks the Door to Long Living

The men of eighty-five and ninety years of age are not the rotund, well-fed, but thin, spare men, who live on a slender diet. Be as careful as he will, however, a man past middle age will occasionally eat a meal consisting of an article of food not suited to his constitution, causing indigestion or constipation, and will need a dose of Chamberlain's Tablets to move his bowels and invigorate his stomach. When this is done, there is no reason why the average man should not live to a ripe old age.

Oregon State Fair; Salem, Sept. 26 to Oct. 1-A wealth of agricultural, livestock and industrial displays; an excellent racing program; high class amusements and attractions; ideal camping grounds. A. H. Lea, Manager, Salem, Ore. \$25

The uniform high quality of
Red Crown gasoline, and the
unfailing satisfaction long experienced
through its use, have made "Red Crown" the favorite
motor fuel, relied upon by the majority of motorists.

With the leadership of "Red Crown" has grown a system of service. At Standard Oil Service Stations you are assured of quick, courteous and efficient service.

Garages, and other dealers, too, sell Red Crown gasoline.

Look for the Red Crown sign
before you fill,—the sign that
signals "Power and Mileage."

The Eyes of Youth Keep Them Young

School days are on again, and here in
our Valley children by the thousands daily
study their lessons. Some of them, perhaps,
are retarded in their school progress by
defective eyes. In such a case do not delay
having this defect remedied.

Our years of experience in correct fit-
ting of glasses will enable us to advise you
accurately and equip your children with
glasses that will keep them youthful.
