## ENGINEER KIRBY MAKES BIG GAIN IN SHORT TIME

"Tanlac is the Greatest Builder I Have Ever Seen," He States—Is Now 25 Pounds Heavier and is Really Better Than in Years.

"I have gained twenty-five pounds since taking Tanlac and for the first time in over a year I can eat whatever I want without suffering afterwards," declared C. R. Kirby, 394 Salmon St., Portland, Oregon, a popular locomotive engineer.

"My stomach went back on me and I fell off in weight until I hardly had strength enough to work. Sourness and gas on my stomach made it impossible for me to get a long breath and I would often have bilious attacks lasting several days and I would get so nauseated that I became deathly sick. Constipation bothered me and at times I had terrible headaches.

"Tanlac did more for me than I thought any medicine could possibly do. My stomach never bothers me, the other troubles have gone and I'm now feeling and working better than in years. Tanlac is the greatest builder I've ever seen."

Tanlac is sold by all good druggists.

## Slabwood

Order now while you can get your hauling done cheaply and your wood will have time to dry before winter. We can supply your needs at once or later on.

Also sawdust can be had for the hauling.

And don't forget you can get flume lumber, dimensions, timbers, etc. on a few minutes notice.

## The best of them burn

Even the car in the finest home garage is never safe from a real danger of fire. You insure your home, but how many people neglect to have a policy written covering both car and garage. As a matter of fact the majority of garages are not even of fire-resistant construction, and the oil, gasoline and electric wiring in the car form a dangerous fire hazard.

## APPLE MEET INVITATIONS ARE MAILED

The general committee of Northwest fruit shippers in charge of preparations for the annual convention of the International Apple Shippers' Association have just mailed to all parts of the nation an invitation booklet to members of the organization. The booklet carries but two photographs. The entire first page is devoted to a color reproduction of a scene on the Columbia River Highway, a scenic attraction of Portland, as is stated in the caption. The other is a pictorial reproduction of Mount Rainier as seen from Mirror Lake. F. F. Clark is a member of the committee.

The invitation carries some interesting statistics, showing that Oregon, Washington and Idaho last year produced a third of the nation's apple tonnage, and that the fruit crops of the three states reached a value of \$100,000,000. The three states are reputed to have 25,000,000 apple trees.

Apple shippers are urged to visit the land with pre-arranged plans for a general vacation, the invitation assuring them of "Western Hospitality." The booklet carries a map showing all apple districts and neighboring points of scenic attraction and how they may be reached by rail or motor roads.

The apple buyers are planning to come west from Chicago by special train, which will stop at Wenatchee, Yakima and Spokane. Following the convention provisions will be made for calls at the mid-Columbia districts of Oregon and Washington and the southern Oregon sections.

## STONER PLACE IN NEW OIL FIELD

Mr. and Mrs. Leon M. Stoner, whose little acre and a half suburban home is located in the new Signal Hill oil district on the outskirts of Long Beach, Calif., have leased their property to the Temescal Oil Co., which is putting down a well there. Mrs. Stoner was formerly Miss De Witt, daughter of Mr. and Mrs. H. C. Deitz, of this city. Her husband was formerly a resident of the Oak Grove district.

Romantic tales of riches that have poured into the laps of residents of the Signal Hill district have been numerous, but none of them have surpassed that of Mr. and Mrs. Stoner. According to letters to Mr. and Mrs. Deitz, the Stoners are moving their little bungalow home. Steam from the exhaust pipes of a derrick has been blowing into the bedroom of the little home. The new oil company, also wants the site of the home for storage tanks. The Long Beach Daily Telegram, in a story on the good fortune of the Stoners, says:

"The Stoners haven't quite become accustomed to their good fortune as yet.

"Mr. Stoner is a painter by trade. In March, 1921, he traded his house and lot near to the heart of the city for his suburban half-acre, the deal involving a total of \$4,500. Today the little tract is in the center of the newly proven oil district. A well, producing 1,200 barrels a day is but a short distance away.

"The Stoners' land is worth approximately \$100,000, and they are going to move their little \$1,000 home. There is a certain sentiment about a home which all the riches in the world cannot take away. The sudden wealth has not taken the sentiment out of the hearts of Mr. and Mrs. Stoner. They agree with Edgar A. Guest when he wrote his famous poem, 'It takes a heap o' living to make a house a home.'"

