**DIRECTOR JARDINE
PRAISES STATION**

James T. Jardine, director of the
Oregon Experiment Station, here on
Thursday to inspect the branch station,
after a tour of the valley with super-
intendent Childs and Horticulturist
Brown, stated that damage from the
recent cold weather was negligible. It
was declared that no damage was
shown in pears and cherries, and that
strawberry injury will be limited to
the few blossoms already out. This
damage will not amount to anything,
it is said.

Mr. Jardine while here praised the
work of the two local men without
 stint.
"I find things in fine shape here gen-
erally," said Mr. Jardine. "The sta-
tion's work is above standard, and the
conditions of orchards show that all
the growers are doing their part to-
ward application of the most up to date
methods of culture."

B. & S. To Build Fine Home

The Baldwin & Swope Construction
Co., has just received a contract for
building a new \$20,000 home for
George Briggs, of Arlington. Work
will be commenced on the new struc-
ture, to be 49 by 56 feet, two stories
and full basement, at once, it was
stated. The new home, which will
have five bedrooms, will be finished
elaborately. It will be of colonial
style.

The local company has also just been
awarded the contract for building a
\$5,000 residence for E. Fatiand at
Condon.

Haines to Give Stampede

"The Stampede" is the name the
citizens of Haines will give a wild
west and frontier show to be held on
May 25, 26 and 27. Three big days of
frontier sports and pastimes are prom-
ised. Automobile races will give the
stunt a modern twist.

**Chamberlain's Tablets Are Mild and
Gentle in Effect**

The laxative effect of Chamberlain's
Tablets is so mild and gentle that you
can hardly realize that it has been pro-
duced by a medicine.

Careful attention paid to repairing au-
tomobiles. Howell Bros., Tel. 2561, 2417

**DATE FOR LEGION'S
CLIMB NOT DEFINITE**

The date of the annual Mount Hood
Climb of the Legion Post may be post-
poned from July 15 because of the de-
lay of warm weather and the possibi-
lity of huge snowdrifts on the site of
the base camp at the edge of the mile-
high forest. Members of the Legion
committee in charge of preparations
for the climb met Thursday night with
Edward Eivers, publicity man for the
Pacific Legion, publication of the or-
ganization of ex-service men, and na-
tional president of the Society of 40
and 8 Chevaux. The committee de-
cided to hold in abeyance the definite
setting of a date.

"Mid-July, according to the observa-
tion of mountain guides," says Kent
Sheenaker, chairman of the commit-
tee, "is the best time of the summer
for ascending the peak where the
weather conditions have been normal,
but we cannot make our pilgrimage
there if snow is going to cover our
camp ground. We believe we will be
able to tell definitely in the next two
weeks whether we can make the climb
at the time originally set."

**PARK GRANGE WILL
CELEBRATE FOURTH**

Park Grange, the membership in
which includes orchardists and ranch-
ers of the Oak Grove, Barrett and
Frankton districts, is arranging to
stage a Fourth of July celebration, the
proceeds of which will be utilized in
constructing a West Side community
house. It is proposed to make the rural
celebration an attraction not only
for residents of all other valley sections
but for out of town people.

The Park Grange last year secured a
wooded acreage near Rockford store,
in the geographical center of the West
Side orchard districts, where it is pro-
posed to locate a neat home for all ac-
tivities of the West Side orchard dis-
trict. County School Superintendent L.
B. Gibson, member of the Grange, has
been named director of publicity.

Patterson Challenges Hall

Senator I. L. Patterson, candidate
for the Republican nomination for gov-
ernor in the approaching primaries,
arrived in Portland last week from his
tour of eastern Oregon counties, 36
hours ahead of his schedule. Senator
Patterson remained in Portland await-
ing a reply from Charles Hall, one of
his opponents in the primaries, to the
senator's challenge to meet him in
open date and discuss Hall's reputed
connection with the Pacific Telephone
& Telegraph Company.

He spoke at a grange meeting at
Odell, where there were present 125
farmers. After visiting other points,
he says he received assurance that he
would carry the county.

From Odell he went to The Dalles,
where he spent a day and delivered an
address.

Ontario and Vale were visited in
Malheur county, but no speeches were
made, although he met a number of
farmers.

"My friends in Baker claim a ma-
jority there for me and even my oppo-
nents concede Umatilla," was the can-
didate's declaration. Towns visited in
Umatilla county were Frewater, Mil-
ton, Athena, Echo, Hermiston and
Stanfield.

At La Grande 300 persons heard the
senator speak.

Truck Wrecked On Highway

One of the big vehicles of the War-
ren Truck Co., went over the Highway
grade near Eagle creek one day last
week. The driver reported to Traffic
Officer Murray that he had to wreck
the car in order to avoid striking a
big limousine traveling east along the
highway on the wrong side of the road.
The driver escaped unhurt. The pas-
senger car, driven by a man, was filled
with women passengers, it was re-
ported.

The truck driver, so suddenly did the
accident occur, was unable to get the
license number of the passenger ve-
hicle.

