**MOTOR TRUCK DRIVER MET INTERRUPTION**

George Franklin, driving a motor truck from Bend to Portland, declared that he had been making a progressive study of the state's traffic laws and that he thought he had a pretty thorough understanding of them. The truck, owned by a Portland automobile concern, left Bend, the driver armed with a permit from Sheriff Roberts privileging Mr. Franklin to pilot it without any license at all. At Madras the sheriff of Jefferson county halted him, refusing to recognize the permit of his fellow officer. But the Jefferson county sheriff instructed Mr. Franklin to have the owners forward him a set of dealers' license plates. "I secured these," said Mr. Franklin, "and by telephone secured permission from the office of Secretary of State Koser to place a load of trunks and household goods on the truck."

At Hood River last week the truck was halted by Traffic Officer Vernon Murray, who cited that the traffic law will not permit a dealers' license plate to be utilized on a car being put to commercial purposes. Mr. Franklin was held here until he could secure funds for purchasing a regulation commercial truck license.

**LARAWAY SAYS CONVENTION SUCCESS**

W. F. Laraway, who with Mrs. Laraway, returned last week from a motor trip to Eugene, where he attended the annual convention of the Oregon Jewellers' Association, declares that roads down the Willamette valley are in excellent condition.

"The journey," says Mr. Laraway, "was a very pleasant one, and we made the trip both ways without any inconvenience. The springtime drive is one of great delights. The convention was a very successful one, and a number of enthusiastic discussions were participated in. Jewellers in all parts of the state, talking the matter over harmoniously, decided that jewelry prices should be made to conform to the trend of the times."

**OPEN AIR STAGE TO BE IMPROVED**

At a meeting of the Chautauque committee last week, it was decided to utilize a surplus in the treasury for making improvements to the stage of the open air auditorium on Chautauque park. The remainder of funds will be turned over to the city to be utilized in landscaping the park.

The chautauque this year will begin on June 30 and last for six days. The committee is urging residents of the valley to utilize the park around the open air theatre for social reunions and picnic lunches. It is also cited that the city automobile camping park is but a short distance away, and rural residents whose homes are at a distance are asked to camp in the city during progress of the chautauque.

**Milk Drinks Tax Free**

Internal Revenue Collector Huntley has just received a ruling from Washington to the effect that the tax of two cents a gallon on still drinks does not apply to milk shakes or malted milks. Proprietors of soda fountains have heretofore been instructed to keep a record of each glass of milk shakes and malted milks sold by them and pay a tax of two cents per gallon thereon. This latest ruling, which is based upon the theory that drinks made of milk are articles of food, will relieve soda fountain operators from the necessity of keeping a record of such sales.

The tax of two cents a gallon applies to lemonades, orangeade, fruit punches and other similar drinks mixed or prepared with still water as distinguished from carbonated water, and dealers must keep a record of the same sold and pay two cents a gallon thereon.

**Parkdale Students Have Show**

A variety show was presented last Friday night at the Parkdale high school by members of the student body. Participants in the show, which drew a large attendance from all parts of the Upper Valley, were: Allie Kile, Margaret Leasur, Iva Curtis, Neva Duncan, Alma Rogers, Helen Bailey, Bernice Johannsen, Iva Renfro, Mildred Montgomery, Alice Bailey, Viola Jordan, Orville Purpus, Oscar Magnuson, Rudolph Purpus, Lyle Melanson, Emery Cotters, Paul Aubert, Russel Fiscus, Lena Murphy and Heien Aubert.

**Astoria Port Men Report**

Returning from a tour of inspection and investigation up the Columbia river as far as The Dalles, R. D. Pinneo, traffic manager, and R. R. Bartlett, port manager, of the Port Astoria, declared that conditions were most favorable to the operation of a river steamboat line from The Dalles to Astoria for the purpose of affording the wheat growers of the Snake river basin relief from the differential laid against their shipments to Astoria.

The port officials visited all points along the river and made definite arrangements for vessels to go into the service as soon as the new crop of wheat becomes available for shipment. They found adequate landing facilities and secured rates on the steamboats which, it is declared, will not only be cheaper than the present rail rates to tide water, but below those now existing to any port from whence grain can be shipped on ocean going vessels.

**Dog Tax Due**

City Marshal William Hart warns all citizens owning dogs that the season's license fee—\$3 for males and \$5 for females, is now due. Owners are advised to visit the city hall and pay the license fees to avoid impounding of dogs.

**Lumbago**

This is a rheumatism of the muscles of the back. It comes on suddenly and is quite painful. Every movement aggravates the disease. Go to bed, keep quiet and have Chamberlain's Liniment applied and a quick recovery may be expected. Mrs. F. J. Dann, Brockport, N. Y., writes: "I can honestly say that Chamberlain's Liniment cured me of lumbago a year ago last summer. When I began using it, I was flat on my back in bed and could not turn to the left or right. I had a bottle of Chamberlain's Liniment in the house and this was applied to my back. It promptly drove away the pains and aches."

"I had an awful case of stomach trouble, and today weigh a hundred and fifteen pounds. My gratitude to this great medicine is unbounded." "Tanlac is sold by all good druggists."
