**HEIGHTS TIRE SHOP**

HOOD RIVER, OREGON

Make sure your trucks are operating full time. The truck that's moving is the truck that's paying. Go over your tires, for hauling efficiency is dependent on proper tire equipment.

Firestone Truck Tires are built in types to meet all trucking conditions—light delivery service, medium and heavy duty hauling.

Their extra resilience gives the maximum protection against the constant battering of

road-impacts that endanger truck mechanism. They cushion loads over the roughest going.

They are Most Miles per Dollar Tires—that have held the respect and endorsement of users since the beginning of motor transport.

Recent Firestone developments along these lines are worth your knowing about. It will mean not only lower costs, but better, more reliable service.

**The Firestone Truck Type Cord**

Its carcass of gum-clipped cords is the strongest that can be built. The broad, flat tread gives a more effective road grip. The tough, flexible tread stock extends from bead to bead and protects against rut-wear.

**Batten's Delicious Large**  
E. F. Batten, East Side orchardist, has picked a remarkable crop of Delicious apples the past week. Twelve-year old trees on his place averaged 20 boxes of fruit, the apples running to the 64 size to the box. While young trees frequently bear apples of this size, it is rare that Delicious trees of the adult age yield apples sizing so large. Specimens of the huge apples are on display at the Butler Bank.

**DR. THRANE WARNS AGAINST BAD COLDS**

Dr. M. Thrane, chairman of the Tuesday Lunch Club at its weekly meeting at the Columbia Gorge Hotel, declared that bad colds were the beginning of more human ills than any other disorders. He warned parents to take care of children when they developed colds. All children who had adenoids, he said, should have them removed. Dr. Thrane praised the work of the county health nurse, declaring that her inspections in schools would result in a minimum of colds. Dr. Thrane urged all local folk to attend the Portland Health exposition. He declared that physicians were now more and more practicing methods of preventing diseases.

Two guests vied with each other in paying pretty compliments to the valley. C. S. Miller, guest of K. W. Sinclair, declared that if he had his choice of but five years to live and could spend them in the Hood River Valley, he would prefer them to 100 years back east.

W. H. Galvani, official of the Pacific Power & Light Co., who remarked that he first came to the community 40 years ago while with the old O. R. & N. Co., declared that he had no regrets in not remaining and hooking on to some wonderful town or valley property. He praised the builder of the hostelry for his pioneering in such enterprise, declaring that structure something of which the entire state is proud. Other guests present included: L. E. David, of Seattle; W. J. Cody, of Portland; H. W. Whitely, of Dee, and Leon Foust.

The meeting was enlivened by musical numbers by Miss Sara Howes, pianist, and C. K. Benton, violinist.

**PRICE OF \$12 PER TON ON CANNERS**

Movement of canning apples from here to The Dalles was begun Monday. The Libby, McNeil & Libby Company, according to Geo. Gibson, the concern's field agent, will probably purchase from 1,200 to 1,500 tons of canning fruit here this season. The apples must be 2 1/2 inches in diameter or larger. A price of \$12 per ton has been established.

**GUN CLUB NEWS**

(By H. S. Dumbolton)  
Five of the scatter gun experts went to eastern Oregon on a duck and goose hunt, which greatly reduced the ranks of the trap shooters last Sunday. Only three contenders were present to compete for the Pooley rifle, but those who were present had a good time, and made good scores in spite of the fact that it was a dark day and the targets were hard to see. Shooting at 25 targets the scores in the Pooley contest are as follows:

	Hdp	Broke	Per Ct
Dumbolton	0	24	96
Button	0	24	96
Peters	6	13	76

The next regular shoot will be held on the 15th of the month, there being no regular shoot next Sunday.

Don't forget our pheasant feed at the Columbia Gorge Hotel the last of this month, nor our rousing old time Thanksgiving turkey shoot the 19th of November.

**Check Artist Hits Town**

Local service stations discovered through bank clearances Monday that they were fleeced the day before by a clever bad check artist, who gave the name of R. Wilson, passing checks forged on C. A. Reed, prominent East Side grower. The victims are able to give only meagre description of the man, who in each instance tendered a check for \$15.00 in payment for a small purchase of gasoline.
