The Charles Hall contest for the gubernatorial candidacy fizzled to a complete anti-climax last week, and Monday attorneys representing the Hall, Public Defense and Ku Klux Klan interests dropped further legal proceedings. The recent activity proved a boot-errand and Governor Olcott ended with considerably more votes than he had when he started. The most serious of all election board inconsistencies, discovered in a Portland precinct, favored Hall rather than Olcott. In the main the investigation proved that Oregon elections were conducted fairly. The few mistakes found appeared for the most part to be honest and not willful. The contest has simmered down now to the point where Oregonians and political observers from other states are considering it as nothing more than a huge political joke.

California would be glad to have an Oregon rain now to put out forest fires.

NO ACTION TAKEN HERE ON STRIKE

Although the Apple Growers Association and Commercial club Tuesday received an appeal from the fruit growers of Wenatchee district for cooperative effort in bringing pressure to bear on national bodies for ending the railroad strike, no action has been taken here. The Commercial club has passed the matter to the directors of the Association, which, according to A. W. Stone, is studying the railroad problem from all angles.

Local shipper declare that the most serious effects of the strike situation has developed from a box car shortage, making it impossible for box manufacturers to deliver shooks. The Mosier district yesterday also reported a serious shortage of boxes.

Local shippers declare that the large storage facilities and water outlet for fruit shipments put the mid-Columbia fruit sections in better position to weather a general strike than any other northwestern orchard district. Growers, however, say that they will lend their full cooperation in appeals for relief.

CO. C NOTES

Following their regular drill Monday night members of Co. C made an attack on a heap of luscious watermelons from The Dalles. An official bulletin issued by Lieut. Harold Blackman is to the effect that they penetrated the lines until the guardsmen were exhausted by satiety.

The guardsmen spent their time receiving instructions on handling the Springfield and Browning automatic rifles. At their meeting next week the company will effect an organization for handling social events and all other non-military activities of the company. Officers will be elected. The company is planning a number of social features this winter.

THIRD ROUND OF TENNIS GAMES ON

In the Hood River county tennis tournament for the Laraway trophy eight players out of the 28 entries have reached the third rounds, as follows: E. C. Smith by a default and the defeat of Ray Sinclair; Truman Loving by defeating W. R. Woolpert and John Annala; E. C. Graves by defeating Carl Epping and Jesse Crites; Harry DeWitt by defeating C. Wertgen and Sidney Babson; Berkeley Snow by defeating Ray Acheson and Frank Cram; A. B. Bennett by two defaults; Eino Annala by defeating C. J. Gordon and Armas Jaku; and J. R. Norton by defeating Pat Riley and Harold Herstein.

In the first round there were two close matches. John Annala defeated J. H. Hazlett 5-7, 6-4, 6-3 and Herberne defeated Chas. Bowe 6-4, 4-6, 7-5. In the second round Smith and Sinclair fought three long sets ending in favor of Smith 4-6, 6-4, 10-8.

The third round started with a bang Tuesday when Lovin and Smith fought the hardest match of the tournament to date. Lovin, after losing the first set 7-9, finally took the second set 8-6, and the last 6-1. Several flashes of brilliant tennis characterized this match, which was replete with long duce games. This puts Lovin in the semi-finals against the winner of the DeWitt-Graves match. The winner of Snow vs. Bennett will play the winner of Eino Annala vs. Norton in the other half of the semi-finals. The semi-finals will probably be played Friday.

DR. E. T. HULL MEETS WITH TRAGIC DEATH

Preparations for a hunt were fatal Tuesday to Dr. E. T. Hull, whose body was found that night in his garage. Dr. Hull, who had a host of friends because of his cheerful disposition, had been in ill health lately, having suffered fainting spells. Friends had recently prevailed on him to join them Sunday for a hunting trip, anticipating that the outdoor recreation would benefit his health.

The position of Dr. Hull's body according to Coroner Sifton who made an investigation indicated that he had been seized with a fainting spell and had placed the gun, muzzle-up in front of him to steady himself.

Dr. Hull was 46 years old and a native of Wisconsin, where he formerly was a dentist. He is survived by his wife and two daughters, Dorothy and Gladys.

MRS. H. H. CULP SUC-CUMBS TO INJURIES

Injuries sustained three weeks earlier, when she was dragged through a pasture by a cow, caused the death Monday of Mrs. H. H. Culp, aged 27 years, of the Frankton district. The body was sent to Glenville, Neb., last night for interment at the old family cemetery. Funeral services will be held Sunday. The fatal accident resulted from playfulness of the cow. Mrs. Culp was leading her from the pasture, a small ring of the picket chain on one of her fingers. The ring caught her hand as she stumbled over a large rock. The cow became frightened and she was dragged for some distance over boulders, sustaining internal injuries.

In addition to her husband Mrs. Culp is survived by two small children, a boy aged 2 and a girl, 3. Two sisters, Misses Mary and Emma Lobeda, and her parents, Mr. and Mrs. Chris Lobeda, had been here with Mrs. Culp. Five other sisters and three brothers survive.

Deer season will open Sunday. Next week's newspapers will carry obituary notices of many hunters.

LEGION PARTY EXPLORES HOOD

(Continued from First Page.)

waters, with good intentions. She had treated us kindly, although there had been a hundred ways she might have slain us all. An avalanche might have crashed or a rock slide might have been sent tumbling upon us.

"But we had eaten and slept on her top, her sides and at her feet. We certainly felt better acquainted after that night on her summit. We had, perhaps, grown a little too insensible of her might as a result of our over-familiarity during those days of calm. The old peak was determined to send us on our way feeling a little more reverence for her hoary sides and with a greater respect for the might of her grandeur. The whiplash of a gale, driving storm clouds around the snow peak, the boom of thunder, the darkness brought on by an overcast sky and the everlasting accompaniment of the wind's roar in the forest, all of this made a picture that we will not forget."

Ladders For Rough Ground

Hardie ladders are built for use in orchards where the conditions are such that only the best equipment can withstand the strain and hard usage to which they are subjected. An extra wide base and special strong construction are used. Bennett Brothers. a10f

WHY SUFFER SO?

Why suffer from a bad back, from sharp, shooting twinges, headaches, dizziness and distressing urinary ills? Hood River people recommend Doan's Kidney Pills. Ask your neighbor! Could you ask for stronger proof of merit? Mrs. M. A. Douglas, 14th and C streets, Hood River, says: "It has been several years since I have had occasion to take a kidney medicine, but speaking from past experience I know Doan's Kidney Pills are all they are claimed to be. I was subject to attacks. During this trouble with my back, my kidneys were irregular and I felt generally depressed and had no ambition. Two boxes of Doan's made me feel like a different person as the misery in my back stopped and my kidneys have never caused me any trouble since." (Statement given May 4, 1916.)

On May 3, 1920, Mrs. Douglas added: "Doan's Kidney Pills always help me when my kidneys get out of order so I will always recommend them." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Douglas had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.
