UPPER VALLEY TUBERS GOOD QUALITY

While the quality of the Upper Valley potato crop is excellent this season, according to J. F. Thompson, Parkdale grower, the tonnage of this year will be cut 50 per cent under that of last year. The crop last year reached around 30 carloads. Mr. Thompson says that growers at present are not being offered any flattering prices for their product, the market now being at 80 cents per bushel. Upper Valley tubers, however, are always in strong demand during the spring months for seed by California growers, and ranchers are expected to hold their crop for this better price.

Mr. Thompson says that Upper Valley ranchers who have alfalfa fields are prosperous. The hay crop of the Upper Valley was the finest ever harvested, growers having cured their alfalfa during ideal weather. Hay is bringing \$25 per ton on the ranch.

Boy Hurt Under Wagon

Johnny, eight year old son of William Barney, narrowly escaped death Saturday when he fell under an orchard truck. His collar bone was broken and a four-inch gash was cut in his scalp. Apple harvest help did not know the boy was playing on the truck. His screams warned the driver and the rig was quickly stopped, preventing further and probably more serious injuries.

SCHOOL NEWS

Last Saturday the high school football team met the strong team from Franklin, Ill., of Portland, on Gibson field. The teams were quite evenly matched and played a good game from start to finish. Neither team had scored when within two minutes of the end of the fourth quarter, Clifford Greene, Hood River quarterback, made a drop kick from the 30-yard line, scoring three points. Greene and Slaven were local stars but all players of both teams played a hard game.

Next Friday Coach Keeney will take his men to Gresham to play the Union High team there. A week later they will meet Stevenson here.

Last Friday all the high school classes effected organizations for the current year and elected officers. The Juniors started the mascot work by nominating a staff.

Mrs. Haxby, the librarian, gave a very interesting and instructive talk at the high school assembly Tuesday of last week, by demonstrating to the pupils how to use the library to secure the better results. After assembly the student body met and elected Dick Ford yell leader for the year.

By a state school law all school children, both grade and high school, are required to take physical training for at least 90 minutes per week. In the grade schools this is given in two 10-minute periods daily. In the high school two 45-minute periods per week are given to all pupils, the girls under the direction of Miss Helen Carson, and the boys by H. G. Keeney, physical director and coach.
