GRAND JURY EXONERATES OFFICIALS

The grand jury Wednesday night of last week returned a report on an investigation of the death of Medrie M. Greer, Dundee overseas veteran, whose recent death here following imprisonment aroused the American Legion Post, whose members asked for grand jury action. Young Greer was taken into custody while in a fit of mental aberration. He became violent soon after incarceration and was discovered butting his head into the walls of the prison.

Reports became current here that the young man's death had been caused from a fractured skull, as a result of his self-inflicted injuries. It was also stated that concussion of the brain resulted. An investigation, however, showed that the young man had been suffering from an abscess of the ear, and physicians have stated that his death would have ensued in spite of his actions in the city prison.

The sad circumstances surrounding the young man's death aroused Legion members, and a bulletin, charging officers with neglect, was issued.

The grand jury report states that the young legionnaire received every attention while in the city jail and characterized as unfounded the reports that the young man was ill treated. Local and Portland newspapers are taken to task in the jury's report, which declares that stories, based only on hearsay evidence, were published. Such action on the part of the papers, the jury declares detrimental to public good.

The grand jury in its report also exonerated the school board of Cascade Locks, which had been charged with misuse and waste of funds in the construction of a gymnasium. The report states that the charges are unfounded.

VARIETY ADVERTISING IS RECOMMENDED

Indianapolis, Ind., 2802 Franklin Place, October 25, 1921.
Editor Glacier: A plea to mention the prominent varieties, at least occasionally, in various news items and advertising.

Why do we have to ship Newtowns to Europe; is the Grimes Golden the only yellow fruit, that will sell in this country?

Duckwall Bros. is one firm that advertises the Newtowns, Ortleys, and Spitz; not only on their bill heads and office stationery, but on the labels, and other forms of publicity. The yellow fruit is not favorably known; we feel that it is due largely to lack of proper advertising.

For instance, just opened seven new accounts in the Ortley variety and many in the trade did not know what the Ortley even looked like; one prominent buyer, who has since given orders for three cars of fruit, says "I don't ever see that variety quoted in Packer and other market reports."

Let us advertise what we have to sell, by definite variety, every time we mention Hood River, and not put all the stress on some particular brand or company name.

If there is anything in advertising, let us advertise the golden yellow Ortley and Newtown of Hood River, and make them better known, which is all it needs to make them popular and in better domestic demand and favor.

Yours truly,
Duckwall Bros.

PORTLAND OPPOSES LOLO PASS ROAD

The city council of Portland last week unanimously passed a resolution opposing the proposed construction of a road from Lost Lake through Lolo Pass, crossing the Bull Run forest reserve into Sandy canyon to connect with the contemplated Mount Hood loop road. It was introduced by Commissioner Mann.

The resolution contended that the road would interfere with the value of the future water supply for Portland and necessitate a heavy increase in guards to protect the reserve from increased danger of fire. The proposed road would pass within one-half mile of the point where the city is completing the development of the first storage unit, amounting to some 10,000 acres feet.

Members of the Oregon congressional delegation and the forest service will receive copies of the resolution.

Laurel Box Factory Burns

The box factory of the Laurel Box Company burned to the ground the night of October 27. About 100,000 apple boxes and many thousands of feet of box lumber were consumed. The sawmill, which is near the box plant, was saved by the workers after a hard fight. The loss of boxes and lumber is estimated at \$20,000 and the plant at \$25,000, covered only partly by insurance. The owners, Harrison & Huft, plan to rebuild next spring.

Dr. Van Waters to Lecture

Dr. George B. Van Waters, archdeacon of the eastern Oregon diocese of the Episcopal church, will deliver an address at the Mt. Hood church Sunday on "The Christian Religion and Other Religions." Tuesday night he will lecture at Parkdale on "The Bible and the Modern Point of View."

DOES IT PAY TO WORRY ABOUT APPENDICITIS?

Can appendicitis be guarded against? Yes, by preventing intestinal infection. The intestinal antiseptic, Adler-i-ka, acts on both the upper and lower bowel removing all foul, decaying matter which might start infection. Excellent for gas on stomach or chronic constipation. It removes matter which you never thought was in your system and which nothing else can dislodge. One man reports it is unbelievable the awful impurities Adler-i-ka brought out. A. S. Keir, druggist.

A Timely Suggestion

This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is almost certain to be needed before the winter is over and results are much more prompt and satisfactory when it is kept at hand and given as soon as the first indication of a cold appears and before it has become settled in the system. There is no danger in giving it to children as it contains no opium or other harmful drug.

Insist on genuine Ford parts when having your car repaired. Dickson-Marsh Motor Co.

The right fuel for your oil heater

To make sure that your oil heater will operate at its highest efficiency, tell your dealer you want Pearl Oil, the clean-burning kerosene that is refined and re-refined by our special process.

Pearl Oil makes oil heaters most economical to operate because every drop delivers clean, intense heat. No waste—no smoke—no odor.

Sold in bulk by dealers everywhere. Order by name—Pearl Oil.
