

PERSONAL SHOPPING

Personal shopping has advantages over ordering from the home. Some think only of the trouble, but they have a change of mind after they try personal shopping on account of the savings. It's enjoyable, brightens up the week like those big red apples brighten up the sideboard—gives the table a touch which the home shopper misses.

How Many Will Give One Dollar?

WALTER M. PIERCE is making a gallant fight, almost single handed, to be elected Governor of Oregon. He has no funds to pay the expenses of his campaign.

The issue he makes is Reduced Taxes, and he promises, if elected, to use every power vested in the Governor to lessen the taxation that now rests so heavily upon the backs of the people.

No powerful corporations are behind Pierce; nobody but the plain people. His election depends upon them alone. Don't you feel it your duty to help him in his worthy fight by contributing One Dollar to his expenses? It isn't much for any one to give, but there are many plain people, and if you help a little the battle will be won. It will make a clean campaign and elect a clean man.

Please send YOUR dollar today, together with your name and address, and the contribution will be acknowledged by return mail.

Putting Pierce in means putting your taxes down!

NORTHWEST IS A MAGNET, SAYS CREW

C. C. Crew, who has just returned from a trip through the middle west and Canadian points, says the campaign of publicity waged for the 1922 Portland fair has attracted a wide-spread attention to the Northwest. "I find that the Columbia River Highway, the Columbia Gorge Scenic and Portland are well known throughout the grain belt," says Mr. Crew, "and without exception every family is saving up money for an automobile trip out here. Although the corn crop of Iowa and Kansas is pretty good this year, finances are slow in those districts. The sameness of climate and unattractiveness of scenery are causing many ranchers to look toward the Northwest with longing." "Up in Canada I find the wheat ranchers engaged in a wonderful harvest. Their crops will yield from 20 to 50 bushels per acre, although they will not get over 75 cents per bushel at the elevators. The Canadians just like their American cousins, are all eagerly looking forward to the time when they can come out on a visit.

Mr. Crew visited relatives in Kansas and then proceeded to Imperial, Siskiyou, where Mrs. Crew and children are visiting her mother. They will return to Hood River later. An editor of a Kansas paper, an old tillicum of Mr. Crew, penned the following during the week of his visit:

"Charles Crew, a native son of Manakato, who has been in California and Oregon for a number of years, and now living at Hood River, Oregon, is here for a few days' visit. That big-eyed, smiling, happy and genial countenance of Charles Crew looks mighty good to the temporary 'smelling committee' of the Advocate. It recalls the days of Jim Crew, Deacon Metz, Sam Peters, Tommy Chapman, Tribby Austin, Kid and Sandy Riemon, Charlie Glick, Bert and Charlie McRoberts, Harry Trump and a number of others who made up the boy crowd of—we don't believe we'll say how many years ago. Those were the days when God Fellows knew how to have fun without having to burn up a lot of gas. Wouldn't it be a wonderful time if we could get the old gang together again? Would there be something doing? Yes, Boy! Wish we could gather down at Jimmie Austin's barn and roast just one more hen, or 'tend a meeting of the old High School Literary Society. Those were the glad times, but the tears come to our eyes and a lump in our throat, for there are many sad thoughts connected with those old days, and the only consolation we have is in the thought that when the day of final reckoning comes and the Court of Last Resort sits in final judgment, the old crowd may get together again."

CHARIVARI PARTY TO BE INVESTIGATED

As the result of action of District Attorney Baker Monday, when the trial of George Robert and Ed Phelps, arrested on a charge of trespass because of alleged participation in a recent charivari at the home of a newlywed Belmont couple, the matter will be transferred to the grand jury, which will meet November 1. Twenty-five other young men of the neighborhood announced that they were participants in the charivari and that they were equally guilty with those placed under arrest. They demanded that they also be made defendants.

While the charge was made that the men engaged in the charivari knocked apples from trees and engaged in other acts of violence, the charivari party declares that its activities were limited to innocent fun.

WOMEN'S CLUB NEWS

A comprehensive outline of plans of the Hood River Woman's Club was announced last week by Mrs. J. E. Ferguson, president of the organization, at the initial meeting of the season. Two piano solos were rendered by Miss Gladys Miller, and Mrs. Frank Glibert gave two vocal solos. A luncheon of cake, ice cream and coffee was served by a committee headed by Mrs. A. S. Keir. Library hall, where the club women hold their sessions, was decorated in green and gold. Mrs. E. H. Hartwig had charge of the decorations. The club's next meeting will be held Wednesday, October 11, when Mrs. William Munroe will tell of a tour of Europe the past summer.

At the recent annual meeting of the Underwood Woman's Club officers were elected for the ensuing year as follows: Mrs. H. A. Hussey, president; Mrs. R. H. Haselton, vice-president; and Mrs. P. L. Packard, secretary-treasurer. The meeting was held at the home of Mrs. Haselton, who was assisted in serving refreshments by Misses Dorothy Hall and Mildred Smith.

PHOENIX CAMP NOTES

DIVORCE IS SCORED BY JUDGE KANZLER

In an address under auspices of the Sunday Evening Club of Riverside Community church Sunday night, Judge Jacob Kanzler, who presides over the Multnomah County Court of Domestic Relations, strongly scored divorce, declaring that 90 per cent of the 2,200 children who pass through his court annually are the product of broken homes. He characterized the ease with which divorce decrees can be secured as one of the worst evils of the times. He cited that frequently poor people, after securing an easy divorce, remarry, and bring about a double overhead expense in their homes by duplication of families. Too often, he declared, some of the children, uncared for at home, become wards of the state.

Judge Kanzler also touched on the feeble minded. He urged legislation that would give the state 100 per cent supervision of feeble minded throughout their lives. He declared that 60 per cent of the subnormals can be rendered useful by special education.

Judge Kanzler declared that those presiding over such courts as his must be guided by three principles, brains, heart and common sense. No child, he said, is ever judged in a technical sense. He declared that the children, within a few minutes after their arrival in his court in nearly all instances tell him what they have done and make a clean breast of their transgressions.

"It is our aim," said Judge Kanzler, "to get at the reason and cause of the delinquencies. We are more concerned with the guilt or innocence of the youngster. We want to apply some cure. We will not tolerate the name juvenile court. It is a misnomer. The responsibility for children's crimes rests upon adults."

The spirit of fairness, as shown by Judge Kanzler in his address, impressed the audience as much as the sincerity and appeal of the speech itself. The meeting was declared one of the most impressive ever held by the Sunday Evening Club. Many citizens, following the address, gathered to discuss problems with Judge Kanzler.

The Court of Domestic Relations, as Judge Kanzler cited Sunday night, is not open to the public. The unfortunate who are brought before him are escorted into a kind of reception room, where in privacy they unfold to him their stories.

Next Sunday evening Rev. Boddy will give an evening sermon address. The meeting of last Sunday night was made interesting by songs of children under direction of Mrs. Henney.