Warning to Soda Merchants  
The Revenue Act provides that every person, firm, or estate engaged in the manufacture of soft drinks, syrup, carbonated and other beverages must register with the Collector of Internal Revenue and obtain a certificate of registration, which is to be kept conspicuously posted. Failure to register and keep the certificate posted renders the taxpayer liable to penalty of \$1,000.

This law became effective on January 1, 1922, and everyone who registered at that time for the fiscal year ending on June 30, 1922, is required to register on or before July 1, 1922, the fiscal year ending on June 30, 1923. Collector Clyde G. Huntley states that blanks and instructions for this purpose were sent out by his office on May 31. He announces that up to this time not more than one-half of the taxpayers have applied for re-registration. Unless those who have not already applied do so not later than July 1, they will incur penalty provided by law.

Pre-School Clinic Called  
A clinic for pre-school children will be held at the Hood River Library Tuesday, July 11, at 1 p. m. These clinics or conferences are for the purpose of diagnosis and for the instruction of the mothers where necessary in the care and feeding of children. There is no charge made for any advice received and all mothers are invited to bring their children.

Elizabeth Campbell,  
Hood River Public Health Nurse.

67,640 Pay Income Tax  
The number of Federal personal income tax returns for the calendar year ended December 31, 1921, filed in Oregon was 67,640, representing net income amounting to \$193,652,281 and tax, normal tax and surtax, of \$6,649,011.

As compared with 1921, the above figures show a growth of 17,977 in returns filed, as well as an increase in the total net income amounting to 2,741,675 but a decrease in the tax of 1,683,426.

Jordan Increases Acreage  
Dan W. Jordan, of Parkdale, has purchased from C. M. Uptegrove the latter's 30-acre orchard place in the Mt. Hood section. Mr. Jordan now owns 90 acres of trees. He states that he plans to set an additional acreage to apples and pears next spring.

Before you buy an automobile you should see the new Studebaker at the Cameron Motor Co. m41f

Chamberlain's Colic and Diarrhoea Remedy  
Every family should keep this preparation at hand during the hot of the summer months. It is almost sure to be needed, and when that time comes, is worth many times its cost. Buy it now.

Are you proud of your town. Then clean up and paint up your own property and thus help to uphold the high standard. If it is paint material, we have it. Emory Lumber & Fuel Co. Tel. 2181. a2741

## THE BEGINNINGS OF OREGON INDUSTRY

Even before the days of the California gold fever, pioneers began to build the industrial prestige of Oregon through the establishment of crude manufacturing plants. Among the first were sawmills and gristmills but an outstanding development was the opening of a tannery in Portland in 1846.

This tannery was started by David H. Lowndale and bore the distinction of being the first plant of its kind north of Mexico and in all the territory west of the Rocky Mountains.

Mr. Lowndale selected the site for the tannery about one mile back in the forest where today Multnomah Athletic Field is situated. After two years he sold his industry to two newcomers who in turn sold the plant to A. N. King, who manufactured leather at the site for 20 years.

The establishment of this mill was one of the factors in the development of the state. Prior to the time it was started residents of the Oregon country tanned their own deer and cow hides. During the first few years of its operation the owners accepted hides, wheat and other products of the territory in payment for the tannery work.

Catholics Have Picnic at Lava Beds  
Following a celebration of mass at the Parkdale Catholic church at 10 o'clock Sunday, when a class of five children made their first Holy Communion, the parishioners, joined by a number of local folk, who motored to the Upper Valley for the day, participated in a picnic at the Lava Beds park. The mass was said by Father Francis, who has charge of missions of this county and Klickitat and Skamania counties, Washington.

The Home of the Soul  
In olden times, it was believed that the seat of the soul was the stomach, most likely for the reason that a man is never so completely used up as when his stomach is out of order. For the cure of ordinary stomach troubles, there is nothing quite so prompt and satisfactory as Chamberlain's Tablets. They strengthen the stomach and enable it to perform its functions naturally. Give them a trial. They only cost a quarter.

## An extra measure of power with every gallon drawn from this pump,

Gasoline, mixed with air, makes gas, and gas makes power.

How much power depends primarily upon how completely the gasoline vaporizes in the carburetor.

"Red Crown" vaporizes 100 per cent. Every atom mixes with many times its weight of air and combusts cleanly and powerfully, leaving a minimum of carbon residue on spark plugs, valves and cylinder heads.

That's why you get more power and mileage and a sweeter-running motor when you use "Red Crown."

Fill at the Red Crown pump—at Standard Oil Service Stations, at garages and at other dealers.

STANDARD OIL COMPANY (California)

The Gasoline of QUALITY