Aug. Von Hacht Wins Honor

August Von Hacht, formerly with
the Pacific Power & Light Co. here and
at White Salmon, his local friends have
just learned, was the only Federal
Board student out of the 1,500 students
attending Benson Polytechnic Institute
in Portland, to receive a rating of
"E," the highest given, on each of his
subjects at the ends of six weeks of
special study.

Mr. Von Hacht, who is taking an
electrical course, is an overseas vet-
eran.

Court Acquires Right of Way

The county court Thursday secured
from E. B. and S. R. Aplin an approx-
imate acre of Hood River gorge-side
property where the Mount Hood Loop
Highway intersects the old East Side
grade. The property, for which the
owners originally asked \$1,800, will be
needed for the right of way of the new
grade up the gorge. The compromise
price was \$400.

"Nu-Way" Cleanser Is Popular

The Western Laboratories, a subsidi-
ary concern of the Hood River Spray
Co., has begun the manufacture on a
large scale of a new cleansing prepara-
tion for motorists and mechanics. The
product, called "Nu-way" has also
proven popular with orchardists dur-
ing the spraying season. It is de-
clared to be very effective in removing
oil and lime-sulphur solutions from the
face or hands of those engaged in
spraying.

Mr. and Mrs. Bell in Accident

Mr. and Mrs. C. A. Bell, both of
whom were injured near Salem Sunday
before last when the automobile in
which they were riding went over an
embankment, were brought home last
Thursday night. Both were painfully
bruised, Mr. Bell sustaining a cracked
rib.

W. Maddock of Arlington, who ac-
companied them, was also slightly
bruised in the accident.

Whooping Cough

This is a very dangerous disease,
particularly to children under five
years of age, but when no paregoric,
codeine or other opiate is given, is eas-
ily cured by giving Chamberlain's
Cough Remedy. Most people believe
that it must run its course, not know-
ing that the time is very much short-
ened, and that there is little danger
from the disease when this remedy is
given. It has been used in many epi-
demics of whooping cough, with pro-
nounced success. It is safe and pleas-
ant to take.

Before you buy an automobile you
should see the new Studebaker at the
Gameron Motor Co.

**MRS. CASTNER TO
GIVE FUND REPORT**

Mrs. C. J. Castner will give a re-
port on the endowment fund of the
Oregon Federation of Women's clubs
at the annual meeting in Tillamook
May 30-June 2.

Members of the Women's clubs from
all over the state will attend this
meeting. During the business sessions
reports will be given by the chairman
of each of the six departments, includ-
ing American citizenship, applied edu-
cation, fine arts, legislation, press and
publicity, and public welfare. Reports
will also be given by the chairman of
the scholarship loan fund board of
trustees and the standing committees
and by the president of each club.

Mass singing will be a feature of the
opening of each session of the conven-
tion. The program for the convention
is being arranged and will include a
reception on Tuesday evening. B. F.
Irvine, of the Oregon Journal, will
discuss an educational subject at one
meeting and Dr. E. Sisson, profes-
sor of philosophy at Reed College, will
speak on "Americanization." Others
speakers and the musical program
which Mrs. W. F. Gaskins, wife of the
head of the music department at the
Oregon Agricultural College, has in
charge will be announced later.

Entertainment will be furnished by
the people of Tillamook in the form
of a trip to Lake Lytle where an after-
noon session of the convention will be
followed by a luncheon and a stroll on
the beach. Trips are also planned to
visit some of the cheese factories near
Tillamook.

The Southern Pacific railroad com-
pany will give special low round trip
summer rates for those attending the
convention which will be in effect in
the eastern part of the state as well
as the western.

**PNEUMONIA FATAL
TO ROSEBURG MAN**

The body of E. H. Lennox, who died
at the Cottage hospital Thursday night,
was shipped to his home at Roseburg
Saturday morning by C. C. Anderson.
Funeral services were conducted there
Sunday afternoon. Mr. Lennox, who
was 55 years old and a pioneer of Rose-
burg, was here engaged with a Port-
land auditing firm in experting the
books of the city. He contracted a
cold a few days ago, pneumonia fol-
lowing. His death was very sudden.
His wife and a son barely had time to
hurry here and be with him a short
time before the end.

Mr. Lennox was a member of the
Masonic fraternity and the Elks' lodge.
He was active in all civic affairs of his
home town and took great interest in
the fruit industry there. Recently he
visited the Glacier office seeking data
on the local fruit business. He was
preparing an article for his home
paper, comparing the industry here
with that at Roseburg.

Evils of Constipation

Perhaps the most serious of the dis-
eases caused by constipation is appen-
dicitis. If you would avoid this dan-
gerous disease, keep your bowels regu-
lar. For this purpose Chamberlain's
Tablets are excellent, easy to take and
mild and gentle in effect.

**CLOSING OF THE
EAST SIDE
GRADE**

The East Side Grade is now
closed entirely to all traffic,
and will remain closed while
blasting operations on the
Mt. Hood Loop Road con-
tinue. All vehicles and
pedestrians must use other
roads.

By Order of the
County Court.
